

BEFORE THE OFFICE OF THE COMMISSIONER OF RAILROADS

STATE OF WISCONSIN

On the Commissioner's Own Motion for a Determination of the Adequacy of Warning Devices at the Grade Crossing of the Union Pacific Railroad Co. Tracks with STH 67 in the Town of Sharon, Walworth County

9040-RX-1136

SECOND SUPPLEMENTAL ORDER

On January 21, 2004, the Office of the Commissioner of Railroads (OCR) issued an order that required the installation of cantilevered 12" LED automatic flashing lights with gates and constant warning time circuitry at the public crossing of the Union Pacific Railroad Co. (UP) tracks with STH 67 in the Town of Sharon, Walworth County by **December 31, 2005** (Crossing No.177 027A / MP 71.71). On August 18, 2004, the Commissioner issued a Supplemental Order that deleted the requirement for cantilevered signals and required the installation of mast-mounted signals instead.

By letter dated February 11, 2005, the UP requested that the deadline be extended to June 30, 2006. The Commissioner finds the request to be reasonable.

THEREFORE, IT IS ORDERED,

1. That the **Union Pacific Railroad Co.** shall install and maintain **mast-mounted** 12" LED automatic flashing lights with gates, and constant warning time circuitry with appropriate appurtenances in accordance with such plans as are filed with and approved by the Office of the Commissioner of Railroads at the crossing of its tracks with STH 67 at-grade in the Town of Sharon, Walworth County by **June 30, 2006** (Crossing No.177 027A / MP 71.71).

2. That jurisdiction is retained.

Dated at Madison, Wisconsin, _____.

By the Office of the Commissioner of Railroads.
