Attention: Mr. Greg Buentzli

Gentlemen:

Re: North Western Employees Transportation  
Corporation

We enclose for filing the Certificate of Incorporation and all Amendments thereto of the above named corporation, certified by the Secretary of State of the State of Delaware, together with a Delaware Certificate of Good Standing. Also enclosed is our firm check for \$50.00 to cover the filing fee.

Last March we met in your office to discuss the procedure to be followed for the qualification of this Delaware corporation in Wisconsin. The purposes of the corporation, as set forth in Paragraph 3 in the enclosed Certificate of Incorporation, are:

- i. any and all aspects of the business of transportation (whether by land, water, or air, or by railroad, motor vehicle, pipe line or any other means) of freight passengers, mail, express, baggage and other property; and
- ii. any lawful act or activity for which corporations may be organized under the general Corporation Law of Delaware."

In that connection, we advised you that the corporation had been formed with a principal objective of obtaining and operating the railroad presently being operated by the Chicago And North Western Railway Company, a Wisconsin corporation.

Our initial question at our meeting was whether we should follow the procedure set forth in Chapter 180 for the qualification of a foreign corporation. You pointed out that Section 180.02 (2) defines a foreign corporation as a corporation organized otherwise than under the laws of Wisconsin, except a railroad corporation. It was your opinion that the corporation in question qualified as a railroad corporation and would not, therefore, be subject to the provisions of Chapter 180 on the admission of foreign corporations.

Based upon past practice of your office in handling railroad corporations and your interpretation of the Wisconsin statutes, you advised us that the only requirement of the North Western Employees Transportation Corporation for qualification in Wisconsin was the filing of a certified copy of its Certificate of Incorporation.

We so advised North Western Employees Transportation Corporation and it has acted accordingly. As a result we are presenting today these documents for filing. At our earlier meeting you recalled that you had issued a certificate of some sort to another railroad corporation upon its following a similar procedure. You were of the opinion that a certificate could be issued to North Western Employees Transportation Corporation. We would appreciate your issuing such a certificate and sending it to our office for transmittal to North Western Employees Transportation Corporation.

Very truly yours,

ARTICLE ONE

DEFINITIONS

SECTION 1. All terms defined in the Mortgage when used in this Assumption Agreement and Seventh Supplemental Indenture shall, unless otherwise defined herein or the context otherwise requires, have the meanings given to such terms in the Mortgage.

ARTICLE TWO

ASSUMPTION BY AND SUBSTITUTION OF NORTH WESTERN

SECTION 2. Subject to the provisions of this Assumption Agreement and Seventh Supplemental Indenture, North Western Transportation shall succeed to and be substituted for the Original Mortgagor with the same force and effect as if North Western Transportation had been named in and had executed the Mortgage as the party of the first part thereto, and shall have and possess and may exercise, subject to the terms and conditions of the Assumed Mortgage, each and every power, authority and right therein reserved to or conferred upon the Original Mortgagor, and subject to the provisions of this Assumption Agreement and Seventh Supplemental Indenture, the term "Railway Company" includes and means, for every purpose of the Assumed Mortgage, including the execution, issue and use of any and all Bonds issued or issuable thereunder, not only the Original Mortgagor, but also North Western Transportation.

SECTION 2. SECTION 4. North Western Transportation covenants to keep the mortgaged property, so far as practicable, readily identifiable; and stipulates that the Trustee shall not be taken impliedly to waive, by accepting and joining in this Assumption Agreement and Seventh Supplemental Indenture, any rights it would otherwise have.

#### ARTICLE FOUR

The recitals contained in this Assumption Agreement and Seventh Supplemental Indenture shall be taken as the statements of North Western Transportation alone and the Trustee assumes no responsibility for the correctness thereof. All Bonds issued by North Western Transportation shall in all respects have the same legal rank and security as the Bonds heretofore issued in accordance with the terms of the Mortgage by the Original Mortgagor. Changes in phraseology and form (but not in substance) may be made in the Bonds and coupons hereafter to be issued, if the Trustee shall so request, as may be appropriate to reflect the Sale.

BUT NEVERTHELESS as security for, and in order to enforce, the payment and performance by Company of all and singular the Secured Obligations, up to the aggregate amount of \$400,000,000 and interest thereon, which have or shall become due and payable, whether by acceleration of maturity or otherwise, on or before January 1, 1989, and for the enforcement of and compliance with the covenants, agreements and conditions contained in this Mortgage and Security Agreement;

## ARTICLE II

### COVENANTS OF COMPANY

SECTION 2.01. Compliance with Sale Agreement. Company agrees that it will duly and punctually perform, when due, all of its agreements and obligations under or pursuant to the Sale Agreement, and will cause each Subsidiary of Company designated pursuant to the Sale Agreement, to duly and punctually perform, when due, all of its agreements and obligations pursuant to the Sale Agreement. Nothing contained in this Mortgage and Security Agreement is intended in any way to authorize, or shall in any way authorize, Company or any Subsidiary of Company to take or permit to be taken any action which would involve the breach of any covenant or agreement on the part of Company or any Subsidiary of Company under or pursuant to the Sale Agreement.

SECTION 2.02. Covenant Against Liens. Company agrees that it will not voluntarily create, or suffer to be created or to arise, any lien, charge or security interest, other than Permitted Encumbrances, having priority to or preference over, or on an equality to or parity with, the lien and security interest of this Mortgage and Security Agreement upon the Mortgaged Property or any part thereof.

42

SECTION 2.03. Amendment of Existing Permitted Encumbrances. Company agrees that it will not take any action with respect to any Permitted Encumbrance existing on the date hereof, so as to increase the lien or security interest thereof or the amount of indebtedness liability or obligation secured thereby, except to the extent, if any, that Company is obligated on the date hereof to take such action or unless such action, if it were separately and independently taken after the date hereof, would result in the creation of a Permitted Encumbrance; provided, however, the foregoing shall not prevent any supplement to the North Western First Mortgage, specifically permitted by clause (a) of the definition of Permitted Encumbrances.

SECTION 2.04. Further Assurances. Company agrees that it will execute and deliver to Mortgagee such instruments (including financing statements) as Mortgagee may from time to time reasonably request for the purpose of evidencing, confirming, perfecting or continuing in effect any lien or security interest granted or intended to be granted hereunder.

### ARTICLE III PLEDGED SECURITIES

SECTION 3.01. Action to Effect Pledge. Company agrees that it will promptly take such action as Mortgagee may from time to time request, which in the opinion of independent counsel for Mortgagee is necessary and desirable in order to effectively pledge and subject to the lien and security interest of this Mortgage and Security Agreement, all shares of stock, and all proprietary interest and all evidences of indebtedness directly owned by Company or in all Subsidiaries of Company, or such thereof as may be specified in such request; provided, however, that Company shall not be required to take any such action which in the opinion of independent counsel for Company would involve the breach by Company of any covenant or agreement with respect to any Permitted Encumbrance. In the event any action pursuant to this Section shall involve the breach by Company of any covenant or agreement with respect to any Permitted Encumbrance created after such action, Mortgagee will take such action as Company may from time to time reasonably request which in the opinion of independent counsel for Company is necessary in order to avoid such breach.

SECTION 3.02. Rights of Company. So long as no Event of Default shall have occurred and be continuing, Company shall be entitled, as against Mortgagee, to exercise all rights of ownership (including any voting rights) with respect to all shares of stock, proprietary interests and evidences of indebtedness at the time subject to the lien and security interest of this Mortgage and Security Agreement and to receive all dividends, distributions and other payments of every character thereon or with respect thereto.

### ARTICLE IV POSSESSION, USE AND RELEASE OF MORTGAGED PROPERTY

SECTION 4.01. Possession and Use of Mortgaged Property by Company. While Company shall remain in possession of the Mortgaged Property or any part thereof, it shall be entitled, as against Mortgagee, to manage, operate, use, enjoy and be suffered and permitted to remain in the actual and undisturbed possession of all and singular the Mortgaged Property and to receive, take and use all rents, income, issues, tolls, profits, dividends, income and proceeds thereof.

SECTION 4.02. Releases. Any part of the Mortgaged Property which is subject to the lien of any Prior or Parity Mortgage shall, if released from the lien of such Prior or Parity Mortgage in compliance with the provisions thereof, be automatically released from the lien of this Mortgage and Security Agreement without the necessity of any accounting to Mortgagee, and Mortgagee will execute such instruments of release thereof from the lien and security interest hereunder as Company may reasonably request.

43

Any part of the Mortgaged Property which consists of real estate and is not subject to the lien of any Prior or Parity Mortgage may be released from the lien of this Mortgage and Security Agreement only under such circumstances (including compliance, insofar as practicable, with procedures) as would, if such part of the Mortgaged Property were subject to the lien of the North Western First Mortgage, accomplish the release thereof from the lien of such Mortgage under the provisions thereof in effect at the date hereof (except that any reference in such Mortgage to the Trustee shall be deemed to be to Mortgagee and except that any cash deposited with Mortgagee in connection with such release shall, if at the time no Event of Default shall have occurred and be continuing, be released to or upon the order of Company upon its request), and Mortgagee will execute such instruments of release thereof from the lien and security interest hereunder as Company may reasonably request.

Any part of the Mortgaged Property which does not consist of real estate, which is not subject to the lien of any Prior or Parity Mortgage and which is disposed of by Company to a transferee other than an Affiliate of Company shall, if at the time no Event of Default shall have occurred and be continuing, be automatically released from the lien of this Mortgage and Security Agreement without the necessity of any accounting to Mortgagee, and Mortgagee will execute such instruments of release thereof from the lien and security interest hereunder as Company may reasonably request.

For the purposes of this Section 4.02: the term "real estate" shall include any interest in real estate, any lease of real estate and any rents under any such lease; and the Omaha First Mortgage shall not be considered to be a Prior or Parity Mortgage.

### ARTICLE V CONSOLIDATION, MERGER, CONVEYANCE OR LEASE

SECTION 5.01. Consolidation, Merger, Conveyance or Lease by Company. Nothing in this Mortgage and Security Agreement shall prevent the consolidation of Company with, or the merger of Company into, any other corporation lawfully entitled to acquire the Mortgaged Property, or shall prevent any conveyance or lease, subject to the continuing lien of this Mortgage and Security Agreement, of all or substantially all of the Mortgaged Property to any such other corporation; provided however, that:

(a) Every such consolidation, merger, conveyance or lease shall be on such terms as shall fully preserve the lien and security interest of this Mortgage and Security Agreement and the rights and powers of Mortgagee hereunder.

(b) Any such lease shall be expressly made subject to immediate termination by Mortgagee, at any time upon the occurrence and during the continuance of an Event of Default.

(c) Upon any such consolidation, merger, conveyance or lease the successor corporation or the lessee corporation, as the case may be, shall expressly assume the due and punctual performance of all the terms, agreements and covenants of this mortgage and Security Agreement and of the Sale Agreement and of any writing executed pursuant to the Sale Agreement required to be kept, preserved or performed by Company.

(d) In the event of any such consolidation, merger or conveyance, the successor corporation shall, subject to the exceptions provided in Section 5.02 hereof, expressly grant and convey, as further security for the payment and performance of the Secured Obligations, and shall subject to the lien and security interest of this Mortgage and Security Agreement, all of its property and franchises then owned and which it may thereafter acquire of the character and kind which, under the terms of this Mortgage and Security Agreement, are required to be subjected to the lien and security interest hereof, all as fully as though such consolidation, merger or conveyance had not taken place and such property and franchises had been acquired by Company.

In the event of any such consolidation, merger or conveyance, the successor corporation shall cause to be executed and delivered to Mortgagee a supplemental indenture to this Mortgage and Security Agreement, confirming and evidencing the requirements of this Section 5.01, whereupon such successor

44

shall succeed to and be substituted for Company with the same force and effect as if such successor corporation had been named in and had executed this Mortgage and Security Agreement as the party of the first part hereto, and may exercise every power, authority and right herein reserved to or conferred upon Company; provided, however, that in the event of any such conveyance, the corporation making such conveyance shall not be relieved of any liability under this Mortgage and Security Agreement.

For the purposes of this Article V, the term "conveyance" shall mean any sale, conveyance or transfer, and the term "successor corporation" shall mean the corporation resulting from any such consolidation, the corporation surviving any such merger, or the corporation to which any such conveyance shall be made.

SECTION 5.02. Limitation of Lien on Property of Successor Corporation. In the event there shall be a consolidation of Company with a corporation which immediately prior to such consolidation shall have been a Class I Carrier (as defined by the rules of the Interstate Commerce Commission in force on the date hereof) and not an Affiliate of Company (other than a New Carrier Affiliate of Company), or a merger of Company into, or a conveyance by Company of all or substantially all of the Mortgaged Property to, a corporation which immediately preceeding such merger or conveyance shall have been a Class I Carrier (as so defined) and not an Affiliate of Company (other than a New Carrier Affiliate of Company), the successor corporation may, but need not, make an express grant of its property and franchises as provided in subparagraph (d) of the first paragraph of Section 5.01 hereof, and in the absence of such express grant by such successor corporation, this Mortgage and Security Agreement shall not, by reason of such consolidation, merger or conveyance, constitute and become a lien upon or security interest in, and the term "Mortgaged Property" shall not include or comprise, the following:

(a) any property, right or franchise which, immediately prior to such consolidation, merger or conveyance, was owned by any corporation (other than Company) which is a party to such consolidation or merger or by the corporation to which Company may make such conveyance; or

(b) any property, right or franchise which may be purchased, constructed or otherwise acquired by such successor corporation after the date of such consolidation, merger or conveyance, excepting only the property, rights and franchises referred to in clauses (i) through (v) of the next following paragraph, which, as and when purchased, constructed or otherwise acquired by such successor corporation, shall be and become subject to the lien and security interest of this Mortgage and Security Agreement.

Any supplemental indenture provided for by Section 5.01 hereof which, by reason of the provisions of this Section 5.02, is not required to contain an express grant by the successor corporation of its property and franchises as provided in subparagraph (d) of the first paragraph of Section 5.01, shall in any event contain an express grant by such successor corporation, confirming the lien and security interest of this Mortgage and Security Agreement upon the Mortgaged Property in existence immediately prior to the consolidation, merger or conveyance, and subjecting to the lien and security interest of this Mortgage and Security Agreement, as fully as if such consolidation, merger or conveyance had not taken place and the same had been acquired by the original party of the first part hereto, the following property, rights and franchises purchased, constructed or otherwise acquired by such successor corporation after the date of such consolidation, merger or conveyance:

(i) all property which shall be acquired with moneys from any fund under the North Western First Mortgage, the Great Western First Mortgage, the Great Western General Income Mortgage or the M. & St. L. Mortgage, or with cash at any time held under any such Mortgage by the Trustee thereunder, or in exchange for property released from the lien of any such Mortgage, and all property the acquisition or construction of which shall be made the basis for any withdrawal of cash under any provision of any such Mortgage.

45

(ii) all betterments, extensions, improvements and additions, of, to, upon or for the property, rights and franchises subject to the lien and security interest of this Mortgage and Security Agreement;

(iii) all repairs, renewals, replacements, substitutions and alterations of, to, upon or for the property, rights and franchises; subject to the lien and security interest of this Mortgage and Security Agreement;

(iv) all property, rights and franchises appurtenant to any property subject to the lien and security interest of this Mortgage and Security Agreement; and

(v) an appropriate portion, properly identified so as to effectively create a lien and security interest hereunder, of all property (not covered by the preceding clauses (i) through (iv)) purchased, constructed, or otherwise acquired after the date of such consolidation, merger or conveyance and which shall consist of equipment (whether or not transportation equipment), and additions, betterments and improvements thereto, inventory, accounts, contract rights, chattel paper and general intangibles, which appropriate portion shall be determined on the basis of the percentage of the revenues of the successor corporation which may be expected to be attributable to rights and franchises of the successor corporation subject to the lien and security interest of this Mortgage and Security Agreement; and any final determination of such appropriate portion by the Interstate Commerce Commission or other federal governmental authority having jurisdiction of the consolidation, merger or conveyance shall be conclusive.

SECTION 5.03. Merger into or Conveyance to Company. Nothing contained in this Mortgage and Security Agreement shall prevent Company from merging into itself, or acquiring by conveyance all of any part of the property and franchises of, any other corporation, whether or not an Affiliate of Company.

In case Company shall acquire by any such merger or conveyance all or substantially all of the property of any other corporation which immediately prior to such merger or conveyance shall have been a Class I Carrier (as defined by the rules of the Interstate Commerce Commission in force on the date hereof) and not an Affiliate of Company (other than a New Carrier Affiliate of Company), this Mortgage and Security Agreement shall not, by reason of such merger or conveyance, constitute and become a lien upon or security interest in, and the term "Mortgaged Property" shall not include or comprise, the following:

(a) any property, right or franchise of such other corporation so acquired; and

(b) to the extent requested by Company, any property, right or franchise which may be purchased, constructed or otherwise acquired by Company after the date of such merger or conveyance and which, if such merger or conveyance had instead been a transaction whereunder Company merged into a successor corporation and such property, right or franchise were purchased, constructed or otherwise acquired by such successor corporation, would not have been required by the provisions of Section 5.02 hereof to be subjected to the lien and security interest of this Mortgage and Security Agreement; and

upon request of Company, Mortgagee will join in the execution and delivery of a supplemental indenture to this Mortgage and Security Agreement confirming and evidencing the foregoing.

#### ARTICLE VI REMEDIES OF MORTGAGEE

SECTION 6.01. Events of Default. If one or more of the following events herein called "Events of Default" shall occur, that is to say:

(a) Company or any Subsidiary of Company (whichever shall be obligated under or pursuant to the Sale Agreement to make such payment) shall fail to pay, when due and payable, any amount (whether interest, premium, Principal, penalty or otherwise) of any Assumed Liability (other than any amount the liability for which is at the time being contested in good faith by Company or such Subsidiary) and such failure shall continue for 90 days after notice

46  
setting forth such failure and requiring the same to be remedied shall have been given to Company by Mortgagee; or

(b) Default shall be made in the observance or performance of any other covenant, condition or agreement on the part of the Company contained herein or in the Sale Agreement and such default shall continue for 90 days after notice setting forth such default and requiring the same to be remedied shall have been given to Company by Mortgagee; provided, however, that if such default is one which cannot be cured by Company within such 90 days, such period of 90 days shall be extended for such additional period during which Company is diligently seeking to cure such default; or

(c) A decree or order by a court having jurisdiction in the premises shall have been entered adjudging the Company a bankrupt or insolvent, or approving as properly filed a petition seeking reorganization of Company under the Bankruptcy Act or any other state or federal law, and such decree or order shall have continued undischarged or unstayed for 60 days; or a decree or order of a court having jurisdiction in the premises for the appointment of a receiver or liquidator or trustee in bankruptcy or insolvency of Company, or of its property, or any substantial portion of its property, or for the winding up or liquidation of its affairs, shall have been entered and such decree or order shall have continued undischarged or unstayed for 60 days; or

(d) Company shall institute proceedings to be adjudged a voluntary bankrupt, or shall consent to the filing of a bankruptcy proceeding against it, or shall file a petition or answer or consent seeking reorganization or readjustment under the Bankruptcy Act or any other state or federal law, or otherwise invoke any law for the aid of debtors, or shall consent to the filing of any such petition, or shall consent to the appointment of a receiver or liquidator or trustee in bankruptcy or insolvency of it or of its property or any substantial portion of its property, or shall make an assignment for the benefit of creditors; or shall admit in writing its inability to pay its debts generally as they become due; or corporate action shall be taken by the Company in furtherance of any of the aforesaid purposes;

then and in each and every such case, Mortgagee, personally or by its agents or attorneys, may so long as such Event of Default is continuing, by notice to Company declare to be and become immediately due and owing by Company to Mortgagee, and thereupon there shall immediately become due and owing and payable to Mortgagee by Company, and Company agrees to pay forthwith to Mortgagee:

(i) in case of any Event of Default described in subparagraph (a) above, a sum equal to the amount of any Assumed Liability non-payment of which shall have given rise to such Event of Default, and Mortgagee agrees that any such sum so paid to it by Company will be applied by Mortgagee, in such order of application as it may determine, to the payment of the unpaid amount of any such Assumed Liability;

(ii) in case of any Event of Default described in subparagraph (b) above, a sum equal to the amount of damages suffered by Mortgagee as a result of the default by Company which shall have given rise to such Event of Default; and

(iii) in case of any Event of Default described in subparagraph (c) or (d) above, a sum equal to the then aggregate unpaid amount of all secured Obligations (or such thereof as Mortgagee may from time to time designate in its discretion), and Mortgagee agrees that any sum so paid to it by Company will be applied by Mortgagee, in such order of application as it may determine in its discretion, to the payment of the unpaid amount of the Secured Obligations (or such thereof as Mortgagee may have designated), any balance remaining after such application to be returned to Company, without, however, affecting the right of Mortgagee, to thereafter designate, and thereby require payment by Company, pursuant to the provisions of this clause (iii), of the unpaid amount of any Secured Obligations the payment of which shall not have been theretofore required pursuant to such provisions; and for the purposes of this clause (iii), any Assumed

47  
Liability shall be deemed to be a Secured Obligation and the unpaid amount of any Assumed Liability shall be deemed to be an equivalent unpaid amount of a Secured Obligation.

SECTION 6.02. Enforcement of Remedies. So long as any Event of Default shall have occurred and be continuing, Mortgagee may from time to time, in its discretion, enforce and pursue any and all rights and remedies with respect to the Mortgaged Property or any part thereof (whether by foreclosure in judicial proceedings, sale with or without judicial proceedings, or otherwise) as may be available to it under applicable law. Any proceeds of any disposition by or on behalf of Mortgagee of the Mortgaged Property or any part thereof may be applied by it to the payment of expenses in connection with all or any part of the Mortgaged Property and disposition thereof, including reasonable attorneys fees and legal expenses, and any balance of such proceeds may be applied by Mortgagee, in such order of application as it may determine in its discretion, to the payment of all or any part of any sum then payable to Mortgagee under the provisions of Section 6.02 hereof, without relieving Company from any liability with respect to any portion of such sum remaining unpaid after such application.

SECTION 6.03. No Waiver. No failure or delay on the part of Mortgagee in the exercise of any right or remedy under or with respect to this Mortgage and Security Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any right or remedy preclude other or further exercise thereof or the exercise of any other right or remedy.

#### ARTICLE VII

##### TERMINATION

This Mortgage and Security Agreement, and the lien hereof and the security interest hereunder, shall terminate and cease to be of any further force and effect, on the later of January 1, 1989 or the date on which all Bonds which shall have been issued under the North Western First Mortgage on or prior to the date hereof or issued under such Mortgage after the date hereof as permitted by clause (vi) of paragraph (a) of Section 9.3 of the Sale Agreement shall have been surrendered and cancelled; provided, however, that if at that time any Event of Default, or any event which with the lapse of time, or with notice and lapse of time, would constitute an Event of Default, has occurred and is continuing, this Mortgage and Security Agreement, and the lien hereof and the security interest hereunder, shall not terminate or cease to be of further force or effect, until the time, if any, thereafter on which no Event of Default, and no event which with the lapse of time, or with notice and lapse of time, would constitute an Event of Default, shall have occurred and be continuing. Upon any such termination of this Mortgage and Security Agreement, Mortgagee will execute such instruments of release and satisfaction of this Mortgage and Security Agreement as Company may reasonably request.

The State of Wisconsin is hereby notified that by order dated December 28, 1971, in Finance Docket Nos. 25103, 25104, 25105, and 25106, the Interstate Commerce Commission approved the plan of reorganization among Illinois Central Industries, Inc., the Illinois Central Railroad Company and Gulf, Mobile and Ohio Railroad Company. Wisconsin Public Service Commission  
Hill Farm State Office Building  
Madison, Wisconsin 53702

Gentlemen:

On December 20, 1971 the Interstate Commerce Commission handed down its decision in Finance Docket 25103 authorizing the sale, assignment and transfer of the properties of Illinois Central Railroad Company to Illinois Central Gulf Railroad Company, a Delaware corporation. The Commission further approved and authorized dissolution of Illinois Central Railroad Company. In view of certain court proceedings that followed, the carrying out of the Commission's mandate was not accomplished until August 10, 1972. Since August 10, 1972, Illinois Central Gulf Railroad has operated the former lines of the Illinois Central Railroad Company, including that line of railroad running from Freeport, Illinois to Madison, Wisconsin.

The purpose of this letter is to advise the Commission of the change in ownership of this Wisconsin trackage. We stand ready, of course, to give the Commission all further information or particulars desired. As I understand, there is a question as to whether Illinois Central Gulf must apply to your Secretary of State for a Certificate of Authority under your Foreign Corporation Act since we believe that Act expressly excepts railroad corporations from its coverage (Wisconsin Statutes 180.02(2)).

To the extent the Commission requires railroad companies operating in Wisconsin to designate an office and agent for service of process and notice of hearings, etc., we will designate Mr. James C. Herrick, The Power & Light Bldg., P. O. Box 1767, Madison, Wisconsin 53701. Mr. Herrick is an attorney with the firm of Axley, Brynson, Herrick & Gehl, a law firm that has represented the Illinois Central Railroad Company in Madison for many years.

I would appreciate hearing from you regarding what additional information, if any, is desired by the Commission concerning this change of ownership.

Dear Sir

There is enclosed herewith executed Counterpart No. 48 of an instrument dated September 18, 1972 evidencing the resignation of G. R. Ince, as Trustee and the appointment of S. Burg, as successor Trustee, under the First Mortgage and Deed of Trust of Pere Marquette Railway Company dated July 1, 1916. Said First Mortgage was recorded in your office on August 16, 1917, in Liber 20 of Railroad Mortgages, page 95.

The change of trustees is in reality a supplement to the First Mortgage and Deed of Trust, and therefore it appears that it should properly be recorded in the Mortgage Liber. If for any reason it is not recorded in the Mortgage Liber, a marginal notation should be made on the original mortgage calling attention to the enclosed instrument and the place where it is recorded. If the latter procedure is followed, please advise me as to the wording of the marginal notation. In any event, please let me know the date and time of recording and the Liber and page where the instrument is recorded.

# PIPE LINE AGREEMENT

THIS AGREEMENT, made and entered into this the 2nd day of February, 1973, by and between CHICAGO, MILWAUKEE, ST. PAUL AND PACIFIC RAILROAD COMPANY, a Wisconsin Corporation, hereinafter referred to as the "Railroad," and

FORT HOWARD PAPER COMPANY

, hereinafter called the "Licensee," (if more than one licensee, said term and all language herein referring thereto shall be interpreted in the plural and refers jointly and severally to such licensees).

## WITNESSETH

That WHEREAS, the licensee desires the right to install, maintain and operate a certain pipe upon, along and under the Railroad's premises at or near Green Bay, Brown County, Wisconsin to be used for the purpose hereinafter set forth.

NOW, THEREFORE, the parties mutually agree as follows:

1. The Railroad, for and in consideration of the payments and covenants hereinafter mentioned to be made, kept and performed by the Licensee, does hereby license and permit said Licensee to construct, install, and thereafter during the term hereof to maintain and operate under, along and across the Railroad's property in the manner and subject to the terms and conditions herein provided, a certain pipe to be used only for the purpose of a storm sewer, in the location or locations shown by the yellow line between points lettered C - D upon the map attached hereto, marked "Exhibit X", dated January 29, 1973 and made a part hereof. The boundaries of the railroad right of way are located as shown by the heavy dash and two dot lines.

2. The said pipe shall be of reinforced concrete and corrugated metal and have a diameter of not to exceed 15 x 24 inches. At all points where said pipe passes beneath the roadbed or tracks the same shall be installed and maintained at such depth that the top of said pipe, or any casing which may contain it, shall be not less than 7 feet, measured vertically, below the base of the rails of any such track.

The storm sewer shall consist of a 15" reinforced concrete pipe, placed inside a 24" No. 12 gauge corrugated metal casing pipe, 7' below base of rail extending under the track and right-of-way of the Railroad as shown on said Exhibit "X".

The specifications for materials and construction procedure shall be as shown on said Exhibit "X".

3. The word "pipe" wherever used herein, not otherwise herein modified, shall be construed to mean all of the pipes described and the casings and other coverings and all appurtenances thereof.

4. This agreement shall be effective from and after the date hereof and shall continue in full force and effect until terminated in some one of the ways hereinafter provided.

5. The Licensee shall pay to the Railroad upon execution of this agreement the sum of Fifty Dollars (\$50.00) to cover the cost of preparation thereof. The Licensee shall pay all assessments or taxes which may be assessed or levied against or account of said pipe, or the use thereof and shall indemnify and save harmless the Railroad and the Railroad's property from and against any and all liens or claims on account of any such assessments or taxes.

6. The Licensee shall bear the entire cost and expense incurred in connection with the construction, maintenance, renewal and removal of said pipe, including all costs and expense incurred by the Railroad in connection therewith for all work performed and materials used, and for supervision and inspection. All work of installation, alteration, maintenance and removal of said pipe within the limits of the right of way of the Railroad shall be done by the Licensee under the supervision, and to the satisfaction of, the superintendent of the Railroad and no work shall be done upon the premises of the Railroad without first notifying said superintendent of Licensee's desire to do so, provided that the Railroad may perform any work by it deemed necessary to support any of its tracks while such work is being done and any work necessary to be done upon its right of way by reason of the installation, alteration, maintenance or removal of said pipe, and the Licensee agrees to repay to the Railroad promptly upon the rendition of bills therefor the cost of all such work so done by it. "Cost" as used in this agreement shall mean all assignable costs, plus 10% on all labor items to cover elements of expense not capable of exact ascertainment, and shall include charges for transportation of men and material at tariff rates and store expense on material.

7. The said pipe, and all parts thereof, whether within or without the limits of the premises of the Railroad, shall be constructed and at all times maintained, repaired, renewed and operated in such manner as to cause no interference whatsoever with the constant, continuous, and uninterrupted use of the tracks, facilities, property and premises of the Railroad, both as regards operation, maintenance, repairs and renewals, or new construction by the Railroad. Nothing shall be done, or suffered to be done, by the Licensee at any time that will in any manner interfere with or impair the usefulness of any tracks, improvements, or other facilities, now or hereafter maintained upon said railroad premises, or in any way interfere with, obstruct or endanger, railroad operation thereon; and if at any time the Railroad shall be of the opinion that the presence, condition or use of said pipe in any way interferes with the operation of the railroad, or any use which the Railroad desires to make of its property, it may forthwith require the Licensee to alter or repair said pipe, or may alter or repair the same at the cost of the Licensee.

8. Where boring and jacking operations are required on the right of way of the Railroad, the headings from which the boring and jacking operations are performed shall be located not less than 1.25 times the depth in feet from the base of the rail to the bottom of the trench, plus 6.5 feet from the center line of an operated track, measured at right angles to the center line of the track.

9. The Railroad shall have the right at any and all times to raise or lower its grade, to make changes in its existing track or tracks, roadbeds, structures and facilities or in the present standards thereof and to construct, maintain and operate such additional roadbeds, tracks, structures and facilities on said right of way and over and across said pipe as from time to time it may elect and may do whatever is necessary to enable it to use said railroad premises for all lawful purposes; and the Licensee agrees, at Licensee's sole cost, and within ten days after written notice from the Railroad to do so, to make such changes in, additions to or changes in the location thereof, as may in the judgement of the railroad be necessary to conform to the changes, alterations or new construction by the Railroad. If the Licensee shall fail so to do the Railroad may, if it so elects, in addition to any other remedy which it may have, remove said pipe or make such changes in, additions to or changes in the location thereof as are necessary for said purposes and the Licensee agrees to pay promptly upon rendition of bill the cost thereof. Provided, that the Railroad may in any event at its election do any of the work required to be done upon its right of way without notice and for all such work the Licensee likewise agrees to pay promptly upon rendition of bill the cost thereof. All the terms, conditions and stipulations herein expressed with reference to the construction, maintenance, repair, renewal or removal of said pipe in the location above described shall apply to the same as relocated, changed or modified within contemplation of this section.

10. the License hereby granted is subject to the superior title of the Railroad to its said property and to all other outstanding and superior rights, if any, and the Licensee shall not by reason of the license hereby granted acquire or assert any title or claim of title to any of said property adverse to the title of the Railroad or its successors, and upon any abandonment of the use hereby authorized or upon any termination of the license hereby granted such title shall remain in the Railroad, its successors and assigns, free and clear of all rights or claims of the Licensee.

11. As a material consideration to the Railroad for entering into this agreement, and without which the Railroad would not enter into same, the Licensee agrees to, and hereby does release, indemnify and save harmless the Railroad, its officers, agents and employees, from and against any and all liability, loss, cost, damage, expense, actions and claims for personal injuries, including death, regardless of cause, suffered by any person whomsoever while upon the Railroad's premises in connection with the construction, operation, maintenance, repair, renewal or removal of said pipe, or for personal injuries, including death, suffered by any person whomsoever or for arising out of damage to or destruction of property of any party whomsoever, including the parties hereto, in any manner arising out of or caused or contributed to by the existence, presence, construction, maintenance, condition, operation, repair, renewal, use or removal of said pipe.

12. The terms and conditions of this agreement shall be binding upon and the benefits thereof shall accrue to the heirs, executors, administrators, successors and assigns of the respective parties hereto, but the Licensee shall not assign the same or any rights thereunder without the written consent of the Railroad to use its said right of way facilities or premises, such other user or users shall have the benefit of the provisions of indemnity and release from liability inuring to the Railroad hereunder, with the same effect as if such other user or users were parties hereto.

13. The grant and license herein contained shall continue to be in effect so long as the said pipe shall remain in place and in use by the Licensee. Should the Licensee at any time cease to use the said pipe, the Railroad may immediately upon cessation consider this license cancelled and the said Licensee shall remove said pipe from the premises of the Railroad under the direction and supervision of the Chief Engineer of the Railroad, and that in case of failure on the part of said Licensee to remove same, it shall be understood that the pipe is abandoned and said Railroad may remove the same from its premises at the expense of said Licensee, or may disconnect said pipe at the points where it enters and leaves the said premises.

IN WITNESS WHEREOF, the parties hereto have executed this agreement the day and year first above written.

If the Licensee shall fail to do so the Railroad may if it so elects, in addition to any other remedy which it may have, removed said pipe or make such changes in, additions to or changes in the location thereof as are necessary for said purposes and the Licensee agrees to pay promptly upon rendition of bill the cost thereof. Provided, that the Railroad may in any event at its election do any of the work required to be done upon its right of way without notice and for all such work the Licensee likewise agrees to pay promptly upon rendition of bill the cost thereof. All the terms, conditions and stipulations herein expressed with reference to the construction, maintenance, repair, renewal or removal of said pipe in the location above described shall apply to the same as relocated, changed or modified within the contemplation of this section.

10. The license hereby granted is subject to the superior title of the Railroad to its said property and to all other outstanding and superior rights, if any, and the Licensee shall not by reason of the license hereby granted acquire or assert any title or claim of title to any of said property adverse to the title of the Railroad or its successors, and upon any abandonment of the use hereby authorized or upon any termination of the license hereby granted, such title shall remain in the Railroad, its successors and assigns, free and clear of all rights or claims of the Licensee.

11. As a material consideration to the Railroad for entering into this agreement, and without which the Railroad would not enter into the same, the Licensee agrees to, and hereby does, release, defend, indemnify and save harmless the Railroad, its officers, agents and employees, from and against any and all liability, loss, cost, damage, expense, actions and claims for personal injuries, including death, suffered by any person whomsoever or for or arising out of damage to or destruction of property of any party whomsoever, including the parties hereto, in any manner arising out of or caused or contributed to by the existence, presence, construction, maintenance, condition, operation, repair, renewal, use or removal of said pipe.

12. The terms and conditions of this agreement shall be binding upon and the benefits thereof shall accrue to the heirs, executors, administrators, successors and assigns of the respective parties hereto, but the Licensee shall not assign the same or any rights thereunder without the written consent of the Railroad having been first obtained. In the event the Railroad shall permit any other railroad company or companies to use its said right of way facilities or premises, such other user or users shall have the benefit of the provisions of indemnity and release from liability insuring to the Railroad hereunder, with the same effect as if such other user or users were parties hereto.

14. The grant and license herein contained shall continue to be in effect so long as the said pipe shall remain in place and in use by the Licensee. Should the Licensee at any time cease to use the said pipe, the Railroad may immediately upon cessation consider this license cancelled and the said Licensee shall remove said pipe from the premises of the Railroad under the direction and supervision of the Chief Engineer of the Railroad, and that in case of failure in the part of said Licensee to remove same, it shall be understood that the pipe is abandoned and said railroad may remove the same from its premises at the expense of said licensee, or may disconnect said pipe at the points where it enters and leaves the said premises.

IN WITNESS WHEREOF, the parties hereto have executed this agreement the day and year first above written.

# EASEMENT

CHICAGO, MILWAUKEE, ST. PAUL AND PACIFIC RAILROAD COMPANY, Grantor, for and in consideration of the sum of ONE DOLLAR (\$1.00) and other good and valuable consideration, the receipt and sufficiency whereof are hereby acknowledged, does hereby grant unto FORT HOWARD PAPER COMPANY, Grantee, an non-exclusive perpetual easement, in, on, over and across that portion of Grantor's right-of-way in the City of Green Bay, Wisconsin as shown colored in red on attached print dated April 17, 1973, (hereinafter referred to as the "Easement Area"), to be used by Grantee while constructing, maintaining, repairing and improving a building to be constructed northerly and easterly of the easement area.

As consideration for the granting of this easement, Grantee, by the acceptance of this easement, covenants and agrees:

1. That Grantor, its successors and assigns, shall have the right not only to continue the use and operation of all existing railroad facilities now located on the easement area, but also the right to construct, operate and maintain such additional facilities as it may desire, provided said facilities do not interfere with Grantee's use and enjoyment of the easement rights herein or otherwise granted.

2. That this easement is subject to Grantor's superior rights and to any and all other outstanding rights, if any, including those held by Grantee under other agreements with Grantor, and Grantee shall not, by reason of the easement rights hereby granted, acquire or assert title to the easement area adverse to Grantor's title. Upon Grantee's abandonment of the use of the easement area for the purposes herein granted, this easement shall automatically terminate, whereupon title thereto shall remain in Grantor free and clear of any and all rights and claims of Grantee hereunder.

3. That Grantee assumes and agrees to protect, indemnify and save harmless the Grantor, its officers, agents, employees, invitees and other licensees, from and against any and all claims, demands, suits, liability and expense (including costs and attorney fees) by reason of loss or damage to any property whatsoever or injury to or death of any person whomsoever arising out of and directly related to the sole negligence of the Grantee including damages resulting (1) out of the construction, installation, maintenance, renewal, existence, use or removal of said building, (2) out of any defect in said building or any failure thereof, or (3) out of any act or omission of the Grantee, its officials, agents or employees while on or about the right of way or property of the Grantor or while working on or about said building. It is further understood and agreed by and between Grantee and Grantor that the Grantor assumes and agrees to protect, indemnify and save harmless the Grantee, its officers, agents, employees, invitees and other licensees, from and against any and all claims, demands, suits, liability and expense (including costs and attorney fees) by reason of loss or damage to any property whatsoever or injury to or death of any person whomsoever arising out of and directly related to the sole negligence of the Grantor. It is further agreed by and between Grantee and Grantor that any claims, demands, suits, liability and expense to any property, or injury to or death of any person caused by the joint negligence of the Grantee and Grantor shall be assumed by the parties in accordance with the proportional shares of negligence apportioned by an appropriate court of law, provided that the parties cannot agree on a suitable division of damages, each party paying and being responsible for their respective costs and attorney fees.

4. After use of the area for the purposes herein authorized Grantee shall restore the easement area to substantially the same condition as it was prior to the easement grant.

These covenants shall be deemed as running with the land and shall bind Grantee, as well as its successors and assigns.

IN WITNESS WHEREOF, said CHICAGO, MILWAUKEE, ST. PAUL AND PACIFIC RAILROAD COMPANY has caused these presents to be signed by its \_\_\_\_\_ President and countersigned by its \_\_\_\_\_ Secretary and its corporate seal to be hereunto affixed this May 21, 1973.

##### CREATION OF BONDS OF SERIES D

SECTION 1.01. There is hereby created a fourth series of Bonds to be issued under and secured by the Indenture to be known as "Consolidated Mortgage 8.60% Bonds, Series D, Due 1999". The Bonds of Series D shall

(1) be dated the date of authentication;

(2) mature in January 15, 1999

(3) bear interest at the rate of 8.60% per annum, payable semi-annually on January 15 and July 15 of each year, hereinafter sometimes called an "Interest Payment Date", from the Interest Payment date next preceding the date of authentication thereof until payment of the principal amount thereof has been made or duly provided for except that: (a) any Bond of Series D authenticated before July 15, 1974 shall bear interest from January 15, 1974 unless clause (c) below is applicable; (b) if the Company shall default or be in default in the payment of interest upon Bonds of Series D, such Bonds of Series D shall bear interest from the date of the beginning of the period for which interest is so in default; and (c) so long as there is no existing default in the payment of interest on the Bonds of Series D, and Bond of Series D authenticated after the close of business on any Record Date, as hereinafter defined, with respect to any Interest Payment Date and on or prior to such Interest Payment Date shall bear interest from such Interest Payment Date;

(4) be payable as to principal, premium, if any, and interest at the office or agency of the Company in the Borough of Manhattan, City and State of New York, in such coin or currency of the United States of America as at the time of payment of public and private debts;

(7) be limited (except as provided in Section 1.09 of the Indenture) in aggregate principal amount to \$60,000,000.

So long as there is no existing default in the payment of Interest in Bonds of Series D, the person in whose name any Bond of Series D is registered at the close of business on any Record Date with respect to any Interest Payment Date shall be entitled to receive the interest payable on such Interest Payment Date notwithstanding any transfer or exchange of such Bond of Series D subsequent to such Record Date. If and to the extent that the Company shall default in the payment of interest due on any Interest Payment Date with respect to any Bond of Series D, such defaulted interest shall be paid to the person in whose name such Bond of Series D is registered at the close of business on a subsequent record date established by notice given by mail, first class postage prepaid, by or on behalf of the Company to the holders of Bonds of Series D not less than 15 days prior to such subsequent record date, such record date to be not less than five days preceding the date of payment of such defaulted interest.

The term "Record Date", when used herein with respect to an Interest Payment Date, shall mean the December 31 or June 30 (whether or not a business day), as the case may be, next preceding such Interest Payment Date. The provisions of Sections 3.04 to 3.08, inclusive, of the Indenture shall, so far as applicable, apply to and govern the redemption of Bonds of Series D except that any installment of interest which by the terms of the Bonds of Series D is due and payable on any Interest Payment Date occurring on or prior to a redemption date shall be payable to the persons in whose names the Bonds of Series D were registered on the relevant Record Date, and except as otherwise expressly provided in this Fifth Supplemental Indenture.

Section 1.03. As and for a mandatory Sinking Fund for the Bonds of Series D, the Company shall, except as hereinafter provided in this Section 1.03, pay to the Corporate Trustee at least one business day prior to January 15, 1983, and January 15 of each year thereafter to and including January 15, 1998, each such January 15 being hereafter called a "Sinking Fund Payment Date", an amount in New York Clearing House funds sufficient to redeem \$3,000,000 principal amount of the Bonds of Series D on January 15, 1983 and on each January 15 thereafter to and including January 15, 1987, \$3,500,000 principal amount of the Bonds of Series D on January 15, 1988 and on each January 15 thereafter to and including January 15, 1993, and \$4,000,000 principal amount of the Bonds of Series D on January 15, 1994 and on each January 15 thereafter to and including January 15, 1998, at a price equal to 100% of the principal amount thereof, hereinafter called the "Sinking Fund Redemption Price". Sinking Fund moneys shall not be applied to the payment of interest on the Bonds of Series D, but the Company shall otherwise provide for all interest accrued to the Sinking Fund Payment Date on the Bonds of Series D or portions thereof called for redemption through the operation of such Sinking Fund on such date.

In addition to the Sinking Fund payment required by the immediately preceding paragraph, the Company may elect in the manner hereinafter provided to make, at least one business day prior to each Sinking Fund Payment Date, an optional Sinking Fund payment to the Corporate Trustee in an amount not in excess of the applicable mandatory Sinking Fund payment. The exercise of such election shall not have the effect of reducing the amount of any Sinking Fund payment which the Company shall be required to make pursuant to the immediately preceding paragraph. The election shall be noncumulative so that the failure to exercise such election in any year, in whole or in part, shall not increase the amount of any optional Sinking Fund payment that may be made to the Corporate Trustee in any subsequent year. Any such election by the Company with respect to any such Sinking Fund Payment Date shall be made on the Officer's Certificate hereinafter mentioned in this Section 1.03, which election shall be irrevocable.

In lieu of making all or any part of any Sinking Fund payment in cash, the Company may at its option (a) surrender to the Corporate Trustee Bonds of Series D theretofore issued by the Company and acquired by it in the open market or otherwise (other than through operation of the Sinking Fund), (b) by Request direct the Corporate Trustee to credit against such Sinking Fund payment the principal amount of Bonds of Series D theretofore redeemed by the Company pursuant to Section 1.02 hereof which have not theretofore been so credited (such Bonds being hereinafter called "Redeemed Bonds"), or (c) by Request direct the Corporate Trustee to apply Deposited Cash for such purpose pursuant to subparagraph (2) of the second paragraph of Section 5.09 of the Indenture. The Company shall be entitled to deliver Bonds of Series D or obtain credit for Redeemed Bonds in anticipation of all or any part of any one or more Sinking Fund payments, but in each case the Company shall specify, in the Officer's Certificate hereinafter mentioned in this Section 1.03, the Sinking Fund payment or payments in anticipation of which such Bonds of Series D are delivered or Redeemed Bonds credited. Each Bond of Series D so delivered and all Redeemed Bonds so credited shall be treated by the Corporate Trustee as the equivalent of a cash deposit to the extent of the Sinking Fund Redemption Price of such Bond or Bonds. All Bonds of Series D so delivered to the Corporate Trustee shall be cancelled by it.

On or before the November 26 prior to each Sinking Fund Payment Date, the Company shall deliver to the Corporate Trustee an Officer's Certificate which shall

(1) specify the amount of cash, if any, which the company will deposit with the Corporate Trustee at least one business day prior to such Sinking Fund Payment Date;

(2) state the principal amount of Bonds of Series D which are being concurrently delivered to the Corporate Trustee for cancellation and are to be credited against one or more Sinking Fund payments (designated therein by the Company) with respect to the Bonds of Series D and

stating that such Bonds were theretofore issued by the Company and acquired by it in the open market or otherwise (other than through operation of the Sinking Fund);

(3) state the aggregate principal amount of the Redeemed Bonds (being concurrently delivered to the Corporate Trustee for cancellation of not previously delivered and cancelled by it) which are to be credited against one or more Sinking Fund payments (designated therein) with respect to the Bonds of Series D and state that such Bonds were previously redeemed by the Company pursuant to Section 1.02 hereof and have not previously been credited against a Sinking Fund payment;

(4) specify the amount of Deposited Cash to be credited against the Sinking Fund payment due on or before such Sinking Fund Payment Date in accordance with subparagraph (2) of the second paragraph of Section 5.09 of the Indenture;

(5) specify the principal amount of Bonds of Series D to be redeemed on such Sinking Fund Payment Date, including the principal amount of such Bonds, if any, which the Company elects to redeem by an optional Sinking Fund payment; and

(6) state that no Event of Default has happened and is continuing.

In case of the failure of the Company to deliver such Officer's Certificate on or before the November 26 next preceding any Sinking Fund Payment Date, the Company shall make the full cash payment specified in the first paragraph of this Section 1.03 and shall not be entitled to make any optional Sinking Fund payment.

Except as otherwise provided in the next succeeding paragraph of this Section 1.03, all money paid into the Sinking Fund for the Bonds of Series D shall be held in trust for the holders of such Bonds and shall be applied by the Corporate Trustee to the redemption of such Bonds at the Sinking Fund Redemption Price in the manner specified in the next sentence; provided, however, that if the amount of money held in such Sinking Fund shall be less than \$50,000 on any Sinking Fund Payment Date, such money, unless otherwise directed by the Company, shall not be so applied but shall be retained by the Corporate Trustee and so applied in the next succeeding Sinking Fund Payment Date on which there shall be at least \$50,000 in the Sinking Fund. Promptly after each November 26 prior to a Sinking Fund Payment Date the Corporate Trustee shall select, in the manner provided in Section 1.02 hereof, the Bonds of Series D to be redeemed on such Sinking Fund Payment Date and shall cause notice of the redemption thereof to be given in the name and at the expense of the Company as provided in Section 3.04 of the Indenture, except that the notice shall state that the redemption is for Sinking Fund purposes; and such redemption shall otherwise be subject to the same terms and provisions of Bonds of Series D at the option of the Company.

Anything in this Section 1.03 to the contrary notwithstanding, the Corporate Trustee shall not redeem any Bonds of Series D through the operation of the Sinking Fund therefor, or mail any notice of such redemption, during the continuance of an Event of Default except that if such notice shall have been mailed before the Corporate Trustee had actual knowledge of such Event of Default or had received the notice thereof specified in Section 10.01 (e) of the Indenture, the Corporate Trustee shall redeem the Bonds of Series D as to which such notice of redemption shall have been given if sufficient money is held by the Corporate Trustee in the Sinking Fund for Bonds of Series D. Except as aforesaid, any money held in such Sinking Fund at the time when and Event of Default shall occur, or any moneys thereafter paid into such Sinking Fund, shall be held, during the continuance of such Event of Default, as additional security for all Bonds issued under the Indenture; but if such Event of Default shall thereafter be cured or waived as provided in the Indenture, such Sinking Fund moneys shall thereafter be applied to the redemption of Bonds of Series D at the Sinking Fund Redemption Price on the next succeeding Sinking Fund Payment Date.

Section 1.04. The Bonds of Series D and the Corporate Trustee's certificate of authentication to be endorsed thereon shall be substantially in the following forms, respectively:

provided, however, that prior to January 15, 1984 no Bonds of Series D may be redeemed at the option of the Company directly or indirectly from the proceeds of or in anticipation of any refunding operation involving the incurring of debt by the Company or any Affiliate (as defined in the Indenture) which has an interest cost, computed in accordance with generally accepted financial practice, of less than 8.60% per annum.

The Bonds of Series D are entitled to the benefit of a sinking fund, the terms and provisions of which are set forth in such Fifth Supplemental Indenture, and, as provided therein, are subject to redemption in part through the operation of such sinking fund on January 15, 1983, and on each January 15 thereafter to and including January 15, 1998, at a sinking fund redemption price equal to 100% of the principal amount of the Bonds to be so redeemed.

The Indenture permits the amendment thereof and the modification or alteration in any respect of the rights and obligations of the Company and the rights of the holders of the Bonds of all or any series and the holders of appurtenant coupons, if any, thereunder at any time by the

concurrent action of the Company and of the holders of specified percentages of the Bonds then outstanding affected by such amendment, modification, or alteration, including, in the case, among others, of a modification of the terms of payment of the principal of, or interest on, this Bond, the consent of the holder thereof, all as more fully provided in the Indenture.

This Bond is transferable at the office or agency of the Company in the Borough of Manhattan, City and State of New York, upon the surrender hereof accompanied by written instrument of transfer in form approved by the Company or the Corporate Trustee, executed by the registered holder hereof or by duly authorized attorney, and thereupon a new Bond of Series D in the same aggregate principal amount will be issued to the transferee in exchange herefor, all as provided in the Indenture.

The Company, the Corporate Trustee, any paying agent and any registrar of the Bonds of Series D may for all purposes treat the person in whose name this Bond is registered as the absolute owner hereof, notwithstanding any notice to the contrary.

The Bonds of Series D are issuable in the denomination of \$1,000 or any multiple thereof. The Bonds of Series D are issuable only as registered Bonds without coupons. The several denominations of Bonds of Series D are interchangeable in like aggregate principal amounts upon presentation for that purpose as provided in the Indenture.

No service charge will be made for any transfer or exchange of this Bond, but the Company may require the payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

No recourse shall be had for the payment of the principal of, premium, if any, or interest on this Bond against any incorporator, stockholder, officer or director, as such, of the Company by virtue of any statute or by enforcement of any assessment, or otherwise, howsoever.

Dated January 1, 1921

Providing for Issuance of General Mortgage Gold Bonds, Series U.

SUPPLEMENTAL INDENTURE, dated as of the 1st day of January, 1974, by and between BURLINGTON NORTHERN INC., a corporation duly organized and existing under the laws of the State of Delaware (hereinafter sometimes called the "Company"), party of the first part, and FIRST NATIONAL CITY BANK (successor by merger to THE FIRST NATIONAL BANK of the City of New York), a national banking association duly organized and existing under the laws of the United States of America (hereinafter sometimes called the "Trustee"), party of the second part.

Great Northern Railway Company has heretofore made, executed and delivered to the First National Bank of the City of New York, as Trustee, its General Gold Bond Mortgage (hereinafter called the "Original Indenture") dated January 1, 1921, and supplements thereto dated respectively March 19, 1936, as of January 1, 1937, April 18, 1944, as of July 1, 1944, March 20, 1945 as of July 1, 1945, two supplements dated as of January 1, 1946, as of July 2, 1953 and as of September 1, 1954, under which General Mortgage Bonds of several series are outstanding. By further supplement dated as of March 2, 1970, the Company, in accordance with the provisions of Section 2 of Article Fifteen of the Original Indenture, has succeeded to, and been substituted for, Great Northern Railway Company, with the same effect as if it had been named in the original indenture as the party of the first part thereto; and by a second supplement dated as of March 2, 1970, the Company subjected to the lien of the Original Indenture, as theretofore supplemented and modified, property acquired by the Company by reason of the merger of Chicago, Burlington & Quincy Railroad Company into the Company and described the mortgage which was a lien on such property and the amount of bonds secured thereby. By further supplements dated respectively as of July 1, 1970 and as of January 1, 1971, the Company authorized series of General Mortgage Bonds (the Original Indenture as heretofore supplemented and modified being hereinafter sometimes called the "Mortgage").

The Company has by proper corporate action authorized the issuance under and pursuant to the terms of the Mortgage as supplemented and modified by this Supplemental Indenture of \$60,000,000 principal amount of its General Mortgage Bonds, Series U (said Bonds being hereinafter referred to as the "Series U Bonds").

The Company desires by this Supplemental Indenture to make provision with respect to the continuance of certain limitations, as more specifically hereinafter set forth, upon the right of the Company to issue bonds under the Mortgage, and to make other provisions with respect to the Series U Bonds.

The forms of the Series U Bonds in registered form and of the Trustee's certificate to be endorsed on the Series U Bonds are to be severally and respectively substantially as follows:

DUE JANUARY 1, 2010

Burlington Northern Inc., a Delaware corporation (hereinafter called the "Railway Company"), for value received, hereby promises to pay to or registered assigns, on the first day of January, 2010, at the office or agency of the Railway Company in the Borough of Manhattan, The City of New York, State of New York, Dollars in gold coin of the United States of America of or equal to the standard of weight and fineness as it existed on the first day of July, 1921, and to pay interest thereon from July 1 or January 1, as the case may be, next preceding the date hereof (unless this bond be dated July 1 or January 1, and in that event from the date of this bond), at the rate of 8.60% per annum, until said

principal sum shall be paid, at said office or agency, in like gold coin, semi-annually on the first day of January and the first day of July in each year.

(The provision that the principal of, premium, if any, and interest on the within bond is payable in gold coin of the United States of America of or equal to the standard of weight and fineness as it existed on the first day of July 1921, was included therein in compliance with the terms of the original indenture described in the within bond which was executed prior to the approval on June 5, 1933 of Public Resolution No. 10 of the 73rd Congress. Specific attention is called to the fact that said Public Resolution provides in part as follows:

"Every obligation, heretofore or hereafter incurred, whether or not any such provision is contained therein or made with respect thereto, shall be discharged upon payment, dollar for dollar, in any coin or currency which at the time of payment is legal tender for public and private debts."

This Bond is one of the General Mortgage Gold Bonds (coupon or registered) of the Railway Company issued and to be issued in one or more series under and pursuant to and equally secured by an indenture dated January 1, 1921, executed by the Railway Company to The First National Bank of the City of New York, Trustee (First National City Bank being successor Trustee by merger), (hereinafter called the "indenture"), conveying all the property and franchises of the Railway Company mentioned in said indenture, and Supplemental Indentures dated respectively March 19, 1936, as of January 1, 1937, April 18, 1944, as of July 1, 1944, March 20, 1945, as of July 1, 1945, two supplements dated as of January 1, 1946, as of July 2, 1953, as of September 1, 1954, two supplements dated as of March 2, 1970, as of July 1, 1970, as of January 1, 1971, and as of January 1, 1974 providing for the issuance of General Mortgage Gold Bonds, Series U, to which reference is made for a statement of the property and franchises mortgaged, conveyed, pledged or assigned, the nature and extent of the security, and the rights of the holders of said bonds and of the said Trustee in respect to such security.

The authorized issue of bonds under said indenture is limited to the amount which, together with the then all outstanding prior debt of the Railway Company or of a successor corporation as defined in said indenture, after deducting therefrom the amount of all bonds then reserved under the provisions of said indenture to retire prior debt at or before maturity, shall not exceed three times the par value (which, as provided in said Supplemental Indenture dated March 19, 1936, shall, in respect of shares without par value, be deemed the stated value) of the then outstanding, fully paid capital stock of the Railway Company or of a successor corporation.

The Series U Bonds are redeemable at the option of the Railway Company as a whole or in part on any interest payment date subsequent to July 1, 1974 upon publication of notice thereof on two newspapers of general circulation in the Borough of Manhattan, The City of New York, at least twice a week for nine successive weeks next preceding such interest payment date, and in the manner and otherwise as provided in said indenture, at the principal amount thereof, together with accrued interest to the date designated for redemption.

In case of certain defaults specified in said indenture, the principal of this bond and all of the bonds issued under said indenture may be declared and may become due and payable in the manner and with the effect provided in said indenture.

This bond is transferable by the registered holder hereof in person or by attorney duly authorized in writing, either at the office of the Railway Company in the City of St. Paul, State of Minnesota, or at its office or agency in the Borough of Manhattan, The City of New York, upon surrender and cancellation of this bond, and thereupon a new registered bond, without coupons, of the same series will be issued to the transferee in exchange therefor as provided in said indenture. This bond also, in the manner prescribed in said indenture, is exchangeable for coupon bonds of the same series for the same aggregate principal amount and bearing all unmatured coupons. For such transfer or exchange a charge may be made, as provided in said indenture.

No recourse shall be had for the payment of the principal of or the interest upon this bond, or for any claim based hereon, or otherwise in respect hereof or of said indenture or supplements, against any incorporator, stockholder, officer or director, past, present or future, of the Railway Company or of any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being the acceptance hereof, and as part if the consideration of the issue hereof, expressly released as provided in said indenture.

This Bond shall not become obligatory for any purpose until it shall have been authenticated by the execution of the certificate hereon endorsed by First National City Bank as Trustee or its successor in trust under said indenture.

IN WITNESS WHEREOF, Burlington Northern Inc. has caused this bond to be signed by its Chairman of the Board, its Vice Chairman or a Vice President, and its corporate seal to be hereunto affixed and to be attested by its Secretary, or an Assistant Secretary, the day of

The corporation at any time on or after March 2, 1975, may redeem the whole or from time to time any part of the \$10 Par Value Preferred Stock at the time outstanding, at the par value thereof, plus in every case an amount equal to all accrued dividends with respect to each share so to be redeemed, and, in addition thereto, (except with respect to shares redeemed for purposes of the Sinking Funds referred to in paragraph 5 of this Part A) a premium per share payable upon redemption, over and above the par value thereof and any accrued dividends thereon, of \$0.50 from March 2, 1975 to and including March 1, 1977; \$0.40 from March 2, 1977 to and including March 1, 1979; \$0.30 from March 2, 1979 to and including March 1, 1981; \$0.20 from March 2, 1981 to and including March 1, 1983; \$0.10 from March 2, 1983 to and including March 1, 1985; and such shares shall be redeemable without premium thereafter.

4. In the event of any liquidation, dissolution or winding up of the corporation, before any payment or distribution of the assets of the corporation (whether capital or surplus) shall be made to or set apart for the holders of any class of classes of stock of the corporation ranking junior to the \$10 Par Value Preferred Stock upon liquidation, the holders of the shares of the \$10 Par Value Preferred Stock shall be entitled to receive a payment at the rate of \$10 per share, plus an amount equal to all dividends (whether or not earned or declared) accrued thereon to the date of the final distribution to such holders; provided, however, that upon any voluntary liquidation, dissolution or winding up of the corporation resulting from Government seizure by right of eminent domain, the holders of shares of \$10 Par Value Preferred Stock shall be entitled to receive at the time thereof, over and above the par value thereof and any accrued dividends thereon, a premium equal to the then applicable optional redemption premium fixed in paragraph 3 of this Part A.

5. (i) During the year ending December 31, 1976, and during each calendar year thereafter, as and for a Mandatory Sinking Fund the corporation shall retire through redemption in such year in the manner hereinafter provided or through the cancellation of shares purchased in such year at or below \$10 per share (plus accrued dividends) 4% of the number of shares of \$10 Par Value Preferred Stock outstanding immediately following the merger of Great Northern Railway Company and Northern Pacific Railway Company into the corporation, provided, however, that said redemptions and purchases may be made only out of the net assets of the corporation legally available therefor remaining after full cumulative dividends upon all shares of the \$10 Par Value Preferred Stock then outstanding to the end of the last preceding dividend period shall have been paid, or declared and a sum sufficient for the payment thereof set apart for payment. Subject to the provisions of subparagraph (iv) of this paragraph 5, the number of shares of \$10 Par Value Preferred Stock required to be retired in each year as and for the Mandatory Sinking Fund shall be subject to reduction by the application of credits in respect of the Optional Sinking Fund as provided in subparagraph (ii) of this paragraph 5 and in respect of shares previously purchased as provided in subparagraph (iii) of this paragraph 5.

(ii) During the year ending December 31, 1976 and during each calendar year thereafter, out of such net assets, as and for an Optional Sinking Fund the corporation may retire through redemption a number of shares up to but not exceeding the number of shares of \$10 Par Value Preferred Stock then outstanding to the end of the last preceding dividend period.

ferred Stock required to be retired annually as and for the Mandatory Sinking Fund (prior to the application of any credits), and retirements as and for the Optional Sinking Fund may be credited against the number of shares required to be retired as and for the Mandatory Sinking Fund for any subsequent year or years selected by the Board of Directors in its discretion, subject to the provisions of subparagraph (iv) of this paragraph 5; provided, however, that no \$10 Par Value Preferred Stock may be retired as and for the Optional Sinking Fund when there exists any deficiency in the Mandatory Sinking Fund. The right to retire \$10 Par Value Preferred Stock as and for the Optional Sinking Fund is noncumulative and to the extent not exercised in any year shall terminate.

(iii) There shall be allowed to the corporation as a further credit against the number of shares to be retired as and for the Mandatory Sinking Fund for any year or years selected by the Board of Directors in its discretion, subject to the provisions of subparagraph (iv) of this paragraph 5, shares of \$10 Par Value Preferred Stock which the corporation has at any time theretofore purchased at or below \$10 per share (plus accrued dividends) and cancelled and which have not theretofore been used for the purpose of any such credit.

(iv) The credits against the Mandatory Sinking Fund provided for by subparagraphs (ii) and (iii) of this paragraph 5 may not be applied to reduce the Mandatory Sinking Fund for a particular year when the effect of such application would be to relieve the corporation for more than two consecutive calendar years from the requirement of retiring on such year in the manner specified in the first sentence of subparagraph (i) of this paragraph 5 the number of shares required to be retired annually, prior to the application of said credits, as and for the Mandatory Sinking Fund.

(v) The Mandatory Sinking Fund shall be cumulative, so that if in any calendar year the corporation shall not retire the number of shares required to be retired as and for the Mandatory Sinking Fund after the application of the said credits, the obligation to retire such shares shall continue.

(vi) \$10 Par Value Preferred Stock shall be redeemed for the Mandatory or Optional Sinking Fund at the redemption price of \$10 per share, plus an amount equal to the dividends accrued thereon to the redemption date. Shares to be redeemed for the Mandatory or Optional Sinking Fund shall be selected, and notice of redemption shall be given, as provided in paragraph 2 of Part C of this Section, and the corporation shall pay on such redemption from its general funds an amount equal to the accrued dividends on the shares so called for redemption.

6. Shares of \$10 Par Value Preferred Stock redeemed, purchased or otherwise acquired by the corporation (whether for the Sinking Funds or otherwise) may not be reissued.

7. If at any time the corporation shall have failed to pay dividends in full on the \$10 Par Value Preferred Stock, thereafter and until dividends in full, including all dividends on the \$10 Par Value Preferred Stock outstanding accrued to the last preceding quarterly dividend payment date, shall have been declared and set apart for payment or paid, (a) the corporation without the affirmative vote or consent of the holders of at least 66-2/3% of all the \$10 Par Value Preferred Stock at the time outstanding, given in person or by proxy, either in writing or by resolution adopted at a special meeting called for the purpose, shall not redeem less than all of the \$10 Par Value Preferred Stock except in accordance with a purchase offer made in writing to all holders of \$10 Par Value Preferred Stock upon such terms as the Board of Directors in its sole discretion shall determine (which determination shall be final and conclusive) to be fair and equitable; provided, however, that nothing will prevent the corporation from completing the redemption of shares of \$10 Par Value Preferred Stock as and for the Mandatory or Optional Sinking Fund,

the notice of redemption of which was mailed prior to such failure.

8. Except when otherwise herein or by the laws of the State of Delaware specifically provided, the holders of the \$10 Par Value Preferred Stock shall not be entitled to vote on any question or in any proceedings or to be represented at or to receive notice of any meeting of stockholders of the corporation, provided, however, that whenever dividends payable on the \$10 Par Value Preferred Stock shall be in default in an aggregate amount equivalent to six full quarterly dividends, the holders of the \$10 Par Value Preferred Stock shall have the exclusive and special right, voting as a single class separately from the holders of any other class of stock of the corporation, to elect at the next annual meeting of the stockholders of the corporation two directors of the corporation and the remaining directors shall be elected by the other class or classes of stock entitled to vote therefor. Such right of election shall continue until such time as all dividends accumulated on the \$10 Par Value Preferred Stock shall have been paid in full, or declared and set apart for payment, at which time such right of election shall terminate, subject to reversion in the event of each and every subsequent default in an aggregate amount equivalent to six full quarterly dividends. In the exercise of the special voting rights provided in this paragraph 8, the holders of the \$10 Par Value Preferred Stock shall have one vote per share. Nothing herein contained shall in any way restrict the power of the Board of Directors to increase or decrease the number of directors in accordance with the laws of the State of Delaware and the By-Laws of the corporation.

9. At any annual meeting of stockholders at which the holders of the \$10 Par Value Preferred Stock shall have the right of election provided in paragraph 8 of this part A, the presence, in person or by proxy, of the holders of a majority of the \$10 Par Value Preferred Stock shall be required to constitute a quorum of the \$10 Par Value Preferred Stock for the election of any director by the holders of the \$10 Par Value Preferred Stock. At any such meeting or adjournment thereof, (a) the absence of a quorum of the \$10 Par Value Preferred Stock shall not prevent the election of the directors to be elected by the other classes or classes of stock entitled to vote therefor, and the absence of a quorum of such other class or classes of stock shall not prevent the election of the directors to be elected by the \$10 Par Value Preferred Stock, and (b) in the absence of either or both of such quorums, a majority of the holders present in person or by proxy of the stock or stocks which lack a quorum shall have power to adjourn the meeting for the election of directors which they are entitled to elect, from time to time, without notice other than announcement at the meeting, until a quorum shall be present.

10. The directors elected by the holders of the \$10 Par Value Preferred Stock in exercise of the right of election provided in paragraph 8 of this part A shall continue in office until their successors shall have been elected by such holders or until termination of such right of election. The vacancies in the Board of Directors so occurring upon the termination of such right of election shall be filled by the majority vote of the remaining directors. Any vacancies in the Board of Directors occurring during any period when the holders of the \$10 Par Value Preferred Stock have such right of election shall be filled only by vote of a majority (even if that be only a single director) of the remaining directors theretofore elected by the holders of the class or classes of stock which elected the director whose office shall have become vacant.

11. So long as any \$10 Par Value Preferred Stock is outstanding, the corporation will not:

(a) declare, or pay, or set apart for payment, any dividends payable in shares of stock of the corporation ranking junior to the \$10 Par Value Preferred Stock, both as to dividends and upon liquidation or make any distribution, on any class or classes of stock of the cor-

poration ranking junior to the \$10 Par Value Preferred Stock either as to dividends or upon liquidation, and will not redeem, purchase or otherwise acquire, whether voluntarily, for a mandatory or optional sinking or retirement fund or otherwise, or permit any subsidiary to purchase or otherwise acquire, any shares of any such junior class if at the time of making such declaration, payment, distribution, redemption, purchase or acquisition the corporation shall be in default with respect to any dividend payable on the \$10 Par Value Preferred Stock or any obligation to redeem shares of the \$10 Par Value Preferred Stock pursuant to any mandatory sinking or retirement fund; provided, however, that the corporation may at any time redeem, purchase or otherwise acquire shares of any such junior class in exchange for, or out of the net cash proceeds from the substantially concurrent sale of, shares of any class of stock of the corporation ranking junior to the \$10 Par Value Preferred Stock both as to dividends and upon liquidation;

(b) without the affirmative vote or consent of the holders of at least 66 - 2/3% of all the \$10 Par Value Preferred Stock at the time outstanding, voting together as a single class separately from the holders of any other class of stock of the corporation, given in person or by proxy, either in writing or by resolution adopted at a special meeting called for the purpose, (i) create any other class or classes of stock ranking prior to the \$10 Par Value Preferred Stock, either as to dividends or upon liquidation, or increase the authorized number of shares of any other class of stock or (ii) amend, alter or repeal any of the provisions of this Article so as adversely to affect the preferences, special rights or powers of the \$10 Par Value Preferred Stock; provided, however, that no vote or consent of the \$10 Par Value Preferred Stock shall be required for increasing the authorized amount of the \$10 Par Value Preferred Stock or for the creation of one or more classes of preferred stock so long as such class or classes do not rank prior to the \$10 Par Value Preferred Stock, either as to dividends or upon liquidation;

(c) without the affirmative vote or consent of the holders of at least a majority of all the \$10 Par Value Preferred Stock at the time outstanding, voting as a single class separately from the holders of any other class of stock of the corporation, given in person or by proxy, either in writing or by resolution adopted at a special meeting called for the purpose voluntarily dissolve, liquidate or wind up.

#### Part B. No Par Value Preferred Stock

1. The Board of Directors is expressly authorized to adopt, from time to time, a resolution or resolutions providing for the issue of No Par Value Preferred Stock in one or more series, to fix the number of shares in each such series and to fix the designations and the powers, preferences, and relative, participating, optional or other special rights, and the qualifications, limitations and restrictions thereof, of each such series. The authority of the Board of Directors with respect to each such series shall include determination of the following (which may vary as between the different series of No Par Value Preferred Stock):

(a) The number of shares constituting the series and the distinctive designation of the series;

(b) The dividend rate on the shares of the series and the extent, if any, to which dividends thereon shall be cumulative;

(c) Whether or not shares of the series shall be redeemable and, if redeemable, the redemption prices payable on redemption thereof, which prices may, but need not, vary accordingly to the time or circumstances of such redemption;

(d) The amount or amounts payable upon the shares of the series in the event of voluntary or involuntary liquidation, dissolution or winding up of the corporation prior to any payment or distribution of the assets of the corporation to any class or classes of stock of the corporation ranking junior to the Preferred Stock, provided, however, that the aggregate amount payable upon the shares of all series of No Par Value Preferred Stock upon voluntary or involuntary liquidation shall not exceed \$200,000,000;

(e) Whether the shares of the series shall be entitled to the benefit of a sinking or retirement fund to be applied to the purchase or redemption of shares of the series and, if so entitled, the amount of such fund and the manner of its application, including the price or prices at which the shares may be redeemed or purchased through the application of such fund;

(f) Whether the shares of the series shall be convertible into, or exchangeable for, shares of any other class or classes of any other series of the same or any other class or classes of stock of the corporation and, if so convertible or exchangeable, the conversion price or prices, or the rates of exchange, and the adjustments thereof, if any, at which such conversion or exchange may be made, and any other terms and conditions of such conversion or exchange;

(g) The extent, if any, to which the holders of shares of the series shall be entitled to vote for the election of directors or on any other question or in any proceedings or to be represented at or to receive notice of any meeting of stockholders of the corporation, provided that the \$10 Par Value Preferred Stock shall not be adversely affected thereby; and

(h) Any other preferences, privileges and powers, and relative, participating, optional or other special rights, and qualifications, limitations or restrictions of such series as the Board of Directors may deem advisable which shall not affect adversely the \$10 Par Value Preferred Stock and which shall not be inconsistent with the provisions of this Certificate of Incorporation.

2. So long as any No Par Value Preferred Stock is outstanding, the corporation will not:

(a) without the affirmative vote or consent of the holders of at least 66-2/3% of all the No Par Value Preferred Stock at the time outstanding, voting together as a single class separately from the holders of any other class of stock of the corporation, given in person or by proxy, either in writing or by resolution adopted at a special meeting called for the purpose (i) create any other class or classes of stock ranking prior to the No Par Value Preferred Stock, either as to dividends or upon liquidation, or increase the authorized number of shares of any such other class of stock or (ii) amend, alter or repeal any of the provisions of this Article so as adversely to affect the preferences, special rights or powers of the No Par Value Preferred Stock; provided, however, that if such amendment, alteration or repeal affects adversely the preferences, special rights or powers of one or more but not all series of No Par Value Preferred Stock at the time outstanding, only the affirmative vote or consent of at least 66-2/3% of the number of shares at the time outstanding of the series so affected shall be required and further provided, that no vote or consent of the No Par Value Preferred Stock shall be required for increasing the authorized amount of the No Par Value Preferred Stock or for the creation of one or more classes of preferred stock so long as such classes or class do not rank prior to the No Par Value Preferred Stock, either as to dividends or upon liquidation;

(b) Without the affirmative vote or consent of the holders of at least a majority of all the No Par Value Preferred Stock at the time outstanding, voting together as a single class separately from the holders of any other class of stock of the corporation, given in person or by proxy, either in writing or by resolution adopted at a special meeting called for the purpose, voluntarily dissolve, liquidate or wind up.

If dividends shall at any time be declared or paid on shares of the Preferred Stock which are of equal rank as to dividends in any amount less than the full dividends accumulated and unpaid, up to the end of the calendar quarter in which such dividend is paid, on all such outstanding shares, such dividends shall be divided among such shares of Preferred Stock in proportion to the aggregate amounts of dividends accumulated and unpaid, up to the end of such calendar quarter, on all outstanding shares. If, upon any liquidation, dissolution or winding up of the corporation, the assets of the corporation, or proceeds thereof, distributable among the holders of the shares of Preferred Stock which are of equal rank as to distribution upon liquidation, dissolution or winding up shall be insufficient to pay in full the preferential amount payable with respect to such shares, then such assets, or the proceeds thereof, shall be distributed among such holders ratably in accordance with the respective amounts which would be payable on such shares of all amounts payable thereon were paid in full.

2. The provisions of this paragraph 2 shall be applicable to the redemption of \$10 Par Value Preferred Stock and, except to the extent, if any, otherwise provided with respect to any series of No Par Value Preferred Stock in the resolution or resolutions of the Board of Directors creating such series, to the redemption of any series of No Par Value Preferred Stock which is redeemable under the resolution or resolutions of the Board of Directors creating such series:

In order to facilitate the redemption of any shares of Preferred Stock that may be selected for redemption as provided in this paragraph 2, the Board of Directors is authorized to cause the transfer books of the corporation to be closed as to such shares at any time not exceeding 50 days prior to the date designated for redemption thereof. In case of the redemption of less than all of the \$10 Par Value Preferred Stock at the time outstanding, the shares so to be redeemed shall be selected by lot or in such other equitable manner as the Board of Directors may determine.

(b) If said notice shall have been given as aforesaid, and if on or before the redemption date the funds necessary for such redemption shall have been set aside by the corporation, separate and apart from its other funds, for the pro rata benefit of the holders of the shares so called for redemption, then, notwithstanding that any certificates for shares of Preferred Stock so called for redemption shall not have been surrendered for cancellation, the shares represented thereby shall no longer be deemed outstanding, the right to receive dividends thereon shall cease to accrue from and after the date for redemption so designated and all rights of holders of the shares of Preferred Stock so called for redemption shall forthwith, after such redemption date, cease and terminate, except the right, if any, of the holders of such shares to convert such shares on or before the third day prior to the date designated for such redemption or any other date (not later than the date designated for such redemption) specified in the resolution or resolutions of the Board of Directors creating the series of Preferred Stock of which such shares are a part. Any moneys so set aside by the corporation after which reversion the holders of such shares so called for redemption shall look only to the corporation for payment of the amount payable to them upon such redemption and such shares shall still not be deemed to be outstanding. Any moneys so set aside by

the corporation and unclaimed at the end of six years from the date fixed for such redemption shall revert to the general funds of the corporation after which reversion the holders of such shares so called for redemption shall look only to the corporation for payment of the amount payable to them upon such redemption and such shares shall still not be deemed to be outstanding. Any moneys so set aside by the corporation which shall not be required for such redemption because of the exercise of any conversion right of any shares to be redeemed shall revert to the general funds of the corporation forthwith.

3. No holder of Preferred Stock as such shall have any preemptive right to subscribe to stock, obligations, warrants, rights to subscribe to stock or other securities of the corporation of any class, whether now or hereafter authorized.

4. For the purposes of this Article:

(a) The term "subsidiary" shall mean any corporation of which the corporation, directly or indirectly, owns or controls such number of shares of outstanding stock as have ordinary voting power to elect a majority of the Board of Directors of such corporation;

(b) The term "outstanding", when used in reference to shares of stock, shall mean issued shares, excluding shares held by the corporation of a subsidiary and shares called for redemption funds for the redemption of which shall have been set aside pursuant to paragraph 2 of this part C;

(c) The amount of dividends "accrued" on any share of Preferred Stock as at any quarterly dividend payment date shall be the amount of any unpaid dividends accumulated thereon to and including such quarterly dividend payment date, whether or not earned or declared, and the amount of dividends "accrued" on any share of Preferred Stock as at any date other than a quarterly dividend payment date shall be the amount of dividends accrued thereon as at the last preceding quarterly dividend payment date plus an amount equivalent to interest on the par value of such share at the annual dividend rate from the period after such last preceding quarterly dividend payment date to and including the date as of which the calculation is made;

(d) Any class, classes or series of stock of the corporation shall be deemed to rank

(i) Prior to any other class, classes or series of stock of the corporation either as to dividends or upon liquidation if the holders of such class, classes or series shall be entitled to the receipt of dividends or of amounts distributable upon liquidation, dissolution or winding up, as the case may be, in preference or priority to the holders of the class, classes or series as to which such determination is being made;

(ii) junior to any class, classes or series of stock of the corporation either as to dividends or upon liquidation of the rights of the holders of such class, classes or series shall be subject or subordinate to the rights of the holders of the class, classes or series as to which such determination is being made in respect of the receipt of dividends or of amounts distributable upon liquidation, dissolution or winding up, as the case may be.

## SECTION II

### PROVISIONS RELATING TO COMMON STOCK

2. No holder of the Common Stock as such shall have any preemptive right to subscribe to stock, obligations, warrants, rights to subscribe to stock or other securities of the corporation of any class, whether now or hereafter authorized.

The Preferred Stock of the corporation authorized immediately following the merger of Great Northern Railway Company and Northern Pacific Railway Company in to the corporation, consisting of 3,102,333 shares having a par value of \$10.00 per share, shall constitute a single class of Preferred Stock, shall be designated "\$10 Par Value Preferred Stock" and shall have a par value of \$10.00 per share.

2. The holders of \$10 Par Value Preferred Stock shall be entitled to receive fully cumulative dividends at the rate of 5 1/2% of the par value per share, and no more, per annum when and as declared by the Board of Directors of the corporation out of funds available therefor.

Such dividends in the \$10 Par Value Preferred Stock shall be payable quarterly on the first day of each March, June, September and December, commencing September 1, 1973, and shall be paid to holders of record on such respective dates not exceeding 50 days preceding such dividend payment dates as may be determined by the Board of Directors in advance of the payment of the particular dividend. Such dividends shall be cumulative from March 3, 1970 or from the last dividend payment date to which dividends have been paid in full, or declared and set apart for payment, upon all shares of \$10 Par Value Preferred Stock, whichever is later.

3. The corporation at any time on or after March 2, 1975, may redeem the whole or from time to time any part of the \$10 Par Value Preferred Stock at the time outstanding, at the par value thereof, plus in every case an amount equal to all accrued dividends with respect to each share so to be redeemed, and, in addition thereto, (except with respect to each purpose of the Sinking Funds referred to in paragraph 5 of this Part A) a premium per share payable upon redemption, over and above the par value thereof any accrued dividends thereon, of \$0.50 from March 2, 1975 to and including March 1, 1977; \$0.40 from March 2, 1977 to and including March 1, 1979; \$0.30 from March 2, 1979 to and including March 1, 1981; \$0.20 from March 2, 1981 to and including March 1, 1983; \$0.10 from March 2, 1983 to and including March 1, 1985; and such shares shall be redeemable without premium thereafter.

4. In the event of any liquidation, dissolution or winding up of the corporation, before any payment or distribution of the assets of the corporation (whether capital or surplus) shall be made to or set apart for the holders of any class or classes of stock of the corporation ranking junior to the \$10 Par Value Preferred Stock upon liquidation, the holders of the shares of the \$10 Par Value Preferred Stock shall be entitled to receive a payment at the rate of \$10 per share, plus an amount equal to all dividends (whether or not earned or declared) accrued thereon to the date of final distribution to such holders; provided, however, that upon any voluntary liquidation, dissolution or winding up of the corporation (including any liquidation, dissolution, or winding up of the corporation resulting from Government seizure by right of eminent domain), the holders of shares of \$10 Par Value Preferred Stock shall be entitled to receive at the time thereof, over and above the par value thereof and any accrued dividends thereon, a premium equal to the then applicable optional redemption premium fixed in paragraph 3 of this Part A.

5. (i) During the year ending December 31, 1976, and during each calendar year thereafter, as and for a Mandatory Sinking Fund the corporation shall retire through redemption in such year in the manner hereinafter provided or through the cancellation of shares purchased in such

202

year at or below \$10 per share (plus accrued dividends) 4% of the number of shares of \$10 Par Value Preferred Stock outstanding immediately following the merger of Great Northern Railway Company and Northern Pacific Railway Company into the corporation, provided, however, that said redemptions and purchases may be made only out of the net assets of the corporation legally available therefor remaining after full cumulative dividends upon all shares of the \$10 Par Value Preferred Stock then outstanding to the end of the last preceding dividend period shall have been paid, or declared and a sum sufficient for the payment thereof set apart for payment. Subject to the provisions of subparagraph (iv) of this paragraph 5, the number of shares of \$10 Par Value Preferred Stock required to be retired in each year as and for the Mandatory Sinking Fund shall be subject to reduction by the application of credits in respect of the Optional Sinking Fund as provided in subparagraph (ii) of this paragraph 5 and in respect of shares previously purchased as provided in subparagraph (iii) of this paragraph 5.

(ii) During the year ending December 31, 1976 and during each calendar year thereafter, out of such net assets, as and for an Optional Sinking Fund the corporation may retire through redemption a number of shares up to but not exceeding the number of shares of \$10 Par Value Preferred Stock required to be retired annually as and for the Mandatory Sinking Fund (prior to the application of any credits), and requirements as and for the Optional Sinking Fund may be credited against the number of shares required to be retired as and for the Mandatory Sinking Fund for any subsequent year or years selected by the Board of Directors at its discretion, subject to the provisions of subparagraph (iv) of this paragraph 5; provided, however, that no \$10 Par Value Preferred Stock may be retired as and for the Optional Sinking Fund when there exists any deficiency in the Mandatory Sinking Fund. The right to retire \$10 Par Value Preferred Stock as and for the Optional Sinking Fund is noncumulative and to the extent not exercised in any year shall terminate.

(iii) There shall be allowed to the corporation as a further credit against the number of shares to be retired as and for the Mandatory Sinking Fund for any year or years selected by the Board of Directors to its discretion, subject to the provisions of subparagraph (iv) of this paragraph 5, shares of \$10 Par Value Preferred Stock which the corporation had at any time theretofore purchased at or below \$10 per share (plus accrued dividends) and cancelled and which have not theretofore been used for the purpose of any such credit.

(iv) The credits against the Mandatory Sinking Fund provided by subparagraphs (ii) and (iii) of this paragraph 5 may not be applied to reduce the Mandatory Sinking Fund for a particular year when the effect of such application would be to relieve the corporation for more than two consecutive calendar years from the requirement of retiring in such year in the manner specified in the first sentence of subparagraph (i) of this paragraph 5 the number of shares required to be retired annually, prior to the application of said credits, as and for the Mandatory Sinking Fund.

~~XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX~~

(v) The Mandatory Sinking Fund shall be cumulative, so that if in any calendar year the corporation shall not retire the number of shares required to be retired as and for the Mandatory Sinking Fund after the application of the said credits, the obligation to retire such shares shall continue.

(vi) \$10 Par Value Preferred Stock shall be redeemed for the Mandatory or Optional Sinking Fund at the redemption price of \$10 per share, plus an amount equal to the dividends accrued thereon to the redemption date. 7. If at any time the corporation shall have failed to pay dividends in full on the \$10 Par Value Preferred Stock, thereafter and until dividends in full, including all dividends on the \$10 Par Value Preferred Stock outstanding accrued to the last quarterly dividend payment date, shall have been declared and set apart for payment and paid, (a) the corporation without the affirmative vote or consent of the holders of at least 66 2/3% of all the \$10 Par Value Preferred Stock at the time outstanding, given in person or by proxy, either in writing or by resolution adopted at a special meeting called for the purpose, shall not redeem less than all of the \$10 Par Value Preferred Stock at such time outstanding and (b) neither the corporation nor any subsidiary shall purchase any \$10 Par Value Preferred Stock except in accordance with a purchase offer made in writing to all holders of \$10 Par Value Preferred Stock upon such terms as the Board of Directors, in their sole discretion shall determine (which determination shall be final and conclusive) to be fair and equitable; provided, however, that nothing shall prevent the corporation from completing the redemption of shares of \$10 Par Value Preferred Stock as and for the Mandatory or Optional Sinking Fund, the notice of redemption of which was mailed prior to such failure.

8. Except when otherwise herein or by the laws of the State of Delaware specifically provided, the holders of the \$10 Par Value Preferred Stock shall not be entitled to vote on any question or in any proceedings or to be represented at or to receive notice of any meeting of stockholders of the corporation, provided, however, that whenever dividends payable on the \$10 Par Value Preferred Stock shall be in default in an aggregate amount equivalent to six full quarterly dividends, the holders of the \$10 Par Value Preferred Stock shall have the exclusive and special right, voting as a single class separately from the holders of any other class or classes of stock of the corporation, to elect at the next annual meeting of the stockholders of the corporation two directors of the corporation and their remaining directors to be elected by the other class of classes of stock entitled to vote therefor. Such right of election shall continue until such time as all dividends accumulated on the \$10 Par Value Preferred Stock shall have been paid in full, or declared and set apart for payment, at which time such rights of election shall terminate, subject to reversion in the event of each and every subsequent default in an aggregate amount equivalent to six full quarterly dividends. In the exercise of the special voting rights provided in this paragraph 8, the holders of the \$10 Par Value Preferred Stock shall have one vote per share. Nothing contained herein shall in any way restrict the power of the Board of Directors to increase or decrease the number of directors in accordance with the laws of the State of Delaware and the By-Laws of the corporation.

ferred stock shall have the right of election provided in paragraph 8 of this Part A, the presence, in person or by proxy, of the holders of a majority of the \$10 Par Value Preferred Stock shall be required to constitute a quorum of the \$10 Par Value Preferred Stock for the election of any director by the holders of the \$10 Par Value Preferred Stock. At any such meeting or adjournment thereof, (a) the absence of a quorum of the \$10 Par Value Preferred Stock shall not prevent the election of the directors to be elected by the other class or classes of stock entitled to vote therefor, and the absence of a quorum of such other class or classes of stock shall not prevent the election of the directors to be elected by the \$10 Par Value Preferred Stock, and (b) in the absence of either or both such quorums, a majority of the holders present in person or by proxy of the stock or stocks which lack a quorum shall have the power to adjourn the meeting for the election of directors which they are entitled to elect, from time to time, without notice other than the announcement at the meeting, until a quorum shall be present.

10. The directors elected by the holders of the \$10 Par Value Preferred Stock in exercise of the right of election as provided in paragraph 8 of this Part A shall continue in office until their successors shall have been elected by such holders or until termination of such right of election. The vacancies in the Board of Directors so occurring upon the termination of such right of election shall be filled by the majority vote of the remaining directors. Any vacancies on the Board of Directors occurring during any period when the holders of the \$10 Par Value Preferred Stock have such right of election shall be filled only by vote of a majority (even if that be only a single director) of the remaining directors theretofore elected by the holders of the class or classes of stock which elected the director whose office shall have become vacant.

11. So long as any \$10 Par Value Preferred Stock is outstanding, the corporation will not:

(a) declare, pay, or set apart for payment, and dividends (other than dividends payable in shares of stock of the corporation ranking junior to the \$10 Par Value Preferred Stock, both as to dividends and upon liquidation) or make any distribution, on any class or classes of stock of the corporation ranking junior to the \$10 Par Value Preferred Stock either as to dividends or upon liquidation, and will not redeem, purchase or otherwise acquire, whether voluntarily, for a mandatory or optional sinking or retirement fund or otherwise, or permit any subsidiary to purchase or otherwise acquire, any shares of any such junior class or at the time of making such declaration, payment, distribution, redemption, purchase or acquisition the corporation shall be in default with respect to any dividend payment on the \$10 Par Value Preferred Stock or any obligation to redeem shares of the \$10 Par Value Preferred Stock pursuant to and mandatory sinking or retirement fund; provided, however, that the corporation may at any time redeem, purchase or otherwise acquire shares of any junior ranking class in exchange for, or out of the net cash proceeds from the substantially concurrent sale of, shares of any class of stock of the corporation ranking junior to the \$10 Par Value Preferred Stock both as to dividends and upon liquidation;

(b) without the affirmative vote or consent of the holders of at least 66 2/3% of all the \$10 Par Value Preferred Stock at the time outstanding, voting together as a single class separately from the holders of any other class of stock of the corporation, given in person or by proxy, either in writing or by resolution adopted at a special meeting called for the purpose, (i) create any other class or classes of stock ranking prior to the \$10 Par Value Preferred Stock, either as to dividends or upon liquidation, or increase the authorized number of shares of any such other class of stock or (ii) amend, alter or repeal any of the provisions of this Article so as adversely to affect the preferences, special rights or powers of the \$10 Par Value Preferred Stock; provided, however, that no vote or consent of the \$10 Par Value Preferred Stock shall be required for increasing the authorized amount of the \$10 Par Value Preferred Stock or for the creation of one or more classes of preferred stock so long as such class or classes do not rank prior to the \$10 Par Value Preferred Stock, either as to dividends or upon liquidation;

#### ARTICLE I.

##### Bonds of Series I.

SECTION 1.01. The Bonds of Series I shall be designated First Mortgage 11 1/4% Bonds, Series I, due October 15, 1999, shall be issuable at one time or from time to time, in accordance with the terms of the Consolidated Mortgage, shall be dated as provided in Section 1.08 of the Consolidated Mortgage in respect of registered bonds except, in order to fulfill the requirements of the fifth paragraph of Section 1.09 of the Consolidated Mortgage, that so long as there is no existing default in the payment of interest upon the Bonds of Series I, any Bond of Series I issued after the close of business on any Record Date, as hereinafter defined, with respect to any interest payment date (April 15 or October 15, as the case may be) and prior to such interest payment date, shall be dated as of such interest payment date; provided, however, that if and to the extent that the Company shall default in the payment of interest due on such interest payment date, then any such Bond of Series I shall bear interest from the April 15 or October 15, as the case may be, being the interest payment date for Bonds of Series I to which interest has previously been paid or made available for payment on the outstanding Bonds of said Series, or if the Company shall default in the payment of interest on the first interest payment date for Bonds of Series I, then from October 15, 1974, the date as of which all Bonds of Series I issued prior to the close of business on the initial Record Date shall be dated.

So long as there is no existing default in the payment of interest on the Bonds of Series I, the interest payable on any interest payment date shall be paid to the person in whose name any Bond of such Series is registered at the close of business on the Record Date with respect to such interest payment date, and such person shall be entitled to receive the interest payable on such interest payment

date notwithstanding the cancellation of any such Bond on any exchange or transfer of registration thereof subsequent to the Record Date and prior to such interest payment date, except as and to the extent the Company shall default in the payment of interest due on such interest payment date, in which event such defaulted interest shall be paid to the person in whose name such Bond is registered on the close of business on a subsequent Record Date, which shall not be less than five (5) days prior to the date of payment of such defaulted interest, established by notice given by mail by or on behalf of the Company to the persons in whose names such Bonds are registered and to the Trustee not less than ten (10) days preceding such subsequent Record Date.

The term "Record Date" as used herein with respect to any interest payment date (April 15 or October 15, as the case may be) shall mean the first day of April or the first day of October, as the case may be, next preceding such interest payment date, whether or not such day is a business day, or with respect to the payment of defaulted interest, the date established by the Company as hereinabove provided.

As used in this Section 1.01, the term "default in the payment of interest" means failure to pay interest on the applicable interest payment date disregarding any period of grace permitted by the Consolidated Mortgage.

The Bonds of Series I (a) shall mature on October 15, 1999, (b) shall bear interest at the rate of 11 1/4% per annum, payable semiannually on each April 15 and October 15 after the date thereof until the principal amount thereof shall become due and payable, and at the same rate per annum on any overdue principal and, to the extent permitted by law, on any overdue instalments of interest; (c) shall be payable as to principal, premium, if any, and interest at the office or agency of the Company in the Borough of Manhattan, City and State of New York, in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts provided, however, that unless other arrangements are made by the holder, interest shall be paid by check mailed to the person entitled thereto at his address last appearing on the Bond register; (d) shall be redeemable at any time as a whole or from time to time in part, to the extent provided in Section 1.02 hereof and in Article Seventh of the Consolidated Mortgage; (e) shall be issuable only as registered Bonds without coupons in denominations of \$1,000 and such multiples thereof as may from time to time be approved by the Company (such approval to be conclusively evidenced by the execution thereof) the several denominations of registered Bonds without coupons being interchangeable in like aggregate principal amounts; (f) shall be entitled to mandatory payments of principal to the extent provided in Section 1.04 hereof; and (g) shall be limited to the aggregate principal amount of not exceeding \$25,000,000, exclusive of Bonds authenticated and delivered upon transfer of or in exchange for other Bonds or in lieu of lost, stolen, destroyed or mutilated Bonds.

SECTION 1.02. The Bonds of Series I shall be redeemable at the option of the Company, at any time as a whole or from time to time in part (if less than all of the Bonds of Series I are to be redeemed, the Bonds to be redeemed shall be selected as provided in Section 1.04 hereof), upon notice given as provided in Section 7.04 of the Consolidated Mortgage, at the redemption prices (expressed in percentages of principal amount) set forth below plus in each case unpaid interest accrued thereon to the date fixed for redemption (which unpaid interest shall, however, be paid to the holders of record on the applicable Record Date to the extent provided in Section 1.01 hereof):

The Company and the Trustee may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for all purposes.

This Bond may be exchanged without charge (except for any governmental charge) at said office or agency for one or more registered Bonds without coupons of this series of other authorized denominations and for the same aggregate principal amount.

SUPPLEMENTAL INDENTURE (NO 16) Dated as of July 1, 1975  
TO  
GREAT NORTHERN RAILWAY COMPANY  
GENERAL GOLD BOND MORTGAGE  
Dated January 1, 1921

SUPPLEMENTAL INDENTURE, dated as of the 1st day of July, 1975, by and between BURLINGTON NORTHERN INC., a corporation duly organized and existing under the laws of the State of Delaware (hereinafter sometimes called the "Company"), party of the first part, and FIRST NATIONAL CITY BANK (successor by merger to THE FIRST NATIONAL BANK of the City of New York), a national banking association duly organized and existing under the laws of the United States of America (hereinafter sometimes called the "Trustee"), party of the second part.

Great Northern Railway Company has heretofore made, executed and delivered to The First National Bank of the City of New York, as Trustee, its General Gold Bond Mortgage (hereinafter called the "Original Indenture"), dated January 1, 1921, and supplements thereto dated respectively March 19, 1936, as of January 1, 1937, April 18, 1944, as of July 1, 1944, March 20, 1945, as of July 1, 1945, two supplements dated as of January 1, 1946, as of July 2, 1953, and as of September 1, 1954, under which General Mortgage Bonds of several series are outstanding. By further supplement dated as of March 2, 1970, the Company, in accordance with the provisions of Section 2 of Article Fifteen of the Original Indenture, has succeeded to, and been substituted for, Great Northern Railway Company, with the same effect as if it had been named in the Original Indenture as the party of the first part thereto; and by a second supplement dated as of March 2, 1970, the Company subjected to the lien of the Original Indenture, as theretofore supplemented and modified, property acquired by the Company by reason of the merger of the Chicago, Burlington & Quincy Railroad Company into the Company and described the mortgage which was a lien on such property and the amount of bonds secured thereby. By further supplements dated respectively as of July 1, 1970, as of January 1, 1971 and as of January 1, 1974, the Company authorized

additional series of General Mortgage Bonds (the Original Indenture as heretofore supplemented and modified being hereinafter sometimes called the "Mortgage").

The Company has by proper corporate action authorized the issuance under and pursuant to the terms of the Mortgage as supplemented and modified by this Supplemental Indenture of \$40,000,000 principal amount of its General Mortgage Bonds, Series V (said Bonds being hereinafter sometimes referred to as the "Series V Bonds").

The Company desires by this Supplemental Indenture to make provision with respect to the continuance of certain limitations, as more specifically hereinafter set forth, upon the right of the Company to issue bonds under the Mortgage, and to make other provisions with respect to the Series V Bonds.

The forms of the Series V Bonds in registered form and of the Trustee's certificate to be endorsed on the Series V Bonds are to be severally and respectively substantially as follows:

BURLINGTON NORTHERN INC.  
General Mortgage 9% Gold Bond, Series V  
Due January 1, 2010

Burlington Northern Inc., a Delaware corporation (hereinafter called the "Railway Company"), for value received, hereby promises to pay to or registered assigns, on the first day of January, 2010, at the office or agency of the Railway Company in the Borough of Manhattan, the City of New York, State of New York, Dollars in gold coin of the United States of America of or equal to the standard of weight and fineness as it existed on the first day of July, 1921, and to pay interest thereon from July 1 or January 1, as the case may be, next preceding the date hereof (unless this bond be dated July 1 or January 1, and in that event from the date of this bond), at the rate of 9% per annum, until said principal sum shall be paid, at said office or agency, in like gold coin, semi-annually on the first day of January and the first day of July in each year.

(The provision that the principal of, premium, if any, and interest on the within bond is payable in gold coin of the United States of America of or equal to the standard of weight and fineness as it existed on the first day of July 1921, was included therein compliance with the terms of the original indenture described in the within bond which was executed prior to the approval on June 5, 1943 of Public Resolution No. 10 of the 73rd Congress. Specific attention is called to the fact that said Public Resolution provides in part as follows:

"Every obligation, heretofore or hereafter incurred, whether or not any such provision is contained therein or made with respect thereto, shall be discharged upon payment, dollar for dollar, in any coin or currency which at the time of payment is legal tender for public and private debts.")

This bond is one of the General Mortgage Gold Bonds (coupon or registered) of the Railway Company issued and to be issued in one or more series under and pursuant to and equally secured by an indenture dated January 1, 1921, executed by the Railway Company to The First National Bank of the City of New York, Trustee (First National City Bank being successor Trustee by merger), (hereinafter called the "Indenture"), conveying all the property franchises of the Railway Company mentioned in said indenture, and Supplemental Indentures dated respectively March 19, 1936, as of January 1, 1937, April 18, 1944, as of July 1, 1944, March 20, 1945, as of July 1, 1945, two supplements dated as of January 1, 1946, as of July 2, 1953, as of September 1, 1954, two supplements dated as of March 2, 1970, as of July 1, 1970, as of January 1, 1971, as of January 1, 1974, and as of July 1, 1975 providing for the issuance of General Mortgage Gold Bonds, Series V, to which reference is hereby made for a statement of the property and franchises mortgaged, conveyed, pledged or assigned, the nature and extent of the security, and the rights of the holders of said bonds and of the said Trustee in respect to such security.

The authorized issue of bonds under said indenture is limited to an amount which, together with all then outstanding prior debt of the Railway Company or of a successor corporation as defined in said indenture, after deducting therefrom the amount of all bonds then reserved under the provisions of said indenture to retire prior debt at or before maturity, shall not exceed three times the par value (which, as provided in said Supplemental Indenture dated March 19, 1936, shall, in respect of shares without par value, be deemed the stated value) of the then outstanding, fully paid capital stock of the Railway Company or of a successor corporation.

The Series V Bonds are redeemable at the option of the Railway Company as a whole or in part at any interest payment date subsequent to January 1, 1976 upon publication of notice thereof in two newspapers of general circulation in the Borough of Manhattan, The City of New York, at least twice a week for nine successive weeks next preceding such interest payment date, and in the manner and otherwise as provided in said indenture, at the principal amount thereof, together with accrued interest to the date designated for redemption.

In case of certain defaults specified in said indenture, the principal of this bond and all of the bonds issued under said indenture may be declared and may become due and payable in the manner and with the effect provided in said indenture.

This bond is transferable by the registered holder hereof in person or by attorney duly authorized in writing, either at the office of the Railway Company in the City of St. Paul, State of Minnesota, or at its office or agency in the Borough of Manhattan, The City of New York, upon surrender and cancellation of this bond and thereupon a new registered bond, without coupons, of the same series will be issued to the transferee in exchange therefor as provided in said indenture. This bond also, in the manner prescribed in said indenture, is exchangeable for coupon bonds of the same series for the same aggregate principal amount and bearing all unmatured coupons. For such transfer or exchange a charge may be made, as provided in said indenture.

No recourse shall be had for the payment of the principal of or the interest upon this bond, or for any claim based hereon, or otherwise in respect hereof or of said indenture and supplements, against any incorporator, stockholder, officer or director, past, present or future, of the Railway Company or of any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being by the acceptance hereof, and as part of the consideration of the issue hereof, expressly released as provided in said indenture.

This bond shall not become obligatory for any purpose until it shall have been authenticated by the execution of the certificate hereon endorsed by First National City Bank as Trustee or its successor in trust under said indenture.

WHEREAS, the Company has by proper corporate action authorized the issuance of an additional series of Bonds under the Indenture to be known as "Consolidated Mortgage 9 $\frac{1}{4}$ % Bonds, Series E, Due 2000", hereinafter called the "Bonds of Series E", in the principal amount of \$100,000,000; and

WHEREAS, the Company desires by this Sixth Supplemental Indenture to evidence the terms and provisions, including redemption provisions, as determined by its Board of Directors, of the Bonds of Series E, all as more fully set forth herein; and

WHEREAS, all acts and things prescribed by law, by the Restated Certificate of Incorporation and By-Laws of the Company and by the Indenture have been duly performed and complied with to make this Sixth Supplemental Indenture and the Bonds of Series E, when duly executed, authenticated (in the case of such Bonds) and delivered, valid, binding and legal instruments in accordance with their respective terms: NOW, THEREFORE, THIS SIXTH SUPPLEMENTAL INDENTURE WITNESSETH:

That for and in consideration of the premises, and in consideration of the premises, and in consideration of the sum of Ten Dollars (\$10.00) lawful money of the United States of America duly paid by the Trustees to the Company at the time of delivery of this Sixth Supplemental Indenture, the receipt whereof is hereby acknowledged, the Company has executed and delivered this Sixth Supplemental Indenture and, for the same purposes as the original property described in or otherwise covered by the Indenture, has mortgaged, pledged, granted, given, bargained, sold, aliened, remised, released, conveyed, confirmed, assigned, transferred and set over and by these presents does mortgage, pledge, grant, give, bargain, sell, alien, remise, release, convey, confirm, assign, transfer and set over unto the Trustees, and to their successor or successors in the trust and their assigns \$40,000,000 principal amount of General Mortgage 9 $\frac{1}{4}$ % Gold Bonds, Series V, Due January 1, 2010, issued under and pursuant to the Great Northern Railway Company's General Gold Bond Mortgage, dated January 1, 1921, as supplemented and amended.

BUT IN TRUST NEVERTHELESS for the equal and proportionate benefit and security of all of the present and future holders of the Bonds (as defined in the Indenture) and of any coupons appurtenant thereto, and for the enforcement of the payment of the principal of the Bonds and the premium, if any, and interest thereon, when payable, and the performance of and compliance with the covenants and conditions of the Indenture and this Sixth Supplemental Indenture, without preference, priority or distinction as to lien or otherwise of any Bond over any other Bond of the same or any other series by reason of priority in the issue or negotiation or maturity thereof or otherwise, so that each and every Bond shall have the same right, lien and privilege under the Indenture and this Sixth Supplemental and the principal of, premium, if any, and interest payable on every such Bond shall be equally and ratably secured hereby, as if all such Bonds at any time outstanding had been executed, delivered and negotiated simultaneously with the execution and delivery of this Sixth Supplemental Indenture.

AND THIS SIXTH SUPPLEMENTAL INDENTURE FURTHER WITNESSETH:

That the Company covenants and agrees with the Trustees and with the respective holders from time to time of the Bonds and coupons issued and to be issued under the Indenture as follows:

#### ARTICLE I CREATION OF BONDS OF SERIES E

SECTION 1.01. There is hereby created a fifth series of Bonds to be issued under and secured by the Indenture to be known as "Consolidated Mortgage 9 $\frac{1}{4}$ % Bonds, Series E, Due 2000". The Bonds of Series E shall

- (1) be dated the date of authentication;
- (2) mature on July 1, 2000;
- (3) bear interest at the rate of 9 $\frac{1}{4}$ % per annum, payable semi-annually on January 1, and July 1, of each year, hereinafter sometimes called an "Interest Payment Date", from the Interest Payment Date next preceding the date of authentication thereof until payment of the principal amount thereof has been made or duly provided for except that: (a) any Bond of Series E authenticated before January 1, 1976, shall bear interest from July 1, 1975 unless clause (c) below is applicable; (b) if the Company shall default or be in default in the payment of interest upon Bond of Series E, such Bonds of Series E shall bear interest from the date of the beginning of the period for which interest is so in default; and (c) so long as there is no existing default in the payment of interest on the Bonds of Series E, any Bond of Series E authenticated after the close of business on any Record Date, as hereinafter defined, with respect to any Interest Payment Date and on or prior to such Interest Payment Date shall bear interest from such Interest Payment Date;
- (4) be payable as to principal, premium, if any, and interest at the office or agency of the Company in the Borough of Manhattan, City and State of New York, in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts;
- (5) be redeemable before maturity at the option of the Company as provided in Section 1.02 hereof;
- (6) be issuable only as registered Bonds without coupons in denominations of \$1,000 and any multiple thereof; and
- (7) be limited (except as provided in Section 1.09 of the Indenture) in aggregate principal amount to \$100,000,000.

So long as there is no existing default in the payment of interest on Bonds of Series E, the person in whose name any Bond of Series E is registered at the close of business on any Record Date with respect to any Interest Payment Date shall be entitled to receive the interest payable on such Interest Payment Date notwithstanding any transfer or exchange of such Bond of Series E subsequent to such Record Date. If and to the extent that the Company shall default in the payment of interest due on any Interest Payment Date with respect to any Bond of Series E, such defaulted interest shall be paid to the person in whose name such Bond of Series E is registered at the close of business on a subsequent record date established by notice given by mail, first class postage prepaid, by or on behalf of the Company to the holders of Bonds of Series E not less than 15 days prior to such subsequent record date, such record date to be not less than five days preceding the date of payment of such defaulted interest.

The term "Record Date", when used herein with respect to an Interest Payment Date, shall mean the June 15 or December 15 (whether or not a business day), as the case may be, next preceding such Interest Payment Date. Default in the payment of interest means in this Section 1.01 failure to pay interest on the applicable Interest Payment Date disregarding any period of grace applicable under Section 7.01 of the Indenture.

SECTION 1.02. The Bonds of Series E shall be redeemable prior to maturity, in whole at any time or in part from time to time, at the option of the Company, at a redemption price equal to 100% of the principal amount of Bonds of Series E to be redeemed, together with accrued interest to the date fixed for redemption.

Whenever less than all of the Bonds of Series E are to be redeemed, the Corporate Trustee shall select, in such manner as it shall deem appropriate and fair, the particular Bonds of Series E or portions of such Bonds to be redeemed and shall notify the Company in writing of the numbers and principal amounts of the Bonds or portions thereof so selected. The Company shall give the Corporate Trustee written notice at least 50 days (or such lesser period as shall be acceptable to the Corporate Trustee) prior to any redemption date selected by the Company of the aggregate principal amount of Series E to be redeemed.

The Company shall not be required to and, if so requested by the Corporate Trustee, shall not (i) issue, transfer or exchange any Bonds of Series E during a period beginning at the opening of business 15 days before any selection of Bonds of Series E for redemption and ending at the close of business on the date of such selection or (ii) transfer or exchange any Bond or Series E or portion thereof so selected for redemption; and the Corporate Trustee shall not be required to authenticate and deliver any Bonds of Series E during the period specified in (i) above or in lieu of Bonds of Series E or portions thereof selected for redemption.

The provisions of Sections 3.04 to 3.08, inclusive, of the Indenture shall, so far as applicable, apply to and govern the redemption of Bonds of Series E, except that any installment of interest which by the terms of the Bonds of Series E is due and payable on any Interest Payment Date occurring on prior to a redemption date shall be payable to the persons in whose names the Bonds of Series E were registered on the relevant Record Date, and except as otherwise expressly provided in this Sixth Supplemental Indenture.

SECTION 1.03. The Bonds of Series E and the Corporate Trustee's certificate of authentication to be endorsed thereon shall be substantially in the following forms, respectively:

#### (FORM OF FACE OF BOND OF SERIES E) BURLINGTON NORTHERN INC.

Consolidated Mortgage 9 $\frac{1}{4}$ % Bond, Series E, Due 2000

BURLINGTON NORTHERN INC., a corporation duly organized and existing under the laws of the State of Delaware (hereinafter called the "Company"), for value received, hereby promises to pay to, or registered assigns, at the office of the Company in the Borough of Manhattan, City and State of New York, the principal sum of

DOLLARS on July 1, 2000, in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts, and to pay interest on said principal at the rate of 9 $\frac{1}{4}$ % per annum, at said office or agency in like coin or currency, from the interest payment date next preceding the date of this Bond to which interest has been paid or duly provided for or July 1, 1975, whichever is later (unless this Bond is dated after any June 15 or December 15, and on or prior to the next succeeding July 1 or January 1, as the case may be, in which case, if interest is paid in accordance with the proviso of this sentence, from such succeeding July 1 or January 1), semi-annually on July 1 and January 1 of each year, until payment of said principal sum has been made or duly provided for; provided, however, that so long as there is no existing default in the payment of interest (and except for the payment of defaulted interest), the interest payable on any July 1 and January 1 will be paid to the person in whose name this Bond was registered at the close of business (whether or not a business day) on the June 15 or December 15, as the case may be, next preceding such interest payment date. If and to the extent that the Company shall default in the payment of interest due on any July 1 or January 1, such defaulted interest shall be paid to the person in whose name this Bond was registered at the close of business on a subsequent record date established by notice for the payment of such defaulted interest, which notice shall be given not less than 15 days prior to such record date.

This Bond is one of the Consolidated Mortgage Bonds of the Company, herein sometimes called the Bonds, all issued and to be issued in one or more series under, and equally secured by, an indenture, dated March 2, 1970, executed by the Company to MORGAN GUARANTY TRUST COMPANY OF NEW YORK, a corporation duly organized and existing under the laws of the State of New York (herein called the "Corporate Trustee"), and JACOB M. FORD II, as Trustees, herein, as amended and supplemented from time to time, sometimes called the "Indenture", to which Indenture and any and all supplements thereto reference is hereby made for a description of the properties and franchises mortgaged and pledged, the nature and extent of security and the rights of the holders of the Bonds and coupons and the rights, duties and immunities of the Trustees thereunder.

No reference herein to the Indenture and no provision of this Bond or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Bond at the time and place and at the rate or rates and in the currency herein prescribed.

This Bond is one of a series of the Bonds known as Consolidated Mortgage 9 $\frac{1}{4}$ % Bonds, Series E, Due 2000 (hereinafter called the "Bonds of Series E") created by a Sixth Supplemental Indenture, dated as of July 1, 1975, to the Indenture. The aggregate principal amount of Bonds of Series E which may be outstanding at any time is limited to the principal amount of \$100,000,000, except as otherwise provided in the Indenture.

The Bonds are issuable in series and the several series of Bonds may be for varying aggregate principal amounts, and the Bonds of any one series may differ from the Bonds of any other series as to denomination, date, maturity, interest rate, redemption, conversion, and sinking fund provisions, if any, place or places and money or moneys of payment, registration and otherwise, all as in the Indenture provided.

If an Event of Default as defined in the Indenture shall occur, the principal of the Bonds may be declared or may become due and payable in the manner and with the effect provided in the Indenture.

As more particularly provided in the Indenture and such Sixth Supplemental Indenture, the Bonds of Series E are redeemable prior to maturity, in whole at any time or in part from time to time, at the option of the Company, upon notice as provided in the Indenture, at a redemption price equal to 100% of the principal amount of Bond of Series E to be redeemed, together with accrued interest to the date fixed for redemption.

The Indenture permits the amendment thereof and the modification or alteration in any respect of the rights and obligations of the Company and the rights of the holders of the Bonds of all or any series and the holders of appurtenant coupons, if any, thereunder at any time by the concurrent action of the Company and of the holders of specified percentages of the Bonds then outstanding affected by such amendment, modification or alteration, including, in the case, among others, of a modification of the terms of payment of the principal of, or interest on, this Bond, the consent of the holder hereof, all as more fully provided in the Indenture.

This Bond is transferable at the office or agency of the Company in the Borough of Manhattan, City

and State of New York, upon the surrender hereof accompanied by written instrument of transfer in form approved by the Company or the Corporate Trustee, executed by the registered holder hereof or by duly authorized attorney, and thereupon a new Bond of Series E in the same aggregate principal amount will be issued to the transferee in exchange hereof, all as provided in the Indenture.

The Company, the Corporate Trustee, any paying agent and any registrar of the Bonds of Series E may for all purposes treat the person in whose name this Bond is registered as the absolute owner hereof, notwithstanding any notice to the contrary.

The Bonds of Series E are issuable in the denomination of \$1,000 or any multiple thereof. The Bonds of Series E are issuable only as registered Bonds without coupons. The several denominations of Bonds of Series E are interchangeable in like aggregate principal amounts upon presentation for that purpose as provided in the Indenture.

No service charge will be made for any transfer or exchange of this Bond, but the Company may require the payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

No recourse shall be had for the payment of the principal of, or interest on this Bond against any incorporator, stockholder, officer or director, as such, of the Company by virtue of any statute or by the enforcement of any assessment, or otherwise, howsoever.

This Bond shall not be secured by or entitled to any benefits under the Indenture, or be valid or obligatory for any purpose, until this Bond shall have been authenticated by the certificate hereon of the Corporate Trustee.

IN WITNESS WHEREOF, Burlington Northern Inc. has caused this Bond to be signed by the manual or facsimile signature of its Chairman of the Board or its President or one of its Vice Presidents and its corporate seal or a facsimile thereof to be affixed hereto or imprinted hereon and to be attested by the manual or facsimile signature or its Secretary or one of its Assistant Secretaries.

BURLINGTON NORTHERN INC., hereinafter called Railway Company, hereby leases to

Lessee, the following premises, situated at SUPERIOR hereinafter called  
station, in the County of DOUGLAS and State of WISCONSIN to wit:

All that part of the premises of the said Railway Company as shown outlined in  
red on the print hereto attached, marked Exhibit "A" dated January 20, 1977, and made  
a part hereof.

TO HAVE AND TO HOLD subject to the provisions following for the term of twenty (20)  
years commencing APRIL 1, 1977 and ending MARCH 31, 1997.

1. (a) Lessee shall occupy and continue to use said premises during the term for  
the purposes of maintaining and operating thereon a warehouse and for no other pur-  
pose.

(b) If a building or buildings have not already been constructed on said pre-  
mises, Lessee shall, within six months of the effective date of this lease, begin the  
construction and complete within 18 months of said date, a building or buildings ac-  
cording to plans and specifications submitted to and approved by Railway Company in  
advance of construction, in event of destruction thereof within twelve months after  
the date of said destruction.

2. As annual rental Lessee shall pay annually in advance the sum of ONE THOU-  
SAND AND NO/100 DOLLARS (\$1,000.00),

for the first five (5) years of the term. The parties shall by rental agreement  
executed in writing by both parties, agree upon the rental to be paid during any succeed-  
ing five (5) year period. Acceptance of any rental for any portion of any succeeding  
five (5) year period not in accordance with an executed rental agreement applicable to  
said period even though a bill has been rendered and payment made thereof, shall not  
constitute an agreement as to the rate of rental to be paid during such succeeding five  
(5) year period. If, after expiration of any five (5) year period, the parties fail  
to agree upon the rental for the succeeding period, either party deeming it impossible to  
fix the rental by mutual agreement may by choosing an appraiser as hereinafter provided  
cause the rental to be determined in the following manner: The value of said premises  
shall be determined by appraisers and the rental shall be fixed by Railway Company

433

based upon the appraised valuation. The party desiring the appraisal may choose one appraiser  
after which the other party shall have twenty (20) days in which to choose an appraiser. Should  
a second appraiser not be chosen within said twenty (20) days, the party naming the first appraiser  
may choose the second appraiser. The two so chosen shall select a third appraiser within twenty  
(20) days, and if they fail to do so, the selection on application of either party may be  
made by any Justice of the Supreme Court of the state in which said premises are located. The  
decision of any two of such appraisers shall be binding upon the parties, but in no case shall  
the rental be less than that agreed upon for the first five (5) years of the term. If the term  
of this lease is not a multiple of five (5) then rental for the final period of less than five  
(5) years shall be determined in the same manner as hereinafter provided for the fixing of annual  
rental during a five (5) year period subsequent to the first five (5) year period.

3. (a) Lessee shall pay all general taxes, license fees, or other charges applicable to or  
assessed against said premises, or any part thereof, during the term of this lease, including those  
for the year 1977, even though such taxes, license fees, or other charges may not become due  
and payable until after expiration or cancellation of this lease. Any special assessment for  
public improvements assessed or levied against said premises, or any part thereof, will be paid  
by Railway Company, and the annual rental specified above will be increased from the date of such  
payment in a sum equal to 12% of the amount of such special assessment. If any taxes or special  
assessment is applicable to or assessed or levied against any tract or parcel of which said  
premises are a part, Railway Company may allocate the taxes or special assessment among the  
various parts of said tract or parcel, including said premises. In case of taxes, Lessee will  
pay the part all allocated to said premises; and in the case of special assessments, Railway  
Company will pay the same and Lessee will pay increased rental as above provided.

(b) In case of nonpayment of rental, taxes, license fees, or other charges, the same  
shall, until paid, constitute a lien upon any buildings or other property owned by Lessee located  
upon said premises, and the lien may be foreclosed according to law. Lessee shall not remove  
said buildings or other property until said rental, taxes, license fees, or other charges have been  
paid unless directed to do so by Railway Company.

4. Without the consent and approval of the Division Superintendent of Railway Company, no  
structure shall be erected on said premises by Lessee if the same is not to be placed parallel  
to the main track of Railway Company. Lessee shall paint and keep painted any frame building  
located upon said premises with a color satisfactory to Railway Company. Lessee shall not place  
or permit to be placed any advertising matter upon any part of said premises or upon any improve-  
ments thereon except such as is necessary to advertise Lessee's own business.

5. (a) No building or structure erected on said premises shall have a swinging door or  
window opening towards any railway track, which, when open, will restrict the clearance to less  
than 8.5 feet from the center line of such track.

(b) Lessee shall not place or permit to be placed, or to remain, any material, structure,  
pole or other obstruction within 8.5 feet laterally of the center line, or within 23 feet vertically  
from the top of the rails, of any track.

(c) Lessee agrees to indemnify and save harmless Railway Company from all loss, damage,  
penalties, costs or judgments that may be assessed against or recovered from it on account  
of or in any manner growing out of a violation of a violation of the provisions of this paragraph  
5.

6. (a) It is understood by the parties that said premises are in dangerous proximity to  
the tracks of Railway Company and that property on said premises will be in danger of injury or  
destruction by fire incident to the operation, maintenance or improvement of the railway, and  
Lessee accepts this lease subject to such dangers. It is therefore agreed, as one of the material  
considerations of this lease without which the same would not be granted, that Lessee assumes all  
risk of loss, damage or destruction by fire to buildings or contents or to any other property  
brought upon or in proximity to said premises by Lessee, or by any other person with the consent  
or knowledge of Lessee, without regard to whether such fire be the result of negligence or mis-  
conduct of any person in the employ or service of Railway Company or of detective appliances,  
engines, or machinery; except to the premises of Railway Company and to rolling stock belonging  
to Railway Company or to others, and to shipments of third parties in the course of transpor-  
tation. Lessee hereby indemnifies and agrees to protect Railway Company from all such loss, damage  
or destruction to property, including claims and causes of action asserted against Railway Com-  
pany by any insurer of said property.

(b) Lessee also agrees to indemnify and hold harmless Railway Company for loss, damage,  
injury, or death from any act or omission of Lessee, Lessee's invites, licenses, employees, or  
agents, to the person or property of the parties hereto and their employees, and to the person  
or property of any other person or corporation while on or near said premises; and if any claim  
or liability other than from fire shall arise from the joint or concurring negligence of both  
parties hereto, it shall be borne by them equally.

7. It is agreed that the provisions of paragraphs 5 and 6 are for the equal protection of  
any other railroad company or companies heretofore or hereafter granted the joint use of Railway  
Company's property of which said premises are a part.

8. (a) If Lessee shall default in any covenant or agreement herein assumed, and such  
default shall not be remedied or corrected within thirty (30) days after written notice by Rail-  
way Company to Lessee of such default, this lease shall terminate without further notice. Any  
waiver by Railway Company of any default shall not be construed as a waiver of any subsequent  
default, while such default continues Lessee shall not remove from said premises any building  
or other property owned by Lessee unless directed to do so by Railway Company.

(b) If Railway Company shall require said premises for railroad purposes at any time  
during the term, or shall desire the same for any purposes whatever at any time after five years  
from the date hereof it may terminate this lease upon written notice of not less than six months.  
In case of such termination Railway Company shall purchase from Lessee this building or buildings  
owned by Lessee located on said premises, but shall not purchase equipment or movable fixtures  
or any of the contents thereof which are capable of being removed therefrom without damage to the  
said building or buildings. Railway Company shall pay a sum equal to the fair market value of  
said building or buildings at the time such notice is given. If the parties fail to agree on the  
said value, the same shall be determined by three disinterested appraisers selected in the  
manner hereinbefore provided, and the value agreed upon by any two of said appraisers shall

434

be paid by Railway Company. In the event of termination of this lease pursuant to notice in accordance with this paragraph 8 (b), Lessee, before the termination date fixed in said notice, shall remove from said premises Lessee's property not purchased by Railway Company, and in case of failure to do so, Railway Company may remove such property at the cost of Lessee, or may appropriate same to its own use without compensation.

(c) Any notice to be given by Railway Company as herein provided shall be good if served personally upon Lessee, posted upon said premises, or deposited in the United States mail addressed to Lessee at

14 East Michigan Street, Duluth, Minnesota 55802.

9. Except as otherwise provided in paragraphs 3 (b) and 8 (a) hereof, upon the expiration of this lease, Lessee, before said lease expires shall remove Lessee's property and improvements from said premises and fill all excavations thereon and in case of failure to do so, Railway Company may remove such property and improvements and fill the excavations at the cost of Lessee, or may appropriate the same to its own use without compensation.

10. Lessee shall not permit the existence of any nuisance nor the accumulation of any material or refuse on said premises or adjacent to the tracks of Railway Company and shall at all times keep same in a clean and sanitary condition and shall comply with all laws and regulations in reference to combustible or flammable materials on said premises.

11. Railway Company reserves the right at any time to change the grade of its tracks without compensation to Lessee, and in the event such change is made, or the grade of any highway in proximity to said premises is changed, Lessee shall bear all expense necessary to adapt said premises and improvements thereon to the changed conditions.

12. Railway Company reserves the right to maintain its existing facilities and to construct or permit the construction of additional facilities on said premises for the benefit of or for the purpose of serving Railway Company or other Lessees of Railway Company and also the right to enter upon said premises for the purpose of constructing, reconstructing, repairing, operating, relocating and removing said facilities.

13. This lease is granted subject to permits, leases and licensees, if any, heretofore granted by Railway Company affecting said premises.

14. (a) Without the written consent of Railway Company, Lessee shall not assign this lease or any interest therein or sublet, and no heir, executor, administrator, receiver, master, sheriff, trustee in bankruptcy or other assignee by operation of law shall assign or sublet without such written consent.

(b) In the event of assignment of this lease Railway Company, having no advice to the contrary, shall at such time credit all unearned rental hereunder to the assignee. Any other disposition of unearned rental will be made by Railway Company only upon the joint written request of both Lessee and Lessee's assignee of the time of submitting said assignment to Railway Company for its consent.

CHICAGO, MILWAUKEE, ST. PAUL AND PACIFIC RAILROAD COMPANY, a corporation duly organized and existing under the laws of the State of Wisconsin, and having its principal office in the City of Chicago, State of Illinois (herein referred to as the "Railroad Company"), for value received, hereby promises to pay to bearer or, if this Bond be registered as to principal, then to the registered holder hereof, on January 1, 1994, the principal sum of One Thousand Dollars (\$1,000) in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts; and to pay interest on said principal sum in like coin or currency from June 1, 1967, at the rate of 6% per annum, semi-

5

This Bond is one of the First Mortgage Bonds of the Railroad Company (herein referred to as the "Bonds"), not limited in aggregate principal amount except as provided in the Mortgage, issued and to be issued under, and all equally and ratably secured by, a mortgage and deed of trust dated as of January 1, 1944 (herein referred to as the "Mortgage"), duly executed and delivered by the Railroad Company to Continental Illinois National Bank and Trust Company of Chicago, Trustee, and its successors in trust (which Trustee and its successors in trust are hereinafter referred to as the "Trustee"), to which Mortgage and all indentures supplemental thereto reference is hereby made for a description of the property mortgaged and pledged, the nature and extent of the security, the rights of and restrictions upon the Railroad Company and the holders of the Bonds and coupons in respect of such security, the rights, duties and immunities of the Trustee and the terms and conditions under which the Bonds are, and may be, issued and secured. By the terms of the Mortgage, the Bonds may be for various principal sums and are issuable in series, and the Bonds of any series may

437

438

differ from the Bonds of any other series as to denomination, date, maturity, interest rate, redemption and otherwise, all as in the Mortgage provided. Bonds of Series C, of which this is one, are designated as the "First Mortgage 6% Bonds, Series C, due January 1, 1994," and the aggregate principal amount thereof is limited to \$1,848,000.

If an event of default as defined in the Mortgage shall occur, the principal of this Bond may be declared or may become due and payable prior to the stated date of maturity hereof in the manner, with the effect and subject to the conditions provided in the Mortgage.

The Mortgage contains provisions permitting the Railroad Company and the Trustee at any time or times, with the consent of the holders of not less than 75% in principal amount of all of the Bonds at the time outstanding, evidenced as in the Mortgage provided, and with the approval of the Interstate Commerce Commission or other public regulatory body having jurisdiction in the premises, to extend the time or times of payment of the principal, either before or after the principal is due, of all of the Bonds of any or all series then outstanding, whether bearing fixed or contingent interest for a period of not exceeding 20 years beyond the original date or dates designated in such Bonds for the payment of the principal thereof, or to extend the time or times of payment of any fixed interest or accumulations of contingent interest, either before or after the interest is due, on the Bonds of any or all series then outstanding, whether bearing fixed or contingent interest, for a period not exceeding 5 years after such interest is due but not beyond the original or extended date or dates for the payment of the principal of such Bonds. 7

thereto or the rights of the holders of the Bonds and coupons to be directly affected thereby or the rights and obligations of the Railroad Company, or to sanction any compromise of the rights of the holders of such Bonds against the Railroad Company, or against its property, or to sanction or approve any plan for the reorganization, readjustment or liquidation of the Railroad Company. Any such consent of the holder of this Bond (unless effectively revoked as provided in the Mortgage) shall be conclusive and binding upon such holder and upon all future holders of this Bond. Without the consent of the holder of this Bond, as evidenced by an appropriate legend endorsed hereon, no such extension, modification, alteration, addition, elimination, sanction or approval shall (i) alter or impair the obligation of the Railroad Company to pay the principal amount of or the interest on this Bond, or change the place or the medium of payment thereof, or (ii) permit the creation by the Railroad Company of any mortgage or other lien ranking prior to or on a parity with the lien of the Mortgage or of any indenture supplemental thereto, with respect to any property covered thereby, otherwise than as permitted by the Mortgage, or (iii) effect a reduction of the percentage required for any action authorized to be taken by the holders of the Bonds.

This Bond is subject to redemption at any time prior to maturity for the purpose of the Contingent Sinking Fund pursuant to Article VIII of the Mortgage or at the option of the Railroad Company, in each case upon publication of notice of such redemption once each week for 4 successive weeks in a newspaper printed in the English language and customarily published on each business day and of general circulation in the Borough of Manhattan, City and State of New York, and in a like newspaper published on each business day and of general circulation in the City of Chicago, State of Illinois, the first publication to be not less than 30 days and not more than 60 days before the date fixed for redemption if such date is an interest-payment date, and not less than 60 days and not more than 90 days before the date fixed for redemption if such date is not an interest-payment date, all as provided in the Mortgage, at a redemption price equal to the principal amount thereof, plus all accrued inter-

est on such principal amount to the date fixed for redemption and a premium equal to 5% of such principal amount decreased by  $\frac{1}{4}$  of 1% for each twelve (12) months' period elapsed after June 1, 1967, to and including June 1, 1987, but without premium if redeemed after June 1, 1987.

This Bond is transferable by delivery unless registered as to principal. This Bond may be registered as to principal at the office or agency maintained by the Railroad Company in said City of Chicago or in said Borough of Manhattan, on registry books kept for such purpose at such office or agency, such registration being noted hereon, after which no transfer hereof shall be valid unless made on said books at either said office or agency by the registered holder in person or by his attorney duly authorized in writing, and similarly noted hereon; but this Bond may be discharged from such registration by like transfer to bearer noted hereon, whereupon transferability by delivery shall be restored. Such registration, however, shall not affect the transferability by delivery of the coupons for the interest hereon, and such coupons shall continue to be payable to bearer and transferable by delivery.

The Railroad Company, the Trustee, and paying agent and any bond registrar may deem and treat the bearer hereof, or if registered as to principal the registered holder hereof, and the bearer of any interest coupon appertaining hereto, whether or not this Bond shall be registered as to principal, as the absolute owner of this Bond or such coupon, as the case may be (whether or not this Bond or such coupon shall have become due and payable), for the purpose of receiving any payment then being made of or on account of the principal hereof, premium if any, and interest hereon, and for all other purposes, and neither the Railroad Company nor the Trustee nor any paying agent nor any bond registrar shall be bound by any notice to the contrary.

The coupon Bonds of this Series are issuable in denominations of \$1,000 only. The registered Bonds without coupons of this Series are issuable in denominations of \$1,000 and in multiples of \$1,000. Upon presentation thereof for

that purpose at the office or agency maintained by the Railroad Company in said City of Chicago, or in said Borough of Manhattan, and in the manner, subject to the limitations, and upon payment of the charges provided in the Mortgage, coupon Bonds of this Series, with all unmatured coupons and any matured coupons in default appertaining thereto, may be exchanged for a like aggregate principal amount of registered Bonds without coupons of this Series of authorized denominations, and registered Bonds without coupons of this Series may be exchanged for a like aggregate principal amount of coupon Bonds of this Series of the denomination of \$1,000 and bearing all unmatured coupons and any matured coupons in default appertaining thereto, or for a like aggregate principal amount of registered Bonds without coupons of this Series of other authorized denominations.

As provided in the Mortgage, no recourse shall be had for the payment of the principal of or the interest on this Bond, or for any claim based hereon, or because of the creation of indebtedness represented hereby, or otherwise in respect hereof, or based on or in respect of the Mortgage or any indenture supplemental thereto, against any past, present or future incorporator, stockholder, officer or director, as such, of the Railroad Company or of any successor corporation, whether by virtue of any constitution, statute or rule of law or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issue hereof, expressly waived and released.

Neither this Bond nor any interest coupon appertaining hereto shall be valid or become obligatory for any purpose unless and until the certificate of authentication hereon shall have been signed by the Trustee under the Mortgage.

IN WITNESS WHEREOF, the Chicago, Milwaukee, St. Paul and Pacific Railroad Company has caused this Bond to be signed by its President or one of its Vice Presidents, and its corporate seal to be affixed hereto and attested by its Secretary or an Assistant Secretary, and coupons for interest bearing the

DUE JANUARY 1, 1994

CHICAGO, MILWAUKEE, ST. PAUL AND PACIFIC RAILROAD COMPANY, a corporation duly organized and existing under the laws of the State of Wisconsin, and having its principal office in the City of Chicago, State of Illinois (herein referred to as the "Railroad Company"), for value received, hereby promises to pay to ..... or registered assigns, on January 1, 1994, the principal sum of ..... Dollars (\$.....) in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts; and to pay interest on said principal sum in like coin or currency from and including the date hereof at the rate of 6% per annum, semi-annually on the first days of January and July in each year, until said principal sum becomes due and payable as herein provided and, if default be made in the payment of said principal sum when so due and payable, thereafter (to the extent permitted by law) at the highest rate of interest borne by any of the Bonds outstanding under the Mortgage hereinafter referred to until the Railroad Company's obligation with respect to the payment of said principal sum shall be discharged as provided in the Mortgage.

The principal of, premium if any, and interest on this Bond are payable at the office or agency of the Railroad Company in the City of Chicago, State of Illinois, or at the option of the registered holder hereof at the office or agency of the Railroad Company in the Borough of Manhattan, City and State of New York.

This Bond is one of the First Mortgage Bonds of the Railroad Company (herein referred to as the "Bonds"), not limited in aggregate principal amount except as provided in the Mortgage, issued and to be issued under, and all equally and

ratably secured by, a mortgage and deed of trust dated as of January 1, 1944 (herein referred to as the "Mortgage"), duly executed and delivered by the Railroad Company to Continental Illinois National Bank and Trust Company of Chicago, Trustee, and its successors in trust (which Trustee and its successors in trust are hereinafter referred to as the "Trustee"), to which Mortgage and all indentures supplemental thereto reference is hereby made for a description of the property mortgaged and pledged, the nature and extent of the security, the rights of and restrictions upon the Railroad Company and the holders of the Bonds and coupons in respect of such security, the rights, duties and immunities of the Trustee and the terms and conditions under which the Bonds are, and may be, issued and secured. By the terms of the Mortgage, the Bonds may be for various principal sums and are issuable in series, and the Bonds of any series may differ from the Bonds of any other series as to denomination, date, maturity, interest rate, redemption and otherwise, all as in the Mortgage provided. Bonds of Series C, of which this is one, are designated as the "First Mortgage 6% Bonds, Series C, due January 1, 1994," and the aggregate principal amount thereof is limited to \$1,348,000.

If an event of default as defined in the Mortgage shall occur, the principal of this Bond may be declared or may become due and payable prior to the stated date of maturity hereof in the manner, with the effect and subject to the conditions provided in the Mortgage.

The Mortgage contains provisions permitting the Railroad Company and the Trustee at any time or times, with the consent of the holders of not less than 75% in principal amount of all of the Bonds at the time outstanding, evidenced as in the Mortgage provided, and with the approval of the Interstate Commerce Commission or other public regulatory body having jurisdiction in the premises, to extend the time or times of payment of the principal, either before or after the principal is due, of all of the Bonds of any or all series then outstanding, whether bearing fixed or contingent interest, for a period of not exceeding 20 years beyond the original date or dates designated in such Bonds for the payment of the principal thereof, or to extend the time or times of pay-

ment of any fixed interest or accumulations of contingent interest, either before or after the interest is due, on the Bonds of any or all series then outstanding, whether bearing fixed or contingent interest, for a period not exceeding 5 years after such interest is due but not beyond the original or extended date or dates for the payment of the principal of such Bonds. The Mortgage also contains provisions permitting the Railroad Company and the Trustee at any time or times, with the consent of the holders of not less than 66 2/3% in principal amount of the Bonds to be directly affected thereby, evidenced as in the Mortgage provided, and with the approval of the Interstate Commerce Commission or other public regulatory body having jurisdiction in the premises, to modify, alter, add to or eliminate in any manner any of the provisions of the Mortgage or of any indenture supplemental thereto or the rights of the holders of the Bonds and coupons to be directly affected thereby or the rights and obligations of the Railroad Company, or to sanction any compromise of the rights of the holders of such Bonds against the Railroad Company or against its property, or to sanction or approve any plan for the reorganization, readjustment or liquidation of the Railroad Company. Any such consent of the holder of this Bond (unless effectively revoked as provided in the Mortgage) shall be conclusive and binding upon such holder and upon all future holders of this Bond. Without the consent of the holder of this Bond, no such extension, modification, alteration, addition, elimination, sanction or approval shall (i) alter or impair the obligation of the Railroad Company to pay the principal amount of or the interest on this Bond, or change the place or the medium of payment thereof, or (ii) permit the creation by the Railroad Company of any mortgage or other lien ranking prior to or on a parity with the lien of the Mortgage or of any indenture supplemental thereto, with respect to any property covered thereby, otherwise than as permitted by the Mortgage, or (iii) effect a reduction of the percentage required for any action authorized to be taken by the holders of the Bonds.

This Bond, or portions thereof amounting to \$1,000 or multiples of \$1,000, is subject to redemption at any time prior to maturity for the purpose of the Contingent Sinking Fund

pursuant to Article VIII of the Mortgage or at the option of the Railroad Company, in each case upon publication of notice of such redemption once each week for 4 successive weeks in a newspaper printed in the English language and customarily published on each business day and of general circulation in the Borough of Manhattan, City and State of New York, and in a like newspaper published on each business day and of general circulation in the City of Chicago, State of Illinois, the first publication to be not less than 30 days and not more than 60 days before the date fixed for redemption if such date is an interest-payment date, and not less than 60 days and not more than 90 days before the date fixed for redemption if such date is not an interest-payment date, all as provided in the Mortgage, at a redemption price equal to the principal amount to be redeemed, plus all accrued interest on such principal amount to the date fixed for redemption and a premium equal to 5% of such principal amount decreased by  $\frac{1}{4}$  of 1% for each twelve months' period elapsed after June 1, 1967, to and including June 1, 1987, but without premium if redeemed after June 1, 1987.

This Bond is transferable by the registered holder hereof in person (or by his attorney duly authorized in writing) at the office or agency maintained by the Railroad Company in said City of Chicago or in said Borough of Manhattan, on registry books kept for such purpose at such office or agency, but only in the manner, subject to the limitations, upon payment of the charges provided in the Mortgage, and upon surrender and cancellation of this Bond. Upon any such transfer a new registered Bond or Bonds without coupons of the same series and maturity date and of authorized denominations for the same aggregate principal amount will be issued to the transferee in exchange therefor.

The Railroad Company, the Trustee, any paying agent and any bond registrar may deem and treat the registered holder hereof as the absolute owner of this Bond (whether or not this Bond shall have become due and payable), for the purpose of receiving any payment then being made of or on account of the principal hereof, premium if any, and interest hereon, and for all other purposes, and neither the Railroad Company nor

the Trustee nor any paying agent nor any bond registrar shall be bound by any notice to the contrary.

The coupon Bonds of this Series are issuable in denominations of \$1,000 only. The registered Bonds without coupons of this Series are issuable in denominations of \$1,000 and multiples of \$1,000. Upon presentation thereof for that purpose at the office or agency maintained by the Railroad Company in said City of Chicago or in said Borough of Manhattan, and in the manner, subject to the limitations, and upon payment of the charges provided in the Mortgage, coupon Bonds of this Series, with all unmatured coupons and any matured coupons in default appertaining thereto, may be exchanged for a like aggregate principal amount of registered Bonds without coupons of this Series of authorized denominations, and registered Bonds without coupons of this Series may be exchanged for a like aggregate principal amount of coupon Bonds of this Series of the denomination of \$1,000 and bearing all unmatured coupons and any matured coupons in default appertaining thereto, or for a like aggregate principal amount of registered Bonds without coupons of this Series of other authorized denominations.

As provided in the Mortgage, no recourse shall be had for the payment of the principal of or the interest on this Bond, or for any claim based hereon, or because of the creation of indebtedness represented hereby, or otherwise in respect hereof, or based on or in respect of the Mortgage or any indenture supplemental thereto, against any past, present or future incorporator, stockholder, officer or director, as such, of the Railroad Company or of any successor corporation, whether by virtue of any constitution, statute or rule of law or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issue hereof, expressly waived and released.

This Bond shall not be valid or become obligatory for any purpose unless and until the certificate of authentication hereon shall have been signed by the Trustee under the Mortgage.

The third paragraph of Article II is amended to provide as follows:

The sixth paragraph of Article II is amended to provide as follows:

"If any vacancy shall occur in the Board of Directors during a term, other than a vacancy in the two directorships created pursuant to subparagraph (5) of paragraph (b) of Part B in Section 3 of Article IV, the remaining directors by affirmative vote of a majority thereof shall elect a director to fill such vacancy until the next annual meeting of stockholders, and the stockholders at such meeting shall elect a director to fill such vacancy for the remainder of such term, if it does not expire at such meeting. A vacancy in the two directorships created pursuant to subparagraph (5) of paragraph (b) of Part B in Section 3 of Article IV shall be filled in accordance with that subparagraph."

Section 2 and the first clause of Section 3 preceding Part A of Article IV are amended to provide as follows:

"Section 2. Effective upon the filing of these Amendments to the Amendments of the Charter and Articles of Incorporation with the Secretary of State of the State of Wisconsin, the corporation shall be authorized to issue 3,807,451 shares of capital stock, of which 1,150,000 shares shall be classified as Preferred Stock of the par value of \$100 each, 20,000 shares shall be classified as Redeemable Preference

\*Italics denote additions to present Charter.

Shares ("Preference Shares") of the initial par value of \$10,000 each, and 2,637,451 shares shall be classified as Common Stock without par value.

Section 3. The designations and the relative rights, preferences, limitations and restrictions appertaining to the shares of Preferred Stock, Preference Shares and Common Stock, respectively, shall be as hereinafter provided in this Section 3, to-wit: "

Paragraph (a) of the second paragraph of Part A is amended to provide as follows:

"(a) Dividends. Subject to the rights of the holders of each series of Preference Shares to receive annual dividends at the rate set forth in the resolution of the Board of Directors providing for the issuance of such series and to receive cumulated dividends and redemption installments before any distribution of assets, net profits, earned surplus or other capital is made on shares of Preferred Stock, the holders of shares of Series A Preferred Stock shall be entitled to have declared and paid, or declared and set apart for payment, preferential dividends aggregating \$5 per share during each calendar year before any dividends shall be declared or paid or set apart for payment during the same calendar year on the shares of any other series or class of stock junior to the shares of Series A Preferred Stock, subject to the following:

(i) Such preferential dividends shall be payable during any calendar year only when and as declared payable by the Board of Directors of the corporation out of Available Net Income of the corporation for the preceding calendar year or out of the accumulated earned surplus of the corporation for prior calendar years legally available therefor; and

(ii) Such preferential dividends, if and to the extent not declared before the close of any calendar year, shall not accumulate regardless of the amount of Available Net Income or accumulated earned surplus of the corporation legally available therefor.

No dividend shall be declared or paid or set apart for payment during any calendar year on any shares of any series or class of stock junior to the shares of Series A Preferred Stock unless preferential dividends aggregating \$5 per share shall have been declared and paid, or declared and set apart for payment, on all outstanding shares of Series A Preferred Stock during each of the three immediately preceding calendar years; but for such purpose it shall be conclusively presumed that such preferential dividends have been paid during each of the three calendar years immediately preceding the calendar year 1944.

After there shall have been declared and paid, or declared and set apart for payment, during any calendar year preferential dividends aggregating \$5 per share on all outstanding shares of Series A Preferred Stock and dividends aggregating \$3.50 per share on all outstanding shares of Common Stock, each share of Series A Preferred Stock shall be entitled to participate equally with each share of Common Stock in any further dividends declared and paid, or declared and set apart for payment, during such calendar year until each outstanding share of Series A Preferred Stock shall have received participating dividends aggregating \$1 during such year.

No dividend payable in the form of shares of any series or class of capital stock of the corporation shall be declared and made payable on the outstanding shares of

Common Stock unless concurrently with such declaration there shall be declared and paid or declared and set apart for payment, a participating dividend of \$1 on each outstanding share of Series A Preferred Stock.

Notwithstanding the foregoing provisions of this paragraph (a), but subject to the rights of the holders of each series of Preference Shares to receive dividends at the rate set forth in the resolution of the Board of Directors providing for the issuance of such series and to receive cumulated dividends and redemption installments before any distribution of assets, net profits, earned surplus or other capital is made on shares of Preferred Stock, the Board of Directors shall have authority in its discretion to declare and pay, or declare and set apart for payment, the following dividends:

(A) In respect of the calendar year 1944 and out of Available Net Income for such year: Preferential dividends aggregating \$5 per share on all shares of Series A Preferred Stock before any dividends shall be declared or paid or set apart for payment on the Common Stock, and, after such preferential dividends have been declared and paid, or declared and set apart for payment, dividends on the Common Stock, provided that the participating dividends shall be declared and paid, or declared and set apart for payment, on all shares of Series A Preferred Stock, share for share with the Common Stock, up to but not exceeding \$1 per share if and when dividends in excess of \$3.50 per share shall be declared or paid or set apart for payment on the Common Stock in respect of such year;

(B) In respect of the calendar year 1945 and out of Available Net Income for such year and earned surplus from 1944: Preferential dividends aggregating \$5 per share on all shares of Series A Preferred Stock before any dividends shall be declared or paid or set apart for payment on the Common Stock, and, after such preferential dividends have been declared and paid, or declared and set apart for payment, dividends on the Common Stock, provided that participating dividends shall be declared and paid, or declared and set apart for payment, on all shares of Series A Preferred Stock, share for share with the Common Stock, up to but not exceeding \$1 per share if and when dividends in excess of \$3.50 per share shall be declared or paid or set apart for payment on the Common Stock in respect of such year; and

(C) In respect of any period of three consecutive calendar years immediately preceding the date of payment and out of Available Net Income for the last of such years and earned surplus from prior calendar years: Preferential dividends in amounts sufficient when added to any preferential dividends declared and paid, or declared and set apart for payment, thereon during said three years to equal \$5 per share on all shares of Series A Preferred Stock for each of said three years before any dividends shall be declared or paid, or set apart for payment, on the Common Stock, and, after such preferential dividends aggregating \$15 per share have been declared and paid, or declared and set apart for payment, dividends on the Common Stock, provided that participating dividends shall be declared and paid, or declared and set apart for payment, on all shares of Series A Preferred Stock, share for share with the Common Stock,

up to but not exceeding \$1 per share if and when dividends in excess of \$3.50 per share shall be declared or paid or set apart for payment on the Common Stock.

Any dividends declared and paid, or declared and set apart for payment, in respect of 1944 or 1945 or any such period of three consecutive calendar years, shall be deemed for all purposes of this Part A to have been declared and paid, or declared and set apart for payment, during the year in respect of which the dividends are declared payable."

Paragraph (c) of the second paragraph of Part A is amended to provide as follows:

"(c) Liquidation. In the event of any dissolution, liquidation or winding up of the corporation, whether voluntary or involuntary, after there shall have been paid to the holders of Preference Shares the full amounts to which they shall be entitled, the holders of the then outstanding shares of Series A Preferred Stock shall be entitled to receive payment in full of the par value of their shares, plus all unpaid dividends that have been declared thereon, before any distribution of assets shall be made to the holders of shares of any series or class of stock junior to the Series A Preferred Stock; but if the distributable assets are insufficient to make such payment in full to the holders of the then outstanding shares of Series A Preferred Stock, such assets shall be distributed pro rata among such holders according to the number of shares of Series A Preferred Stock held by each."

Subparagraphs (d) (i) and (d) (ii) of paragraph (d), entitled "Voting Rights", contained in the provisions of Part A in Section 3 of Article IV entitled "Provisions Applicable to Series A Preferred Stock", are amended to provide as follows:

"(i) At each election of directors (except in the case of a special election by written consent pursuant to subparagraph (5) of paragraph (b) of Part B) until the preferential dividends declared and paid, or declared and set apart for payment, on all outstanding shares of Series A Preferred Stock shall aggregate \$15 per share in respect of a period of three consecutive calendar years (excluding the calendar years 1944 and 1945), the smallest number of directors necessary to constitute a majority of the full Board of Directors shall be elected by the holders of shares of Series A Preferred Stock voting separately as a class, and the remaining directors to be elected shall be elected by the holders of shares of Common Stock and, if applicable, by the Secretary of Transportation of the United States or his designee for the Preference Shares, each voting separately as a class.

(ii) At each election of directors after the preferential dividends declared and paid, or declared and set apart for payment, on all outstanding shares of Series A Preferred Stock shall have aggregated \$15 per share in respect of a period of three consecutive calendar years (excluding the calendar years 1944 and 1945) immediately preceding such election, the holders of shares of Series A Preferred Stock and the holders of shares of Common Stock shall have equal voting rights per share in the election of directors unless and until the preferential dividends declared and paid, or declared and set apart for payment, on all outstanding shares of Series A Preferred Stock shall have aggregated less than \$15 per share in respect of a subsequent period of three consecutive calendar years immediately preceding such election; whereupon at such election (except in the case of a special election by written consent pursuant

to subparagraph (5) of paragraph (b) of Part B), and at each election of directors thereafter, directors shall again be elected in the manner provided in the foregoing subparagraph (i) of this paragraph (d) until the preferential dividends declared and paid, or declared and set apart for payment, on all outstanding shares of Series A Preferred Stock again shall aggregate \$15 per share in respect of a subsequent period of three consecutive calendar years immediately preceding such election."

Paragraphs (b) and (c) of the paragraph of Part A entitled "General Provisions" are amended to provide as follows:

(b) Subject to the rights of the holders of Preference Shares to receive (i) cumulated mandatory redemption installments and (ii) cumulated dividends before any distribution is made to holders of shares of Preferred Stock, the outstanding shares of Preferred Stock of any series may be redeemed, in whole or in part, at the option of the corporation by vote of the Board of Directors, at any time or from time to time, at the applicable redemption price for the shares of such series fixed or determined in accordance with this Part A. If less than all of the outstanding shares of Preferred Stock of any series are to be redeemed, the shares to be redeemed shall be determined by lot in such manner as the Board of Directors may prescribe. Notice of every redemption of shares of Preferred Stock shall be mailed, addressed to the holders of record of the shares to be redeemed at their respective addresses as they shall appear on the stock books of the corporation, and published once each week for at least two successive weeks (in each case on any business day of the week) in a daily newspaper printed in the English language and published and of general circulation of the City of Chicago, Illinois, and in a like newspaper published and of general circulation in the Borough of Manhattan, City of New York, New York, the first publication and such mailing to be not less than 30 days and not more than 60 days prior to the date fixed for redemption. If notice of redemption shall have been given and if, on or before the redemption date specified in the notice, all funds necessary for such redemption shall be provided at the time and place specified in such notice, then, after the date fixed for redemption, all rights existing in the shares so called for redemption, including the rights to dividends, shall cease, except only the right of the holders thereof to receive the redemption price of the shares so redeemed, but without interest.

(c) The outstanding shares of Preferred Stock of any series may be purchased by the corporation, at not exceeding the redemption price therefor then in effect, subject to the following restrictions:

(i) No shares of Series A Preferred Stock shall be purchased by the corporation at any time unless all dividends that have been declared thereon shall have been paid or set apart for payment.

(ii) No shares of any series junior to the shares of Series A Preferred Stock shall be purchased or otherwise acquired by the corporation at any time unless all dividends that have been declared on the outstanding Series A Preferred Stock have been paid or set apart for payment and the remaining amount of earned surplus of the corporation shall at the time equal or exceed the cost to the corporation of the shares to be purchased or otherwise acquired

and unless the Board of Directors shall restrict and set aside as unavailable for dividends or distributions on or further purchases or acquisitions of shares of any series junior to the shares of Series A Preferred Stock, an amount of earned surplus equal to such cost so long as the shares so purchased or otherwise acquired shall be held in the treasury of the corporation and not retired.

(iii) No shares of Preferred Stock of any series shall be purchased by the corporation until the corporation shall have paid all cumulated dividends and mandatory redemption installments on the Preference Shares.

Part B in Section 3 of Article IV shall hereafter be designated "PART C—COMMON STOCK" and PART C thereof shall hereafter be designated "PART D—GENERAL PROVISIONS." The following new "Part B" shall be added to Section 3 of Article IV:

#### "PART B—REDEEMABLE PREFERENCE SHARES"

(a) Authority of Board of Directors to issue Redeemable Preference Shares in series.

(1) Pursuant to Title V of Public Law 94-210, the "Railroad Revitalization and Regulatory Reform Act of 1976," as amended, the Secretary of Transportation of the United States is authorized to purchase Redeemable Preference Shares issued by a railroad. Authority is hereby vested in the Board of Directors to issue Redeemable Preference Shares ("Preference Shares") from time to time in one or more series of any number of shares, provided that the aggregate number of shares issued and not canceled shall not exceed the total number of Preference Shares hereinbefore authorized. All series of Preference Shares shall rank equally and be identical in all respects except as permitted by the provisions of this paragraph (a), and Preference Shares of any one series shall be identical in all respects. The Board of Directors shall fix by resolution providing for the issuance of each series of Preference Shares the designations, powers, preferences, rights and the qualifications, limitations or restrictions thereof which are not fixed by the Amendments to this Charter and Articles of Incorporation to the full extent permitted herein and under the laws of the State of Wisconsin, in respect of the following matters:

- (i) The rate of dividend;
- (ii) The price at and the terms and conditions on which shares may be redeemed;
- (iii) The amount payable upon shares in the event of voluntary or involuntary liquidation;
- (iv) Sinking fund provisions for the redemption or purchase of shares;
- (v) The terms and conditions on which shares may be converted, if the shares of any series are issued with the privilege of conversion; and
- (vi) Additional voting rights, if any.

Prior to the issuance of any series of Preference Shares, the resolution authorizing the issuance of such series shall be recorded in compliance with applicable Wisconsin law.

(2) So long as any Preference Shares of a series are outstanding, the corporation shall not, without the written consent or affirmative vote of the holders of at least  $\frac{2}{3}$  of the shares of such series, amend, alter or repeal the preferences, rights or other powers (whether granted by this Charter and Articles of Incorporation or by the resolution of the Board of Directors providing for the issuance of such series) of the holders of the Preference Shares of such series so as to adversely affect the rights of the holders of such series.

(b) Provisions applicable to all series of Preference Shares.

(1) Par Value. Each Preference Share shall have an initial par value of \$10,000. Upon payment of any mandatory redemption installment on any Preference Share, the par value of each such Preference Share shall become an amount equal to the initial par value of such share reduced by the amount of such redemption installment and all previously paid redemption installments on such Preference Share.

(2) Seniority. (aa) Preference Shares shall be senior in right to all Common Stock and Preferred Stock of the corporation, whenever issued, with respect to dividend and redemption payments and in case of liquidation or dissolution of the corporation, but shall be subordinate, as to dividend and redemption payments on the Preference Shares, and in the case of liquidation or dissolution of the corporation, to any of the corporation's Senior Debt.

(bb) As used herein, the term Senior Debt shall mean principal and premium, if any, and accrued interest to the extent stated therein on all the following indebtedness of the corporation whether outstanding on the issue date of Preference Shares of any series or created thereafter prior to the time the Preference Shares of any series shall become a fixed interest debt obligation of the corporation (pursuant to the resolution of the Board of Directors creating such series or any agreement pursuant to which any such series of Preference Shares shall have been issued): (i) for money borrowed by the corporation, whether the same be evidenced by bonds, notes or debentures or evidenced by a loan agreement or an indenture or similar instruments; or (ii) for money borrowed by others and guaranteed, directly or indirectly,

by the corporation; or (iii) constituting purchase money obligations or mortgage indebtedness for payment of which the corporation is directly or contingently liable, or on which the corporation customarily pays interest, including, but not limited to, purchase money bonds or notes or debentures or mortgages, mortgages made or given or guaranteed by the corporation as mortgagor or guarantor, and assumed or guaranteed mortgages upon property; or (iv) to general creditors, including trade creditors and employees of the corporation; and (v) all renewals, extensions and refundings of such indebtedness. Upon the Preference Shares of any series becoming a fixed interest debt obligation of the corporation (pursuant to the resolution of the Board of Directors creating such series or any agreement pursuant to which such series of Preference Shares shall have been issued), no subsequently incurred indebtedness, including accruing interest on previously outstanding indebtedness, shall be senior as to interest and principal payments on the Preference Shares of such series as a debt obligation of the corporation or in the case of liquidation or dissolution of the corporation, but shall rank on a parity with the Preference Shares of such series (unless such subsequently incurred indebtedness by its terms is subordinate as to

interest or principal payments or in case of liquidation or dissolution of the corporation).

(3) Dividends. (aa) Except in the case of optional redemption of Preference Shares by the corporation according to the terms prescribed by the resolution of the Board of Directors providing for the issuance of a series, each Preference Share shall accrue a dividend of 50% of its initial par value on the tenth anniversary date of the date of its original issuance which accrual shall be payable in accordance with the provisions hereof and the resolution of the Board of Directors providing for the issuance of the series. If, prior to or upon any liquidation, dissolution or winding up of the corporation, (i) such Preference Share has become a subordinated debt obligation of the corporation (pursuant to the resolution of the Board of Directors creating any series or any agreement pursuant to which any series of Preference Shares shall have been issued), such dividend accrual of 50% or the remaining unpaid portion thereof shall become a vested right to interest to the extent of such unpaid portion, but shall be payable only in accordance with such agreement and resolution, or (ii) such Preference Share shall become a fixed interest debt obligation of the corporation (pursuant to the resolution of the Board of Directors creating any series or any agreement pursuant to which any series of Preference Shares shall have been issued), such dividend accrual of 50% or the remaining unpaid portion thereof, or such vested right to interest or the remaining unpaid portion thereof, shall become an immediate interest accrual to the extent of such unpaid portion, but shall be payable only in accordance with such agreement and resolution.

(bb) The Board of Directors shall have no discretion in the payment of dividends on Preference Shares. The holders of each series of Preference Shares shall be entitled to receive dividends in cash at such a rate as set forth in the resolution of the Board of Directors providing for the issuance of such series, provided, however, that each such dividend shall be payable only if and to the extent that (i) the corporation has Available Capital (as defined herein), (ii) the corporation is not insolvent or the payment of such dividend would not render the corporation insolvent, and (iii) such payment is not prohibited by the provisions of Section 3 of Article VII of the corporation's First Mortgage or General Mortgage both dated as of January 1, 1944. For purposes of Part B hereof, Available Capital shall mean net profits, earned surplus or other capital legally available for the payment of dividends reduced by an amount which, under the conditions of the last paragraph of Section 6 of Article V of the corporation's General Mortgage dated as of January 1, 1944 would be coincidentally legally available for the payment of accumulated contingent interest pursuant to such Section; provided that the remaining net profits, earned surplus or other capital legally available to pay such dividend shall be so available only to the extent that the Administrator of the Federal Railroad Administration or his designee (the "Administrator"), in his sole judgment, deems that the payment of such dividend would not impair the safe operation of the railroad properties of the corporation or the maintenance of the usual standards of efficiency or economy of operation of such properties. If the conditions set forth in clauses (i), (ii) and (iii) are met, either as to the entire amount of such dividend or any part thereof, such dividend (or part thereof) shall become an immediately due and payable debt obligation of

the corporation to the extent such dividend is payable. Should any entitled preference dividend not be fully paid when due because of the failure to meet the conditions set forth in clauses (i), (ii) or (iii) hereof, the unpaid portion thereof shall cumulate until such conditions are met either as to the entire unpaid portion or any part thereof, at which time the corporation shall pay such unpaid portion to the extent so payable. If not so paid, such payable part shall become an immediately due and payable debt obligation of the corporation. Unless and until the cumulated dividend is fully paid, the corporation shall not make any distribution of assets, net profits, earned surplus or other capital (whether by dividend, redemption or otherwise) to any other class of the corporation's securities to which the Preference Shares have priority as to dividends or redemption installments thereon or in the case of dissolution or liquidation. Nothing herein contained, however, gives the holders of Preference Shares the right and privilege to participate in the net profits of the corporation beyond the aforesaid fixed, preferential annual dividend.

(4) Redemption. (aa) The Board of Directors of the corporation shall have no discretion in the payment of mandatory redemption installments. Preference Shares of each series shall be subject to mandatory redemption according to the terms and conditions provided herein and as may be provided by the Board of Directors in the resolution providing for the issuance of each such series. Except where prepaid in accordance with the terms and conditions set forth in the resolution providing for the issuance of a series of Preference Shares, each redemption installment shall be paid on its due date to the extent that (i) the corporation has Available Assets as defined herein and (ii) the corporation is not insolvent and the payment of such redemption installment would not render it insolvent. For purposes of Part B hereof, Available Assets shall mean assets of the corporation legally available for the redemption of shares of capital stock reduced by an amount which,

under the conditions of the last paragraph of Section 6 of Article V of the corporation's General Mortgage dated as of January 1, 1944, would be coincidentally legally available for the payment of accumulated contingent interest pursuant to such Section; provided that the remaining assets legally available to pay such redemption installment shall be so available only to the extent the Administrator, in his sole judgment, deems that the payment of such redemption installment would not impair the safe operation of the railroad properties of the corporation or the maintenance of the usual standards of the efficiency or economy of operation of such properties. If the conditions set forth in clauses (i) and (ii) above are met, either as to the entire amount of such installment or any part thereof, such installment (or part thereof) shall become an immediately due and payable debt obligation of the corporation to the extent such installment is payable. Should any entitled redemption installment not be fully paid when due because of the failure to meet the conditions set forth in clauses (i) or (ii) hereof, the unpaid portion thereof shall cumulate until such conditions are met as to such unpaid portion or any part thereof, at which time the corporation shall pay such unpaid portion to the extent so payable. If not so paid, such payable portion shall become an immediately due and payable debt obligation of the corporation. Unless and until the cumulated redemption installment is fully paid, the corporation shall not make any distribution of assets (whether by dividend, redemption or otherwise) to any other

class of the corporation's securities to which the Preference Shares have priority as to dividends or redemption installments thereon or in the case of liquidation or dissolution. Nothing herein contained, however, gives any holder of Preference Shares the right and privilege in the case of liquidation or dissolution to participate in the assets of the corporation beyond the aggregate par value of, and cumulated and accrued dividends (contingent or fixed principal and interest, as the case may be) on, the Preference Shares which have been issued to such holder or the outstanding part thereof.

(bb) Preference Shares of any series may be subject to redemption in whole or in part at the option of the corporation upon such terms and conditions and at such times as may be prescribed by the Board of Directors in the resolution providing for the issuance of such series. If less than all of the outstanding Preference Shares of any series are to be redeemed, the shares to be redeemed shall be determined by lot. Notice of optional redemption of Preference Shares shall be mailed, addressed to the holders of record of the shares to be redeemed at their respective addresses as they shall appear on the stock books of the corporation at least 10 days prior to the date fixed for redemption.

(cc) Upon payment of any mandatory redemption installment on any Preference Share, the par value of each such Preference Share shall be reduced by the amount of such redemption installment. If at any time Available Assets are insufficient to pay the full amount of the redemption installments due on Preference Shares having the same date of issuance, such Available Assets shall be applied pro rata to reduce the par value of such shares. This subparagraph (cc) shall constitute the only amendment to the corporation's Charter and Articles of Incorporation necessary to effect such reduction in par value.

(dd) Preference Shares redeemed pursuant to subparagraphs (aa) and (bb) of this subparagraph (4) shall be surrendered to the corporation. Notwithstanding that any certificate for Preference Shares shall not have been surrendered to the corporation, if:

(i) in the case of optional redemption pursuant to subparagraph (bb) hereof, notice shall have been given and, on or before the redemption date specified in such notice, all funds necessary for such redemption shall have been deposited in trust with the bank or trust company specified in the notice, or

(ii) in the case of mandatory redemption pursuant to subparagraphs (aa) and (cc) hereof, payment shall have been made of the outstanding par value of any Preference Shares and any unpaid cumulated and unpaid accrued dividends thereon;

then in either such case the rights of the holders of such Preference Shares shall cease and such shares shall be deemed no longer outstanding.

(ee) Where dividends and redemption installments are to be paid from coincidentally Available Capital or Available Assets, dividends and any cumulations thereof are to be paid first and redemption installments and any cumulations thereof are to be paid second.

(5) Voting Rights. (aa) Other than as set forth in this subparagraph (5), or as required by law, the Preference Shares shall not have any voting rights in the conduct of the business of the corporation.

(bb) Whenever any dividend or redemption payment which is due on any one or more series of Preference Shares (in accordance with the payment schedule set forth in the resolution of the Board of Directors providing for the issuance of the series) shall have remained unpaid for a period of 4 months, whether or not payable as provided herein, the Secretary of Transportation of the United States or his designee (the "Secretary") shall have the exclusive right to elect or appoint, in the manner hereinafter provided, two persons to serve as members of the Board of Directors of the corporation, in which event the number of directors constituting the Board of Directors shall be increased by two to reflect such newly created directorships. In such event, the Board of Directors shall also be increased, if necessary, so that the directors elected or appointed by the Secretary shall not constitute more than 20% of the Board of Directors. Whenever the right of the Secretary to elect or appoint two members of the Board of Directors shall have vested, it shall be exercised initially either by written consent of the Secretary as provided or permitted by law, or at an annual meeting of stockholders (or if elections shall not have been held at the time specified therefor, or if the directors shall not have been elected at any annual meeting, at a special meeting of stockholders called in accordance with the By-laws), and thereafter either by such written consent or at such annual or special meetings. The term of office of the directors so elected or appointed by the Secretary shall continue until the next annual meeting or until their successors are elected or appointed, provided that upon payment by the

corporation of dividends and/or redemption installments which are due such terms shall forthwith terminate. Any vacancies in the two specially created directorships may be filled by written consent of the Secretary.

(6) Liquidation, Dissolution or Winding Up. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the corporation, the holders of Preference Shares of each series shall be entitled to receive the amount specified in the resolution of the Board of Directors creating each such series. If the distributable assets are insufficient to make payment in full in accordance with such resolutions, such assets shall be distributed pro rata to the holders of the Preference Shares according to the outstanding par value of Preference Shares held by each.

(7) Merger or Consolidation. In the case of any consolidation of the corporation with, or merger of the corporation with or into, one or more other corporations (other than a consolidation or merger in which the corporation is the continuing corporation and which does not result in any reclassification or change in securities of the corporation), or in case of any sale or conveyance to another corporation of the property of the corporation as an entirety or as substantially an entirety, or in case of a reclassification or change of any outstanding security of the corporation (other than a change in par value, or from par value to no par value, or as a result of a subdivision or combination), the corporation or such successor or purchasing corporation shall give to the holders of the Preference Shares written notice thereof at least twenty (20) days prior to the effective date of the events specified herein and shall have its authorized representative certify to the holders that the

holders of the Preference Shares then outstanding shall have the same rights and privileges upon such reclassification, change, consolidation, merger, sale or other conveyance as the holders had immediately prior thereto.

(8) No Waiver. The failure of any holder of Preference Shares to exercise any rights granted to it under this Part B or the resolution of the Board of Directors creating any series of Preference Shares shall not constitute a waiver of such rights or of any other rights. Failure by any holder of Preference Shares to exercise any rights granted under this Part B or the resolution of the Board of Directors creating any series of Preference Shares, in the event of non-payment of any required payment when due, shall not be deemed a waiver of such non-payment or of further non-payments by the corporation. The remedies granted to the holders of Preference Shares under this Part B shall be deemed cumulative and not exclusive.

(c) Provisions Applicable to Preference Shares, Series One.

The initial series of Preference Shares is hereby designated "Redeemable Preference Shares, Series One" ("Preference Shares, Series One") and the maximum number of shares which shall constitute such series shall be 930 shares. For purposes of Section 3 of Article IV of this Charter and Articles of Incorporation, "the resolution of the Board of Directors creating [a] series" or similar language shall be deemed to include the provisions of this paragraph (c). The relative rights, preferences, limitations and restrictions of the Preference Shares, Series One which are not otherwise provided for in Part B hereof are as follows:

(1) Dividends. Each outstanding Preference Share, Series One is entitled to fixed, preferential annual dividends at the rate of 4.2% on the then outstanding par value thereof payable annually on the anniversary date of the date of issuance thereof commencing in the year 1988 in accordance with the payment schedule in subparagraph (6) of this paragraph (c) (the "Payment Schedule"), provided that for the purpose of this subparagraph "the then outstanding aggregate par value" shall be determined for each year as if all scheduled mandatory redemption installments had been paid, whether or not such installments have in fact been paid. Except as provided in subparagraph (4) of this paragraph (c), the total amount of dividends payable on each Preference Share, Series One shall not exceed 50% of the initial par value thereof.

(2) Mandatory Redemption. Each outstanding Preference Share, Series One shall be entitled to mandatory redemption installments payable annually on the anniversary date of the date of issuance thereof commencing in the year 1988 in accordance with the Payment Schedule, but not to exceed in the aggregate the initial par value of such share.

(3) Optional Redemption. Prior to the 11th anniversary date of the date of issuance of any Preference Share, Series One, the corporation may at its option redeem any number of such Preference Shares, Series One, at any time at a redemption price of the initial par value of such shares plus a per share premium of \$203 multiplied by the number of years or part thereof such shares were outstanding. On or after the 11th anniversary date of the date of issuance of any Preference Share, Series One, the corporation may at any time redeem Preference Shares, Series One, but no less than all such shares having that same date of issuance, at a redemption price of the then outstanding par value of such share and all unpaid cumulated dividends thereon, plus a per share

premium of \$203 multiplied by the number of years or part thereof such shares were outstanding. There shall be credited against the premium payable on any optionally redeemed Preference Shares, Series One (but not against the par value thereof) the aggregate amount of dividends previously paid on such optionally redeemed Preference Shares, Series One.

(4) Financing Agreement. (aa) Preference Shares, Series One shall be subject to, and entitled to the benefits of, a Financing Agreement, dated as of July 15, 1977 (the "Agreement") between the corporation and the United States of America, represented by the Secretary, acting through the Administrator. The Agreement gives the holders of a majority of aggregate par value then outstanding of the Preference Shares, Series One the right, upon the happening of certain events of default set forth in the Agreement, to declare the Preference Shares, Series One to be a fixed interest debt obligation of the corporation, to accelerate redemption payments to not less than fifteen annual payments (including payments already made), with such payments (or further payments) to begin within ten (10) days of such notice (or to continue with the next redemption installment) but not earlier than the 6th anniversary date of the date of the original issuance of Preference Shares, Series One, and/or to raise the dividend rate on the Preference Shares, Series One up to the maximum permissible by law, regulation or otherwise for the redemption payments remaining. In the event of certain other events of default, including discontinuance of business, making a general assignment for the benefit of creditors, and filing a

petition in bankruptcy, the Preference Shares, Series One shall automatically become a fixed interest debt obligation of the corporation and the redemption installments set forth in the Payment Schedule shall automatically accelerate to a maximum of fifteen annual payments (including payments already made), with such payments (or further payments) to begin immediately upon the occurrence of such event of default (or to continue with the next redemption installment) but not earlier than the 6th anniversary date of the date of original issuance of the Preference Shares, Series One, and the dividend rate on the Preference Shares, Series One shall automatically become the maximum permissible by law, regulation or otherwise for the accelerated redemption payments remaining. Notwithstanding the provisions of this subparagraph, the Preference Shares, Series One may become a fixed interest debt obligation only if, when and to the extent they may become a debt obligation without violating any provision of the laws of the corporation's state of incorporation. The holders of the Preference Shares, Series One and the corporation agree that in the event of any litigation concerning the question of whether any provision of the laws of the corporation's state of incorporation must be met in order that the Preference Shares become a debt obligation of the corporation, whether fixed interest or subordinated, no evidence as to the intent of the parties to the Agreement as to such question shall be introduced by such holders or the parties to the Agreement. Upon the Preference Shares, Series One becoming a fixed interest debt obligation hereunder, the Payment Schedule shall represent fixed mandatory interest (at the dividend rate set forth in subparagraph (1) of this paragraph (c) except as otherwise provided in this subparagraph (4) or the Agreement) and principal payments, and any unpaid cumulated dividends and/or redemption installments shall respectively become immediately due and payable accrued interest and principal (and any accrued dividends or vested right to interest shall become immediately accrued interest payable in accordance with the Payment Schedule except as otherwise provided in this subparagraph (4) or the Agreement).

and such fixed mandatory interest and principal payments shall be, when due, an absolute and unconditional obligation of the corporation and shall not be governed by statutory limitations regarding distributions in respect of equity securities, nor by the provisions of Section 3 of Article VII of the corporation's First Mortgage or General Mortgage both dated as of January 1, 1944, nor by any other provision set forth in subparagraphs (3) and (4) of paragraph (b) of Part B in Section 3 of Article IV of the corporation's Charter and Articles of Incorporation as amended ("Charter").

(bb) If the Company shall classify the Preference Shares, Series One as debt on any balance sheet furnished to any class of its stockholders or creditors, or otherwise issued publicly, the Preference Shares, Series One shall automatically become a subordinated debt obligation of the corporation as of the date of such balance sheet and dividend and redemption installments thereon shall become, respectively, contingent interest and principal payments, provided that the Preference Shares, Series One could lawfully become subordinated debt. In such event, contingent interest will be payable at the dividend rate set forth in subparagraph (1) hereof (except as otherwise provided) and in accordance with the Payment Schedule (except as otherwise provided) and the provisions of subparagraph (3) of paragraph (b) of Part B in Section 3 of Article IV of the Charter, provided, however, that the corporation's obligation to pay contingent interest shall be subject to the conditions set forth in clauses (i), (ii) and (iii) of subparagraph (bb) of such subparagraph (3). Contingent principal payments will be payable in accordance with the provisions of subparagraph (2) hereof (except as otherwise provided) and the provisions of subparagraph (4) of paragraph (b) of Part B in Section 3 of Article IV of the Charter, provided, however, that the corporation's obligation to pay contingent principal payments shall be subject to the conditions set forth in clauses (i) and (ii) of subparagraph (aa) of such subparagraph (4). Such Preference Shares which have become subordinated debt will be subordinate to Senior Debt of the corporation. The classification of Preference Shares, Series One as debt and the Preference Shares becoming subordinated debt in accordance with this subparagraph (bb) shall not constitute an event of default under the Agreement, but if an event of default shall occur after the Preference Shares, Series One have become subordinated debt, such subordinated debt may become fixed interest debt of the corporation (subject only to any compliance which may be required with the laws of the corporation's state of incorporation applicable to the Preference Shares becoming a debt obligation) under the same terms as Preference Shares, Series One which become fixed interest debt as provided in subparagraph (aa) of this subparagraph (4).

(5) Liquidation, Dissolution or Winding Up. (aa) In the event of any voluntary or involuntary liquidation, dissolution, or winding up of the corporation, but only in the event that the Preference Shares, Series One shall not have become a debt obligation of the corporation pursuant to the Agreement and subparagraph (4) of this paragraph (c), the holders of Preference Shares, Series One shall be entitled to receive the outstanding par value thereof plus any unpaid cumulated and unpaid accrued dividends.

(bb) In the event of any voluntary or involuntary liquidation, dissolution or winding up of the corporation, but only in the event that the Preference Shares, Series One shall have become a debt obligation of the corporation pursuant to the Agreement and subparagraphs (aa) or (bb) of subparagraph (4) of this paragraph (c), the holders of Preference Shares, Series One shall be entitled to receive, after payment in full of Senior Debt, the unpaid principal thereof and all unpaid accrued or vested interest thereon.

(6) Payment Schedule for Preference Shares, Series One.

THIS BOND IS NON-TRANSFERABLE EXCEPT AS REQUIRED TO EFFECT ASSIGNMENT TO A SUCCESSOR TRUSTEE UNDER THE AUTHORITY INDENTURE HEREIN REFERRED TO OR TO ENFORCE PAYMENT HEREOF.

Illinois Central Gulf Railroad Company, a corporation of the State of Delaware (hereinafter called the Company), for value received, hereby promises to pay to The Northern Trust Company, as Trustee (hereinafter called the Authority Indenture Trustee) under an Indenture of Trust dated as of October 1, 1977 (hereinafter called the Authority Indenture), by and between it and the Illinois Industrial Pollution Control Financing Authority (hereinafter called the Authority), providing for the issuance of \$4,120,000 principal amount of Illinois Industrial Pollution Control Financing Authority, Pollution Control Revenue Bonds, Series 1977 (Illinois Central Gulf Railroad Company Project) (hereinafter called the Series 1977 Revenue Bonds), or its successor as Authority Indenture Trustee, the principal sum of \_\_\_\_\_ Dollars on the first day of October, 2002, and pay interest on said principal amount from the date hereof at the rate of 6 1/2% per annum, semi-annually on the first day of April and on the first day of October in each year until said principal amount shall become due and payable; and to pay interest at the same rate per annum on any overdue principal and, to the extent permitted by law, on any overdue instalments of interest. Payment of the principal of, and premium, if any, and interest of this Bond shall be payable at the principal office of the Authority Indenture Trustee or its successor in funds immediately available in the city in which such principal office is located, in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts.

This Bond is continued on the reverse side hereof and the additional provisions there set forth shall for all purposes have the same effect as if set forth in this place.

This Bond is one of the bonds of the Company (hereinafter sometimes called the Bonds) all issued and to be issued in one or more series under, and equally secured by, an indenture dated November 1, 1949, executed by the Company to Guaranty Trust Company of New York (now Morgan Guaranty Trust Company of New York), as Trustee (hereinafter sometimes called the Trustee), as supplemented by various supplemental indentures, to which indenture and all supplements thereto (said indenture, as so supplemented, being hereinafter sometimes called the Consolidated Mortgage) reference is hereby made for a description of the properties and franchises mortgaged and pledged, the nature and extent of the security, the rights of the holders of the Bonds and the rights, duties and immunities of the Trustee thereunder. This Bond is one of a series of the Bonds known as the First Mortgage 6 1/2% Bonds, Series J, due October 1, 2002 (hereinafter sometimes called the Bonds of Series J), which are limited to the aggregate principal amount of not exceeding \$4,120,000. The Bonds of Series J are issued to repay the loan from the Authority to the Company of the proceeds from the sale of the Series 1977 Revenue Bonds pursuant to a Loan Agreement dated as of October 1, 1977 between the Company and the Authority, and thereby to provide for the payment of the Series 1977 Bonds.

The Bonds are issuable in series and the several series of Bonds may be for varying aggregate principal amounts, and the Bonds of any one series may differ from the Bonds of any other series as to date, maturity, interest rate, redemption, conversion and sinking fund provisions, if any, and otherwise, all as in the Consolidated Mortgage provided.

If an Event of Default, as defined in the Consolidated Mortgage, shall occur, the principal of the Bonds may be declared, or may become, due and payable in the manner and with the effect provided in the Consolidated Mortgage.

The Consolidated Mortgage permits the amendment thereof and the modification or alteration, in any respect, of the rights and obligations of the Company and the rights of the holders of the Bonds of all or any series thereunder and hereunder at any time by the concurrent action of the Company and of the holders of specified percentages of the Bonds then outstanding, affected by such amendment, modification or alteration (including, in the case, among others, of a modification of the terms of payment of the principal of, or premium or interest on, this Bond, the consent of the registered holder hereof), all

as more fully provided in the Consolidated Mortgage.

As provided in the Consolidated Mortgage, the Bonds of Series J are subject to redemption prior to maturity and may in certain circumstances be deemed paid in full or in part. If this Bond shall be redeemed or paid or deemed paid only in part, the Authority Indenture Trustee agrees by its acceptance hereof, if it shall not present this Bond to the Trustee for exchange, to make prompt notation to such effect hereon and to notify the Trustee that such notation has been duly made. When this Bond shall be redeemed or paid or deemed paid in full, the Authority Indenture trustee agrees by its acceptance hereof to present this Bond promptly to the Trustee for cancellation.

Whenever any payment of principal of, premium, if any, or interest on this bond is due, whether at maturity or upon redemption or by acceleration or otherwise, the Authority Indenture Trustee by its acceptance hereof agrees that it will (i) if such payment is made in funds immediately available on such due date, promptly furnish the Trustee with written advice that such payment has been received, and (ii) if such payment is not received in funds immediately available on such due date, advise the Trustee by telephone before the close of business on such due date that such payment has not been received and promptly confirm such telephone advice in writing to the Trustee. A copy of each such written advice shall be furnished to the Company.

No recourse shall be had for the payment of the principal of, or premium, if any, or interest on, this Bond or any part thereof, or for any claim based thereon or otherwise in respect thereof, or based on or in respect of the indebtedness represented thereby or of the Consolidated Mortgage, against any incorporator or any past, present or future subscriber to the capital stock, stockholder, officer or director of the Company or of any successor corporation, as such either directly or through the Company or any successor corporation, whether by any legal or equitable proceeding, under any rule of law, statute or constitution or by the enforcement of any assessment or penalty or otherwise, all such liability of incorporators, subscribers, stockholders, officers and directors, as such, being expressly waived and released by the holder hereof by the acceptance of this Bond and as part of the consideration for the issue hereof, and being likewise waived and released by the terms of the Consolidated Mortgage.

This Bond is transferable, but only to a successor Authority Indenture Trustee or as required to enforce the payment hereof, by the registered holder hereof, in person or by attorney duly authorized, at the office or agency of the Company in the Borough of Manhattan, City and State of New York, upon surrender and cancellation of this Bond, and thereupon one or more new registered Bonds without coupons of this series of authorized denominations and for the same aggregate principal amount will be issued to the transferee in exchange therefor, as provided in the Consolidated Mortgage. The Company and the Trustee may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for all purposes.

This Bond may be exchanged without charge (except for any governmental charge) at said office or agency for one or more registered Bonds without coupons of this series of other authorized denominations and for the same aggregate principal amount.

(c) Nothing in this Mortgage and Security Agreement, express or implied, is intended or shall be construed to limit the right

or power of Company, which is hereby expressly reserved, to consolidate with, merge into, or convey or lease all or substantially all of the Mortgaged Property to, another corporation or corporations, or to merge another corporation or corporations into the Company, or to acquire all or any part of the property of another corporation or corporations, all as provided and with the exceptions and upon the terms and conditions set forth in Article V hereof.

(d) Nothing in this Mortgage and Security Agreement, express or implied, is intended or shall be construed to limit the right or power of Company, which is hereby expressly reserved, to take any action (other than an action involving the breach of Article II hereof), without obtaining the waiver or consent of the Mortgagee and free of any and all restrictions on and requirements in connection with such action under this Mortgage and Security Agreement (except to the extent such restrictions and requirements are not more burdensome in nature upon Company than the most burdensome, if any, at the time of such action applicable with respect to such action under any mortgage included in clause (a) of the definition of Permitted Encumbrances and the Chemco Mortgage), if, at the time of such action:

(i) such action affects property subject to the lien of, or rights or obligations under, at least one mortgage included in clause (a) of the definition of Permitted Encumbrances (other than a mortgage securing indebtedness solely to an Affiliate or to an employee of Company or of an Affiliate) or the Chemco Mortgage; and

(ii) such action is not prohibited by the provisions (giving effect to any waiver or consent obtained by the Company) of each mortgage included in clause (a) of the definition of Permitted Encumbrances and of the Chemco Mortgage.

(e) Nothing contained in this Mortgage and Security Agreement is intended in any way to authorize, or shall in any way

authorize, Company to take or permit to be taken any action which would involve the breach of any covenant or agreement on the part of Company under or pursuant to the Financing Agreement.

TO HAVE AND TO HOLD unto Mortgagee and its successors and assigns, forever, all property, real, personal and mixed, and tangible and intangible, hereby mortgaged, pledged, conveyed, assigned or transferred, or in which a security interest is granted, or intended so to be, or which may in any manner become subject to the lien and security interest of this Mortgage and Security Agreement, whether by indenture supplemental hereto or otherwise (all of which property at any given

time subject to the lien and security interest of this Mortgage and Security Agreement, whether by the terms of this Mortgage and Security Agreement, including the after-acquired property clauses hereof, or by subsequent transfer, delivery or pledge to the Mortgagee, or otherwise, is herein sometimes referred to as the "Mortgaged Property");

UNDER AND SUBJECT, HOWEVER, to the prior or parity lien and security interest of all Permitted Encumbrances (hereinafter defined) with respect to any of the Mortgaged Property, but in the case of each such Permitted Encumbrance, only to the extent that the lien and security interest thereof by its terms attaches and constitutes a valid, enforceable lien or security interest which, in the case of any bankruptcy, reorganization, insolvency, or similar proceedings pertaining to the enforcement of creditors' rights generally, constitutes a valid and perfected lien or security interest enforceable against a trustee in bankruptcy or similar representative of general creditors; provided, however, that the lien and security interest hereunder shall be on a parity with such lien and security interest of any Permitted Encumbrance only if and to the extent that such parity shall not violate or breach any covenant, term or condition applicable to such Permitted Encumbrance;

BUT NEVERTHELESS as security for, and in order to enforce, the payment, performance or observance of all Secured Obligations in accordance with their terms;

AND IT IS HEREBY COVENANTED, AGREED AND DECLARED that the Mortgaged Property is to be held and disposed of upon and subject to the following covenants, agreements, conditions and understandings:

**SECTION 2.01. Maintenance and Insurance Proceeds.** Subject to the provisions of Articles IV and V, Company agrees that it will:

(a) maintain the tangible property subject to the lien of this Mortgage and Security Agreement in good order and condition, reasonable wear and tear excepted, and from time to time make all needful and proper repairs thereto, to the extent (i) needful and proper for the efficient and economic operation of its properties and (ii) consistent with its capital resources; and

(b) apply to the acquisition, repair or improvement of property subject to the lien of this Mortgage and Security Agreement an amount equal to the excess, if any, of (i) amounts realized by Company from the proceeds of insurance on property subject to the lien of this Mortgage and Security Agreement, over (ii) amounts so realized which are required to be deposited or applied pursuant to the terms of mortgages included in clause (a) of the definition of Permitted Encumbrances.

**SECTION 2.02. Covenant Against Liens.** Company agrees that it will not voluntarily create, or suffer to be created or to arise, any lien, charge or security interest, other than Permitted Encumbrances, having priority to or preference over, or on an equality to or parity with, the lien and security interest of this Mortgage and Security Agreement upon the Mortgaged Property or any part thereof.

**SECTION 2.03. Permitted Principal Amount of General Mortgages Constituting Permitted Encumbrances.** Company agrees that it will not incur indebtedness secured by mortgages included in clause (a) or by liens included in clause (e) of the definition of Permitted Encumbrances exceeding an aggregate principal amount outstanding on the date the Company incurs or obligates itself to incur such indebtedness, whichever is earlier, equal to \$80 million plus its consolidated net income (or less its consolidated net loss) as reported to its shareholders for the period (taken as a single accounting period) beginning on January 1, 1977 and ending at the end of the month which is not less than 30 nor more than 60 days prior to such date of incurrence of, or obligation to incur, such indebtedness, less any net increase (or plus any net decrease) since January 1, 1977 reflected therein in the balance of Account 743, Other Deferred Charges, consolidated, and less any dividends paid or declared on its stock since January 1, 1977. Months included in such period which are subsequent to the period included in the last report to its shareholders shall be included on the basis on which they would be included in the report to shareholders for the period which includes said months.

**SECTION 2.04. Further Assurances.** Company agrees that it will execute and deliver to Mortgagee such instruments (including financing statements) as Mortgagee may from time to time reasonably request for the purpose of evidencing, confirming, perfecting or continuing in effect any lien or security interest granted or intended to be granted hereunder.

**SECTION 2.05. Compliance with Financing Agreement.** Company agrees that it will duly and punctually perform, when due, all of its agreements and obligations under or pursuant to the Financing Agreement.

**SECTION 2.06. Deposit and Withdrawal of Cash.** Company agrees that it will deposit with Mortgagee cash in an amount equal to the excess, if any, from time to time of:

(a) the proceeds (including the fair market value of non-cash proceeds) of the disposition of all property released from the lien of this Mortgage and Security Agreement pursuant to the second and third paragraphs of Section 4.02 hereof;

over:

(b) the cumulative total of amounts charged on Company's books of account to its investment in property accounts for the acquisition or improvement on and after the date of the first release referred to in subparagraph (a) of this Section 2.06 of property

which is or upon acquisition shall become subject to the lien of this Mortgage and Security Agreement plus (but only to the extent, and only so long as, the aforementioned "amounts charged" are inadequate to offset deposits which would otherwise be required) the amount, if any, of indebtedness secured by mortgages included in clause (a) or by liens included in clause (e) of the definition of Permitted Encumbrances which Company would be allowed to incur (but has not at that time incurred) under Section 2.03 hereof; provided, however, that such reliance on such allowance under Section 2.03 shall reduce Company's rights under Section 2.03 to the extent of, but only during the period of, such reliance.

Except during the period of an Event of Default hereunder, any cash so deposited may be withdrawn by Company upon delivery to Mortgagee of a certificate by the Vice President-Finance, Comptroller or other chief financial or accounting officer of Company to the extent that said officer therein certifies that the excess which constituted the requirement for the deposit has been reduced or eliminated.

### ARTICLE III PLEDGED SECURITIES

SECTION 3.01. *Action to Effect Pledge.* Company agrees that it will promptly take such action as Mortgagee may from time to time request, which in the opinion of counsel for Mortgagee is necessary and desirable in order to effectively pledge and subject to the lien and security interest of this Mortgage and Security Agreement, all shares of stock, and all proprietary interest and all evidences of indebtedness directly owned by Company or in all Subsidiaries of Company, or such thereof as may be specified in such request; provided, however, that Company shall not be required to take any such action which in the opinion of counsel for Company would involve the breach by Company of any covenant or agreement with respect to any Permitted Encumbrance. In the event any action pursuant to this Section shall involve the breach by Company of any covenant or agreement with respect to any Permitted Encumbrance created after such action,

Mortgagee will take such action as Company may from time to time reasonably request which in the opinion of counsel for Company is necessary in order to avoid such breach. Counsel for Mortgagee and counsel for Company may be their respective house counsel unless and except to the extent that the other party hereto (a) requests that the opinion be given by independent counsel and (b) agrees to pay the fees and expenses of independent counsel with respect thereto.

SECTION 3.02. *Rights of Company.* So long as no Event of Default shall have occurred and be continuing, Company shall be entitled, as against Mortgagee, to exercise all rights of ownership (including any voting rights) with respect to all shares of stock, proprietary interests and evidences of indebtedness at the time subject to the lien and security interest of this Mortgage and Security Agreement, and to receive all dividends, distributions and other payments of every character thereon or with respect thereto.

### ARTICLE IV POSSESSION, USE AND RELEASE OF MORTGAGED PROPERTY

SECTION 4.01. *Possession and Use of Mortgaged Property by Company.* While Company shall remain in possession of the Mortgaged Property or any part thereof, it shall be entitled, as against Mortgagee, to manage, operate, use, enjoy and be suffered and permitted to remain in the actual and undisturbed possession of all and singular the Mortgaged Property and to receive, take and use all rents, income, issues, tolls, profits, dividends, income and proceeds thereof.

SECTION 4.02. *Releases.* Any part of the Mortgaged Property which is subject to the lien of any Prior or Parity Mortgage shall, if released from the lien of such Prior or Parity Mortgage in compliance with the provisions thereof, be automatically released from the lien of this Mortgage and Security Agreement without the necessity of any accounting to Mortgagee, and Mortgagee will execute such instruments

of release thereof from the lien and security interest hereunder as Company may reasonably request.

Any part of the Mortgaged Property which consists of real estate and is not subject to the lien of any Prior or Parity Mortgage may be released from the lien of this Mortgage and Security Agreement only under such circumstances (including compliance, insofar as practicable, with procedures) as would, if such part of the Mortgaged Property were subject to the lien of the North Western First Mortgage, accomplish the release thereof from the lien of such Mortgage under the provisions thereof in effect on June 1, 1972 (except that any reference in such Mortgage to the Trustee shall be deemed to be to Mortgagee and except that any cash deposited with Mortgagee in connection with such release shall, if at the time no Event of Default shall have occurred and be continuing, be released to or upon the order of Company upon its request), and Mortgagee will execute such instruments of release thereof from the lien and security interest hereunder as Company may reasonably request.

Any part of the Mortgaged Property which does not consist of real estate, which is not subject to the lien of any Prior or Parity Mortgage and which is disposed of by Company to a transferee other than an Affiliate of Company shall, if at the time no Event of Default shall have occurred and be continuing, be automatically released from the lien of this Mortgage and Security Agreement without the necessity of any accounting to Mortgagee, and Mortgagee will execute such instruments of release thereof from the lien and security interest hereunder as Company may reasonably request.

For the purposes of this Section 4.02: the term "real estate" shall include any interest in real estate, any lease of real estate and any rents under any such lease; and the Omaha First Mortgage shall not be considered to be a Prior or Parity Mortgage.

### ARTICLE V CONSOLIDATION, MERGER, CONVEYANCE OR LEASE

SECTION 5.01. *Consolidation, Merger, Conveyance or Lease by Company.* Nothing in this Mortgage and Security Agreement shall prevent the consolidation of Company with, or the merger of Company into, any other corporation lawfully entitled to acquire the Mortgaged Property, or shall prevent any conveyance or lease, subject to the continuing lien of this Mortgage and Security Agreement, of all or substantially all of the Mortgaged Property to any such other corporation; provided however, that:

(a) Every such consolidation, merger, conveyance or lease shall be on such terms as shall fully preserve the lien and security interest of this Mortgage and Security Agreement and the rights and powers of Mortgagee hereunder.

(b) Any such lease shall be expressly made subject to immediate termination by Mortgagee, at any time upon the occurrence and during the continuance of an Event of Default.

(c) Upon any such consolidation, merger, conveyance or lease the successor corporation or the lessee corporation, as the case may be, shall expressly assume the due and punctual performance of all the terms, agreements and covenants of this Mortgage and Security Agreement and of the Financing Agreement and of any writing executed pursuant to the Financing Agreement required to be kept, preserved or performed by Company.

(d) In the event of any such consolidation, merger or conveyance, the successor corporation shall, subject to the exceptions provided in Section 5.02 hereof, expressly grant and convey, as further security for the payment and performance of the Secured Obligations, and shall subject to the lien and security interest of this Mortgage and Security Agreement, all of its property and

franchises then owned and which it may thereafter acquire of the character and kind which, under the terms of this Mortgage and Security Agreement, are required to be subjected to the lien and security interest hereof, all as fully as though such consolidation, merger or conveyance had not taken place and such property and franchises had been acquired by Company.

In the event of any such consolidation, merger or conveyance, the successor corporation shall cause to be executed and delivered to Mortgagee a supplemental indenture to this Mortgage and Security Agreement, confirming and evidencing the requirements of this Section 5.01, whereupon such successor corporation shall succeed to and be substituted for Company with the same force and effect as if such successor corporation had been named in and had executed this Mortgage and Security Agreement as the party of the first part hereto, and

570

may exercise every power, authority and right herein reserved to or conferred upon Company; provided, however, that in the event of any such conveyance, the corporation making such conveyance shall not be relieved of any liability under this Mortgage and Security Agreement.

For the purposes of this Article V, the term "conveyance" shall mean any sale, conveyance or transfer, and the term "successor corporation" shall mean the corporation resulting from any such consolidation, the corporation surviving any such merger, or the corporation to which any such conveyance shall be made.

SECTION 5.02. *Limitation of Lien on Property of Successor Corporation.* In the event there shall be a consolidation of Company with a corporation which immediately prior to such consolidation shall have been a Class I Carrier (as defined by the rules of the Interstate Commerce Commission in force on June 1, 1972) and not an Affiliate of Company (other than a New Carrier Affiliate of Company), or a merger of Company into, or a conveyance by Company of all or substantially all of the Mortgaged Property to, a corporation which immediately preceding such merger or conveyance shall have been a Class I Carrier (as so defined) and not an Affiliate of Company (other than a New

Carrier Affiliate of Company), the successor corporation may, but need not, make an express grant of its property and franchises as provided in subparagraph (d) of the first paragraph of Section 5.01 hereof, and in the absence of such express grant by such successor corporation, this Mortgage and Security Agreement shall not, by reason of such consolidation, merger or conveyance, constitute and become a lien upon or security interest in, and the term "Mortgaged Property" shall not include or comprise, the following:

(a) any property, right or franchise which, immediately prior to such consolidation, merger or conveyance, was owned by any corporation (other than Company) which is a party to such consolidation or merger or by the corporation to which Company may make such conveyance; or

(b) any property, right or franchise which may be purchased, constructed or otherwise acquired by such successor corporation after the date of such consolidation, merger or conveyance, excepting only the property, rights and franchises referred to in clauses (i) through (v) of the next following paragraph, which, as and when purchased, constructed or otherwise acquired by such successor corporation, shall be and become subject to the lien and security interest of this Mortgage and Security Agreement.

Any supplemental indenture provided for by Section 5.01 hereof which, by reason of the provisions of this Section 5.02, is not required to contain an express grant by the successor corporation of its property and franchises as provided in subparagraph (d) of the first paragraph of Section 5.01, shall in any event contain an express grant by such successor corporation, confirming the lien and security interest of this Mortgage and Security Agreement upon the Mortgaged Property in existence immediately prior to the consolidation, merger or conveyance, and subjecting to the lien and security interest of this Mortgage and Security Agreement, as fully as if such consolidation, merger or conveyance had not taken place and the same had been acquired by the original party of the first part hereto, the following property, rights and franchises

purchased, constructed or otherwise acquired by such successor corporation after the date of such consolidation, merger or conveyance:

(i) all property which shall be acquired with moneys from any fund under the North Western First Mortgage, the Great Western First Mortgage, the Great Western General Income Mortgage, the M. & St. L. Mortgage or Other Mortgages, or with cash at any time held under any such Mortgage by the Trustee thereunder, or in exchange for property released from the lien of any such Mortgage, and all property the acquisition or construction of which shall be made the basis for any withdrawal of cash under any provision of any such Mortgage;

(ii) all betterments, extensions, improvements and additions, of, to, upon or for the property, rights and franchises subject to the lien and security interest of this Mortgage and Security Agreement;

(iii) all repairs, renewals, replacements, substitutions and alterations of, to, upon or for the property, rights and franchises subject to the lien and security interest of this Mortgage and Security Agreement;

(iv) all property, rights and franchises appurtenant to any property subject to the lien and security interest of this Mortgage and Security Agreement; and

(v) an appropriate portion, properly identified so as to effectively create a lien and security interest hereunder, of all property (not covered by the preceding clauses (i) through (iv)) purchased,

571

constructed, or otherwise acquired after the date of such consolidation, merger or conveyance and which shall consist of equipment (whether or not transportation equipment), and additions, betterments and improvements thereto, inventory, accounts, contract rights, chattel paper and general intangibles, which appropriate portion shall be determined on the basis of the percentage of the revenues of the successor corporation which may be expected to be attributable to rights and franchises of the successor corporation subject to the lien and security interest of this Mortgage and

Security Agreement; and any final determination of such appropriate portion by the Interstate Commerce Commission or other federal governmental authority having jurisdiction of the consolidation, merger or conveyance shall be conclusive.

SECTION 5.03. *Merger into or Conveyance to Company.* Nothing contained in this Mortgage and Security Agreement shall prevent Company from merging into itself, or acquiring by conveyance all or any part of the property and franchises of, any other corporation, whether or not an Affiliate of Company.

In case Company shall acquire by any such merger or conveyance all or substantially all of the property of any other corporation which immediately prior to such merger or conveyance shall have been a Class I Carrier (as defined by the rules of the Interstate Commerce Commission in force on June 1, 1972) and not an Affiliate of Company (other than a New Carrier Affiliate of Company), this Mortgage and Security Agreement shall not, by reason of such merger or conveyance, constitute and become a lien upon or security interest in, and the term "Mortgaged Property" shall not include or comprise, the following:

(a) any property, right or franchise of such other corporation so acquired; and

(b) to the extent requested by Company, any property, right or franchise which may be purchased, constructed or otherwise acquired by Company after the date of such merger or conveyance and which, if such merger or conveyance had instead been a transaction whereunder Company merged into a successor corporation and such property, right or franchise were purchased, constructed or otherwise acquired by such successor corporation, would not have been required by the provisions of Section 5.02 hereof to be subjected to the lien and security interest of this Mortgage and Security Agreement; and

upon request of Company, Mortgagee will join in the execution and delivery of a supplemental indenture to this Mortgage and Security Agreement confirming and evidencing the foregoing.

## ARTICLE VI

### REMEDIES OF MORTGAGEE

SECTION 6.01. *Events of Default.* If one or more of the following events herein called "Events of Default" shall occur, that is to say:

(a) an event of default as defined in the Financing Agreement shall have occurred and either (1) as a result thereof Mortgagee makes any payment pursuant to Mortgagee's guarantee under the Financing Agreement or (2) Mortgagee's obligation under the Financing Agreement to make such payment shall terminate or shall have terminated; or

(b) in the absence of the occurrence of an event of default as defined in the Financing Agreement, default shall be made by Company in the observance, performance or payment of any Secured Obligations and such default shall continue for 90 days after notice setting forth such default and requiring the same to be remedied shall have been given to Company by Mortgagee; provided, however, that if such default is one which cannot be cured by Company within such 90 days, such period of 90 days shall be extended for such additional period during which Company is diligently seeking to cure such default;

then and in each and every such case, Mortgagee, personally or by its agents or attorneys, may, by notice to Company declare to be and become immediately due and owing by Company to Mortgagee, and thereupon there shall immediately become due and owing and payable to Mortgagee by Company, and Company agrees to pay forthwith to Mortgagee:

(i) in case of any Event of Default described in subparagraph (a) above, without affecting in any way the rights and remedies available to Mortgagee under the Financing Agreement, a sum

572

equal to the amount of any payment due Mortgagee by reason of such Event of Default; and

(ii) in case of any Event of Default described in subparagraph (b) above, a sum equal to the amount of damages suffered by Mortgagee as a result of the default by Company which shall have given rise to such Event of Default;

provided, however, that each Event of Default shall constitute an Event of Default only during such period of time during which an amount payable to Mortgagee with respect thereto remains unpaid.

SECTION 6.02. *Enforcement of Remedies.* So long as any Event of Default shall have occurred and be continuing, Mortgagee may from time to time, in its discretion, enforce and pursue any and all rights and remedies with respect to the Mortgaged Property or any part thereof (whether by foreclosure in judicial proceedings, sale with or without judicial proceedings, or otherwise) as may be available to it under applicable law. Any proceeds of any disposition by or on behalf of Mortgagee of the Mortgaged Property or any part thereof may be applied by it to the payment of expenses in connection with all or any part of the Mortgaged Property and disposition thereof, including reasonable attorneys fees and legal expenses, and any balance of such proceeds may be applied by Mortgagee, in such order of application as it may determine in its discretion, to the payment of all or any part of any sum then payable to Mortgagee under the provisions of Section 6.01 hereof, without relieving Company from any liability with respect to any portion of such sum remaining unpaid after such application.

SECTION 6.03. *No Waiver.* No failure or delay on the part of Mortgagee in the exercise of any right or remedy under or with respect to this Mortgage and Security Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any right or remedy preclude other or further exercise thereof or the exercise of any other right or remedy.
